After a short break in the town of Fossombrone, the road begins to twist up and through a river valley. We end our ride in historic Urbino, a thriving cultural centre and university town whose fairytale skyline is visible for miles around. The ride today is fairly challenging as we climb up and away from the coast, on undulating terrain and there is one main climb to Urbino at the end of the day. Our total cycling distance today is approximately 70 kilometres (total ascent 1050 metres).

Then taking the road via Camporeggiano, we pass through tobacco growing areas as we make our way towards the town of Umbertide. After a rest stop here we cycle to Spedalicchio and Sorbello, before descending to the shores of Lake Trasimeno located on the borders of Umbria and Tuscany. After a relaxing break on the shores of the lake at Castiglione del Lago, we climb up again away from the lake and cross into Tuscany. At the end of today's ride we enjoy a slow climb to our accommodation in Montepulciano. After check in, we include a local wine tasting. Here we enter an area known as Le Crete or the Tuscan Badlands for a fantastic ride past Asciano town, cycling along an extremely panoramic road which leads us to the magnificent city of Siena and our accommodation for the night. ## DAY 6 - Free day in Siena. Optional Chianti Classico cycling

Today is free to spend at your leisure. You may wish to explore the delights of Siena with its Gothic and Renaissance architecture and medieval alleyways, or there is the option of taking an unsupported and self-guided cycle ride to explore the beautiful Chianti region. This ride will pass through the wooded hills of Chianti Classico, visiting the towns of Gaiole, Radda and Castellina. The centre of Siena is traffic-free, making it ideal to wander around on foot, soaking up the many intriguing sights. The Piazza is also used for a horse race twice a year - the famous Palio, where horses and their riders hurtle at a fast pace around the square to the delight of the crowds. Siena was once a rival to Florence in its power and commerce and controlled the trade routes between France and Rome, as well as the southern Tuscan wool industry. Our optional total cycling distance today is approximately 65 kilometres (total ascent 950 metres).

Then leave Siena behind and ride in the direction of Rosia, climbing up and over the pretty Montagnola Senese hills. One of our main stops this morning is in the Merse Valley at the ruined abbey of San Galgano which dates back to the 13th century. From here a lovely road leads us through forest to the impressive town of Massa Marittima, perched high up with impressive wide reaching views down to the coast. A rapid and exhilarating descent from here brings us down to the Mediterranean coastline and Follonica, our final destination, where we can dip our feet in the sea and celebrate the achievement of crossing the breadth of Italy! Our total cycling distance today is approximately 95 kilometres (total ascent 810 metres).

## Budgeting and packing

### Optional activities

### Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require. General: Pack layers of clothes essentially for mild or hot weather depending on the time of the year, but remember a warm fleece if travelling at the start or end of the season as the weather can be changeable.

### Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

### Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

### Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

### Tipping

#### Explore leader

At your discretion you might also consider tipping your Tour Leader in appreciation of the efficiency and service you receive.

#### Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour.
