## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Tour starts in Arbus

The transfer from Cagliari Airport should take around 1.5hrs. Arrive and check into the agriturismo, our base for two nights located a few kilometres outside of Arbus town. Arbus is well known locally for the production of the l'Arburese knife and there is a museum in town dedicated to it for those interested. Alternatively you may just choose to relax at the agriturismo. No cycling today.

**Accommodation: Agriturismo Rocce Bianche** (or similar)

Standard Hotel

Single room available

Meals Provided: None

### DAY 2 - Cycle loop via Piscinas beach and abandoned ancient mine

After breakfast we spend some time getting comfortable with our bikes and making any necessary adjustments. The first ride starts with a panoramic road through a cork oak forest to Arbus, then we climb to the old mining village of Montevecchio where we have a guided tour (45mins) of the abandoned mine site. After the visit we continue cycling along a wild and scenic Mediterranean 'macchia' route, finally descending to the sea. Here a short deviation takes you to one of the most extended desert area of Europe - Piscinas beach. Later we cycle uphill through the almost abandoned mining village of Ingurtosu on our route back to Arbus (note that it is possible to request a van lift for final 4km steep section, thus avoiding 380metres of ascent). Our total cycling distance today is approximately 46 kilometres (1200 metres total accumulated ascent and descent).

## DAY 3 - Long descent to Portixeddu; ride past Sugar Loaf cliff to Nebida

Today's ride starts with a long winding downhill to Portixeddu, one of the favourite spots for local surfers. After a break for some good coffee you start climbing to Buggerru, where the Tour Leader will explain about a system of tunnels that were used to transfer minerals from the mines to the port. Further on we get some great views of the Pan di Zuccheru (Sugar Loaf) cliff and the Masua mines. Our ride ends in the village of Nebida where we spend the night. Our total cycling distance today is approximately 40 kilometres (930 metres total accumulated ascent and 1220 metres descent).

**Accommodation: Locanda l'Agusteri** (or similar)

Standard Hotel

Single room available

Meals Provided: Breakfast

## DAY 4 - Discover San Pietro Island and continue to Sant' Antioco Island. Carignano wine tasting

After breakfast we cycle for about 25 km to the port of Portovesme, where we take the ferry to the Island of San Pietro. Upon docking at Carloforte harbour you may soon start noticing the different accent the Carlofortini have - in fact they have Genoese roots and speak a different dialect from the rest of the Sardinians. It is here in the last week of May that Italy's last remaining 'tonnara' operates as a system of nets is used to catch the Tuna. They also have a culinary festival at the same time. After a short visit we take another ferry, this time to Calasetta, on Sant'Antioco Island - home to some excellent wines (from the local Carignano del Sulcis vine). The Sulcis region is known for the Carignano vine that can live with very little rainfall and is stunted by strong winds to no more than a foot high. Many local families still have a little vineyard to produce it and after a sip you know why they still make it! The last section of our ride is around 12km on the flat to Sant' Antioco town. We plan to make a stop to visit a small producer of Carignano for wine tasting. Our total cycling distance today is approximately 39 kilometres (400 metres total accumulated ascent and 540 metres descent).

**Accommodation: Hotel Moderno** (or similar)

Standard Hotel

## DAY 5 - Optional loop ride around Sant' Antioco Island

You can choose to kick back and relax today or take a cycle ride around the island. Our suggested route makes its way around the island, with stops at various inlets for a break or picnic. Other options include taking a fishing boat excursion or horse riding or just to relax on the beach. Our total cycling distance today is approximately 42 kilometres (480 metres total accumulated ascent and 460 metres descent) (optional).

**Accommodation: Hotel Moderno** (or similar)

Standard Hotel

Single room available

Meals Provided: Breakfast

## DAY 6 - Return to the main island and cycle to Teulada via Zuddas cave

We ride back to the main island of Sardinia this morning. The first stop on today's ride is at the village of Tratalias, with its Romanesque church dedicated to Santa Maria di Montserrat. After a stop at the village of Santadi (home of a famous winery where we plan to stop for a visit and wine-tasting) you pass by the stunning caves of Zuddas where you have the option to visit. Finally a ride along a quiet road leads you to Teulada, our final destination for today, famous for terracotta pipes and highly refined embroidery. Our total cycling distance today is approximately 48 kilometres (550 metres total accumulated ascent and 500 metres descent).

**Accommodation: Hotel Jasmine** (or similar)

Standard Hotel

Single room available

Meals Provided: Breakfast

## DAY 7 - Breathtaking Costa del Sud ride to Pula. Drive to Cagliari

Our final ride is a must for cyclists! The Costa del Sud is an incessant repetition of ups and downs with breath-taking views over the coast and the sea, with occasional watchtowers and beautiful inlets. There are several places to stop and swim in the crystal clear water. All good things come to an end and our final stop is in the lively town of Pula. At a site close to town you have the option to visit the archaeological site of Nora - an important port in Phoenician times where it is possible to admire some very well preserved Roman mosaics. We catch the local bus from Pula in the mid to late afternoon and the journey takes around 1 hour. It is a short walk from the bus station to our hotel in Cagliari. With such little time in this city you may choose to extend your stay beyond tonight. Our total cycling distance today is approximately 49 kilometres (630 metres total accumulated ascent and 670 metres descent).

## Budgeting and packing

### Optional activities

Zuddas Cave - 10 Euros Pula - Roman mosaics - 7.50 Euros

### Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require. General: Pack essentially for hot or mild weather depending on the time of the year plus some warmer clothes for colder nights. You may want to pack a swimsuit and towel, depending on the time of year, as there will be some opportunities to swim.

### Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into

the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike. Remember that you'll have to carry your own luggage so don't overload yourself.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

## Tipping

### Explore leader

At your discretion you might also consider tipping your Explore Leader in appreciation of the efficiency and service you receive.

### Local crew

Although entirely voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Explore Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour.
