Our standard, mid-range accommodation offers a good level of service, often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en suite facilities.

CYCLING GRADE:

Challenging

Longer and more demanding for cyclists who enjoy hilly terrain with some challenging ascents. The routes require a good level of fitness including some non-technical, off-road riding.

GROUP SIZE:

10 - 16

Maximum group size ranges from between 6 to 20 people, depending on the type of trip, the transport and accommodation used and activities included. We rarely have groups that are smaller than five or six people and the average is 12 people plus an Explore leader.

Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip Whitehaven

Whitehaven is a small, former mining town and port on the Irish Sea, on the western edge of the Lake District. This Georgian town was one of the first Post renaissance planned towns in the country. We meet up here at our hotel in Whitehaven, where you can familiarise yourself with your bike for the trip and make any necessary adjustments. We use 21 gear Ridgeback Meteor hybrid bikes which are ideally suited to the terrain and will provide maps and detailed route notes which means we can cycle at our own pace, either individually or with other group members. There will be a short introductory briefing this evening. Our Explore Leader will transfer the baggage and provide emergency vehicle back up and will meet us at various points during our days cycling. After dinner there'll be time for a drink with fellow riders and to discuss the challenge ahead!

Accommodation: The Chase Hotel (or similar)

Standard Hotel

Meals Provided: None

DAY 2 - Cycle through the Lake District

After breakfast we'll freewheel down to Whitehaven Harbour to perform the customary wheel dipping ceremony then leave the town heading east. We'll soon be travelling along a disused railway line heading towards the rolling green landscape of the Lake District, with stone walls and glorious views of the fells and tiny hamlets with tranquil Loweswater in the distance. Our first real test will come as we make the long climb up to the forested pass at Whinlatter. After 25 miles or so we will stop to grab a sandwich & slice of delicious homemade cake at the visitor centre café, before the fast descent down to Keswick. We'll spend the afternoon riding on more disused railways, back roads & quiet lanes, passing through quiet Cumbrian villages and hamlets. Our night stop is in Penrith a simple guesthouse close to the town centre. Tonight we'll head into town for a well-earned dinner and drinks. Our total cycling distance today is approximately 86 kilometres (total 1509 metres ascent and 1385 metres descent).

DAY 3 - Cross the Pennines by pedal power

After a good night's sleep and a full English breakfast to fuel us for today's ride, we head uphill and east out of town. The hill can be quite a challenge early on, but we soon get into our stride, climbing then descending to the River Eden and Langwathby. After about an hour and a half the scenery - and the gradient - changes as we start the climb to Hartside Pass. The road zigzags its way up the side of the hill to the summit at 580m (1903ft). Whilst not the steepest hill on the ride, it's a steady climb up the 3-4 miles to the cafe at the top - the highest in England - for a hot drink and a welcome slice of cake! Then it's a fast freewheel for several miles down towards the picturesque Pennine village of Garrigill. The pull out of Garrigill towards Nenthead is one of the most challenging of the route - let's not pretend it's anything other than tough! But it's over faster than you expect and we're in Nenthead before you know it with just one more big climb remaining for the day. After Nenthead we reach the highest point of the C2C route, crossing into Northumberland before another good descent, a short gradual climb and then a final descent into Allenheads. Tonight's accommodation is in dorm style rooms with shared facilities and there's a great pub a short way up the valley where we can enjoy a pint of real ale and something hearty and filling for dinner. Our total cycling distance today is approximately 54 kilometres (total 1428 metres ascent and 1173 metres descent).

Accommodation: Allenheads Lodge (or similar)

DAY 4 - Cycle to Tynemouth, trip ends Tynemouth

The final day's ride starts with another early morning steep climb as we leave the village and climb up through the head of the valley. The reward is open moorland views and the longest most enjoyable descent of the entire route towards Rookhope. After Rookhope comes - yes, you've guessed it - another climb followed by a good long descent. The ascent out of Stanhope takes the award for steepest climb but there's a great little cyclists cafe at the top - formerly the old miners railway station at the start of the 'Waskerley Way'. From here we follow the disused railway line across open moorland, over cattle grids and through numerous gates as we start to descend towards Consett. Skirting the old steel town we soon join another disused railway line now known as Derwent Walk which takes us all the way to the outskirts of Newcastle. The C2C signs take us round docks and over bridges as we approach the city alongside the Tyne, with the view of the bridges in the centre of the city beckoning us on. It's tempting to think Newcastle might be the end of the ride, but there's still another 12 miles to go! With the river on our right we weave our way through Wallsend and North Shields. Before passing a marina, and following the Tyne for the last few miles to the sea. There's one more very short hill before our final destination - the small bay at Tynemouth with the ruins of Tynemouth Castle and Priory on the headland above, and the end point of our Coast to Coast ride. There's a great feeling of real achievement as we reach the North Sea, and realise that we just crossed England by pedal power! Our journey ends here so we leave the bikes and take a short walk to Tynemouth metro station on the Tyne and Wear Metro system, from where it is a 30 minute journey into central Newcastle and the mainline rail station. Our total cycling distance today is approximately 85 kilometres (total 1093 metres ascent and 1476 metres descent).

Clothing

Light rainwear may be needed at any time of year, and a warm fleece/jacket is recommended for cooler evenings and nights. Other additions that you may find useful are tracksuit bottoms, cycle gloves, cycling shorts/trousers and a gel seat cover. Bring a towel for the night we stay in Allenheads.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage

20kg

Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent.

Tipping

Explore leader

At your discretion you might also consider tipping your Explore Leader in appreciation of the efficiency and service you receive.

Local crew

Although entirely voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.
