Climate

Cambodia is a hot and tropical country, being hottest in April and coolest in January (still high 20s). Although rainfall is at its maximum in October, Phnom Penh and Siem Reap receive very little rain compared to the coastal areas, and when it does rain it tends to be in the form of sporadic mid afternoon downpours. There is normally very little rain between December and March.

Luggage: On tour

Should consist of a main piece of baggage and a daypack. You may have to carry your baggage on and off boats so don't overload yourself. We recommend a soft bag or rucksack as there are some journeys where hard cases are impractical.

Equipment

A torch, water bottle, insect repellent and high factor sunscreen are all essential, as are good quality sunglasses and a lip salve with sun protection. Don't forget your swim wear.

Tipping

Explore leader

Tour Leader: At your discretion you might also consider tipping your Tour Leader in appreciation of the efficiency and service you receive.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour. Accordingly, you should allow US\$ 35.
