## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join trip in Krakow which we explore by foot

We check in to our hotel and have an orientation walk of the capital. Dating from the 13th century, Krakow is a picture-postcard city of narrow streets, grand buildings and al-fresco cafes. We visit Rynek Glowny, Europe's largest medieval square with its quirky town houses and historic buildings that surround the area including Sukiennice which is the most famous and is still in use today as a covered market. We also explore the delightful Old Town; a UNESCO World Heritage Site and the only major Polish district to escape the war unscathed. Overlooking all this is the fairy-tale Wawel Castle, where past kings and queens are buried and the home of many treasures that have been collected by the Polish monarchy. There is also the opportunity this evening to explore the former Jewish Kazimierz District, which was the Jewish Ghetto in World War II and the setting for the film Schindler's List. Nowadays this area is probably the most vibrant part of the city with unique cafes, bars and restaurants and it offers an interesting insight into how the Krakow Jews lived during the war years.

### DAY 2 - Drive to Tatranska Lomnica and snow shoe trip

We travel this morning on to Tatranska Lomnica in the High Tatras. This picturesque town is known for its skiing in winter and hiking and mountaineering in the summer and is located in the heart of the mountain range with stunning views of the Tatras Basin below. The Tatras Mountain range is strictly protected, and despite the area's popularity, the town still has many traditional wooden buildings and its alpine culture still strongly evident. On arrival, we'll enjoy a gentle walk around the town before donning our snowshoes for an introductory walk near Tatranska Lomnica. These trails provide the opportunity to enjoy the tranquil splendour of mountain scenery and beech trees that are covered in layers of blanketing snow. Snowshoeing is fairly easily mastered and we should need just a few minutes to feel confident enough to head off on our afternoon's exploration which lasts for around 2 ½ hours. Your Explore Leader will adjust the duration and distance to match the requirements of the group. Snowshoes and hiking poles are provided although it is worth bringing your own flask to take hot drinks along the way. Please note, the order of the itinerary may vary depending upon the weather conditions.

## DAY 3 - The challenge of the avalanche action exercise

Avalanche action awaits us today! We take a funicular up to a mountain village where we either walk a short distance to Rainerova or depending upon the weather, an hour's walk to Velka Studena dolina. During our walk, an unexpected event happens! You are challenged to find hidden objects under piles of snow - you will receive a special device to search for the object as well as shovels and detectors. All the families have to work together and act as a team to uncover what lies beneath! Hot refreshments are provided. The afternoon is free for optional activities including skiing and snowboarding in the Tatranska Lomnica area which has a range of slopes available to suit the beginner or intermediate skier.

## DAY 4 - Cross country skiing and night sledging

This morning we drive to Cerveny Klaster where we try out cross country skiing by the beautiful Dunajec River which runs through the Pieniny Mountains. The area has some of the most interesting geological structures and ecosystems in the country. The group may be divided according to physical activity level with the option to travel along a 2-4km pathway or continue with a local guide to Lesnica, which extends the distance to 9 km in total. The whole group meet at Lesnica for a typical Slovak lunch before driving back to Tatranska Lomnica where we can relax before trying out night sledging. We take a funicular train up the mountain to reach the start of the 2.6km sledge track which leads from Hrebienok down the mountain to Tatranska Lomnica.

A real treat waits for us in the evening - we experience a ride in a snowcat as we travel up to the mountain to the restaurant Pizza and Pasta Start which is located at the altitude of 1173m. The evening starts with a welcome drink in the Apres Ski bar in Tatranska Lomnica and then we travel by snowcat to our restaurant where we enjoy a five course gourmet dinner. The evening ends with the snow cat ride back down to Tatranska Lomnica.

## DAY 6 - Snowtubing, Funtools and cooking lesson

Today we try out a range of activities that are lots of fun. First, snowtubing - these are fast inflatable tubes that you sit on and enjoy the ride back down the ski slope. All you have to do is sit into a rubber wheel, tie yourself to a ski-tow, let yourself be pulled a few meters upwards and slide downhill. No experience is necessary and you enjoy five rides. We then try Funtools which is a bicycle with mini skis instead of wheels that you sit on to manoeuvre along the snow - a perfect activity for non-skiers. The afternoon is spent learning how to cook a traditional Slovakian dish involving all the family.
