Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip Bari airport; train to Lecce, explore Baroque city

Our holiday starts at the airport in Bari from where we'll take a train to Lecce. It's around a two hour journey so there's time to relax and observe the Puglian countryside along the way. Nicknamed the 'Florence of the South' because of its rich Baroque heritage, the city's palaces, churches and statues are made from local limestone. After arrival we will set out on foot on an orientation tour with the trip leader, taking in the Basilica di Santa Croce, Piazza del Duomo and the cathedral itself. The baroque Basilica di Santa Croce was built over two centuries and has a very richly decorated facade carved with figures and topped with a large rose window. In the city you'll also find a Roman amphitheatre, statue of Saint Oronzo, which is said to have healing powers and the Triumphal Arch, which is one of the three main gates into the old centre.

DAY 2 - Walking tour in Otranto: coastal hike to Porto Badisco

This morning we travel by local train to the coastal city of Otranto where we enjoy a walking tour including a visit to the cathedral to see the amazing 'tree of life' mosaic floor. We then set out on the first walk of the week, along the stunning coastline to Porto Badisco. Leaving through the maze of the narrow alleys of the old town we reach the new port from where the flat, gravel coastal path contours around a series of coves. Passing by several WWII bunkers we plan to make a short detour to an interesting Bauxite (quarry) lake, going slightly inland. Following the coast there may, time allowing, be the opportunity to stop for a dip in the crystal clear waters. We continue along the coast towards the Punta Palascia Lighthouse from which, on clear days, you can see the Albanian mountains across the Adriatic Sea. Punta Palascia lighthouse is the easternmost point of Italy and just 71 kilometres away from Albania. The settlement of Porto Badisco is situated on a beautiful inlet. Today's 14 kilometre walk is expected to take approximately five hours with a total ascent of 150 metres and descent of 120 metres.

DAY 3 - Continue coastal walk to Santa Cesarea Terme

Our hike today continues south along the coast following a shepherd's path and we will see the typical round, flat-topped, dry stone buildings where the shepherds used to sleep, known as 'Pagliari'. Leaving the coast, we then start climbing up to the inland plateau. After following narrow paths through the fields we come to a great picnic spot in a small pine forest offering shade on sunny days. Finally, we will descend to our night stop in the spa town of Santa Cesarea Terme where there are some great swimming spots to cool off and relax in the warmer months. There's also the option to enjoy a spa treatment. Today's 13 kilometre walk is expected to take approximately four hours with a total ascent of 130 metres and descent of 140 metres.

DAY 4 - Walk to Acquaviva; drive to Alberobello via Ostuni

Our walk today first climbs uphill then follows narrow paths inland through the fields to the ancient Messapian town of Castro, with its imposing high walls. The Messapii were an Indo-European people who settled in the heel of Italy, thought to have travelled over from the Balkan Peninsula around 2500 BC. There's time to explore the old town and maybe stop for lunch before descending to the port. We then continue along the coast to the end point of the hike, Acquaviva cove, a beautiful hidden inlet and a fantastic swimming spot where a fresh water spring comes out at sea level. In the afternoon we drive to Ostuni, a beautiful hilltop citadel surrounded by ancient city walls with white painted architecture and bright green and blue painted doors. The town's centrepiece is its cathedral in a late Gothic style. After time to wander through the maze of narrow streets filled with little restaurants and boutiques and soak up the atmosphere we continue on to the UNESCO World Heritage listed town of Alberobello. The town is famous for its unusual Trulli round houses with their white washed dry stone walls and pointed 'witches hat' tiled roofs. Trulli or Trullios as they're also known are either built singly or in groups of up to five which would have originally been occupied by a single family. Alberobello is a small town with a number of restaurants and shops and typically Italian bars can be found along the main street of Largo Martellotta. Today's 10 kilometre walk is expected to take approximately three-and-a-half hours with a total ascent of 170 metres and descent of 100 metres.

DAY 5 - Free day to explore the trulli, visit Bari or Monopoli

Today is free to explore more of Alberobello or make a trip further afield, perhaps to Bari, Monopoli or the Castellana Grottoes where an astonishing array of stalactites, stalagmites and fossils can be found in this underground grotto which started to form about 90 million years ago.

DAY 6 - Drive to Matera; walk through Matera's Sassi and Gorge

Today we drive to Matera just over the regional border in Basilicata. The town is impressively located on the side of a gorge eroded by the Gravina River and is famous for its ancient 'Sassi', a UNESCO-listed troglodyte quarter whose origins date back to the prehistoric era. In the 1950s the government of Italy forcibly relocated most of the population of the Sassi which it considered a slum. Today the quarter is regenerating with hotels and other businesses moving in. Our walk starts outside of the town and takes us along the gorge back to Matera. Today's 12 kilometre walk is expected to take approximately four hours with a total ascent of 130 m and a descent of 140 m.

Accommodation: Hotel Sassi (or similar)

DAY 7 - Circular walk by the Gorge with great views

Today we drive out of town to the other side of the gorge for a circular walk around the Belvedere di Timeo. Along the way we'll enjoy spectacular views back towards Matera. Returning to our hotel, the afternoon is free for exploring more of Matera at your own pace. Today's five kilometre walk is expected to take approximately two hours with a total ascent and descent both of 100 m.

Accommodation: Hotel Sassi (or similar)

DAY 8 - Drive to Bari airport where trip ends

This morning we transfer back to Bari airport (around one hour) where the holiday ends.

Budgeting and packing

Clothing

You will need light layers of clothing for walking during the day and a fleece and waterproof jacket for early mornings and evenings, and early/late season. A sunhat is essential and bring a swimming costume if you wish to bathe in the sea.

Footwear

We recommend you bring walking boots - leather or fabric are both fine. Some of the paths are a bit rocky underfoot and so you could twist an ankle if not wearing boots. Make sure that your boots are worn-in and comfortable before the start of the trip. Trainers are not recommended but you can take trainersandals for relaxing and other sightseeing. We recommend that you wear/carry your walking boots as hand luggage on the international flight: should your luggage be delayed, your well broken-in boots will be irreplaceable.

Luggage

20kg

Luggage: On tour

Take one main piece of luggage and a daypack Unfortunately it does occasionally happen that luggage does not always reach its destination on the same flight as its owner, or possibly it may be damaged in transit. If you are unlucky enough for this to occur, it is important that you file a PIR (Property Irregularity Report) with the airline before leaving the airport. This is essential when you come to make a claim either against the airline or from your travel insurance company.

Equipment

You should bring a 2 litre water bottle, sunhat, sunglasses and sunscreen. Trekking poles are also useful.

Tipping

Explore leader

Tour Leader: At your discretion you might also consider tipping your Tour Leader in appreciation of the efficiency and service you receive.
