## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join trip in Krakow, Poland

Our adventure begins in the charming city of Krakow, which was Poland's capital up until 1596. Later this afternoon our Explore Leader will take us on an orientation walking tour to familiarise us with the main sights. We'll discover Rynek Glowny, Europe's largest Medieval square, and see the grand architecture that the city is known for. We will wander down the narrow cobbled streets of the Old Town, a UNESCO World Heritage Site, and see its best known landmarks - the fairy-tale Wawel Castle and Wawel Cathedral, which watch over the city. If we have time, then we will also visit the second UNESCO World Heritage Site of the day, the Jewish Podgorze District. This was the Jewish Ghetto area during World War II and was the setting for the film 'Schindler's List'. You may choose to stop off here for dinner this evening in one of the traditional restaurants or grab a 'zapiekanka', an open faced toasted baguette sandwich, which is a popular local fast food option. In the city centre you will find numerous good Polish restaurants and the 'pierogi', Polish dumplings, are especially tasty. There are also many bars selling a range of local beers and of course a wide range of vodkas. Such as Chmiel, which is a basement bar beneath the forecourt of Wawel Castle, C.K. Browar, which is a popular micro-brewery or Starka Restaurant and Vodkas where you can try out an array of homemade flavoured vodkas.

### DAY 2 - Free day in Krakow; overnight train to Lviv, Ukraine

Today is free for you to explore more of Krakow. You may like to return to Wawel Castle and go inside to see the exquisite treasures collected by the monarchy of Poland over the years or perhaps you'll want to return to the Jewish District to visit the Old Synagogue, Schindler's Factory or Museum of Jewish Life, which provides a fascinating insight into the Krakow Jews and the war

years. A more unusual attraction in the city is the Rynek Underground, here you can go beneath the market square and explore the labyrinth of long forgotten chambers from the Middle Ages. For something else that is a bit out of the ordinary you may like to take a walk to Liban Quarry, which is one of the least visited spots around the city centre. Here you'll find an abandoned replica of the Nazi's Plaszow Labour Camp that was built for Steven Spielberg's film 'Schindler's List' in 1992. It was constructed from the original blueprints from the actual camp and the quarry is just a few hundred metres from where it was located. The inmates of Plaszow worked in this quarry and were sadly also murdered here. It's a 25 minute walk from Krakow's Jewish District to Podgorski Nowy Cemetery and from there you follow the south eastern wall of the graveyard and there is a walkway down to the site. Outside of the city you have the opportunity to join an excursion by train to visit the Wieliczka Salt Mines, which is yet another UNESCO World Heritage Site. At up to 300 metres underground you will see a 400 year old chapel, a subterranean salt lake and chambers large enough to hold the Eiffel Tower! The Chapel of Saint Kinga is the mines most spectacular feature and you'll no doubt be amazed by what can be sculpted from salt. Please note that there are 350 steps down into the mine at the beginning of the tour and then a further 450 on the route through the various corridors and 20 chambers visited. The temperature underground can be much cooler than on the surface, so be sure to bring a jumper. Alternatively you may choose to take the option to join a coach excursion to Oswiecim, the site of the Auschwitz-Birkenau concentration camp; an eerie and haunting place that drives home the terrible atrocities, which took place here during World War II. Later this evening we will drive to Krakow Railway Station and board the overnight train to Lviv, Ukraine. Our accommodation will be in four-berth compartments with bedding provided. You'll need to keep your passport handy for when we cross the border.

## DAY 3 - Walking tour of Lviv including the old quarter; afternoon free

Our train arrives this morning in the beautiful city of Lviv. On arrival we head to a local restaurant where we will have breakfast before taking a guided walking tour. We discover the history and stunning architecture of the old quarter and along the way we will see the old market square of Ploshcha Rynok, the ornately carved exterior of Boyim Chapel, the Dominican Church and Monastery and the Citadel Inn. The inn was originally built in 1850 as a circular red fort that during World War II became a Nazi concentration camp and was known as the 'Tower of Death', but today it is now remarkably been turned into a five star hotel! We'll also see the Old Rus Quarter of the city and the High Castle, which affords great views over the city below. Lviv is home to not just one, but three different cathedrals; there's the Latin Cathedral, Armenian Cathedral and Saint George's Cathedral and they all vary greatly in style. This afternoon will be free for you to discover more at your own pace. You might like to go back to some of the places we saw on our tour this morning and venture inside or perhaps to visit Lychakiv Cemetery. This burial ground is a protected historical monument and believe it or not is one of the most popular attractions to visit in the city. Established in 1786 by the Austro-Hungarians, there are grave markers here written in Ukrainian, Russian, German, Polish, Armenian and Latin, which show how the city's rulers have changed throughout its history. In amongst the elaborately carved tombs there are also communal graves for soldiers and freedom fighters and simple communist graves. Sadly during the Soviet era the graveyard was used as a dumping ground and only reopened in 2005 after being restored. Lviv is the perfect spot for relaxing. In amongst the cobbled streets with their pretty red roofed buildings and tucked away courtyards you will find a variety of good cafes, bars and restaurants. Ukraine also is well known for its dumplings, which are called 'varenyky' and come with a range of different fillings such as cabbage or cheese or sweeter varieties like cherry. One dining option is the Dim Legend Restaurant that is spread over seven small floors and a roof terrace and each floor is decorated with a different theme telling the city's history through the ages. Whilst in Ukraine you should try 'nastoyanka', which is a local liqueur made from honey and herbs and comes in a selection of fruit flavours and even horse radish!

## DAY 4 - Free day in Lviv; chance to join a chocolate making master class

Today is free for you to further explore this picturesque city. Lviv is well known for both its beer and chocolate, so today you may choose to visit the Brewery Museum or join a chocolate making masterclass. The Brewery Museum takes you on a journey through Ukraine and the World's beer making history and explains the differences. There will of course be the chance to try an assortment

of locally brewed beers too. Next to the museum is the Robert Doms Beer House, which is a large Medieval style beer hall and restaurant where you can sample more of the local brew and perhaps their speciality dish of pork ribs in beer marinade. At the chocolate making masterclass you can learn all about how chocolate is made and try your hand at making your own chocolate master pieces with advice from a professional chocolatier. Apparently chocolate has been produced in the city since the Middle Ages and in the 19th century it was exported to aristocracy throughout Europe. Today there is a huge variety of different flavoured chocolates, ice cream, milkshakes, cakes and more to tempt you.

## DAY 5 - Drive to Zhytomyr via the pretty town of Lutsk and the Tunnel of Love

This morning we will begin our drive to our overnight stop in Zhytomyr. Along the way we visit the town of Lutsk and our Explore Leader will take us on a walking tour of the main highlights. Competing with Lviv, on the beauty front, Lutsk is definitely worth exploring. The Soviet architecture of the modern town actually works here with its large squares and wide avenues, but of course the main attraction is the town's conserved historic centre. The maze of cobbled streets are lined with carved churches and town houses showcasing Lutsk's Polish, Russian and Lithuanian architectural history. Here we'll also see Lutsk's very well preserved 14th century castle. After spending a few hours here we will drive on to Klevan to visit the 'Tunnel of Love'. Along a three kilometre stretch of railway track leading to a factory the trees have all grown up around it forming a green corridor that has gained the name of the 'Tunnel of Love' due to the lovers that come here and make a wish for their future that is said to then come true. We drive on to Zhytomyr, where our Explore Leader will take us on an orientation tour. The city is in touch with its Soviet past with monuments to Lenin and Marx still in place and rickety old trolley bus rattling past war memorials. It lies on the banks of the Teterev River and is surrounded by rocky hills and dense ancient forests. It is an old city and it retains some of its older historic buildings.

## DAY 6 - Visit the fascinating Museum of Astronautics; walking tour Kiev

This morning before leaving Zhytomyr we will visit its most famous attraction, the Sergei Korolev Museum of Astronautics. Sergei Korolev was a scientist and engineer who helped founder the Soviet space and rocket programme and he was born here in Zhytomyr. The museum is in two sections, the first of which is a memorial to Sergei and tells the story of his life and work. The main section of the museum tracks the history of the cosmonautics development and it has a number of exhibits about space travel, including a capsule that was donated by NASA that has soil on it from where it landed on the moon. We then drive to Kiev, Ukraine's capital city, which is situated on the banks of the River Dnipro. This afternoon we will go on a guided walking tour of this ancient city, which has been inhabited for almost 2000 years and was once the capital of the Kievan Rus State, from which all later Russian states were descended. Although Ukrainian nationalism is stronger than ever, you will still hear Russian spoken here today. During our tour we will see the onion domed exterior of Santa Sophia Cathedral, the Golden Gate which was once the main entrance to the city, Saint Andrews Baroque Church and Mother Motherland, an over 100 metre high statue to honour the heroes of the Soviet Union.

## DAY 7 - Metro to the monasteries and catacombs at Lavra; free afternoon in Kiev

Today we will begin by taking the metro to Arsenalna, which is the deepest station in the world. We continue by metro to the Lavra Historical and Cultural Reserve and visit the remarkable 'Monastery of the Caves' founded in AD 1051, where the labyrinths provide all the natural conditions needed for mummification. We take a guided tour of the caves and Belfry Tower and have time in either the Museum of Miniatures or the Museum Of Historical Treasures and the Holy Trinity Church. This afternoon is free for you to further explore Kiev. A short distance from the Cultural Reserve you might like to visit the Museum of the Great Patriotic War, which is one of the largest museums in Ukraine and tells the story of the German-Soviet War in iconic and Brutalist style. It has over 300,000 items on display and the memorials here are spread over 25 acres. Or for something a little lighter, you may choose to take a relaxing boat trip along the Dnieper River or visit Mezhyhirya, which consists of a very large park and houses that all formerly belonged to President Viktor Yanukovich. After the revolution this park was opened to the public, so that now you can witness how luxurious his life was when he was in power. Outside the city you could join an excursion to Pirogov Open-Air Museum of Wooden Architecture, which is about 40 minutes' drive from the city. Set on the banks of Lake Myachino you will be able see a variety of old Russian wooden village houses, chapels and churches that have been preserved to display how the Russian people used to live.

You could visit the Chernobyl Museum where the exhibits are designed to teach us of the scope of the nuclear disaster and to ensure that the lessons learnt from this terrible accident aren't forgotten. Alternative you could go to the Pinchuk Art Centre that exhibits an ever changing selection of contemporary art from renowned international artists. ## DAY 9 - Free day in Kiev; night train to Minsk, Belarus

This morning our Explore Leader will be taking the new arrivals on an orientation tour of Kiev's main sights that you are welcome to join or alternatively you have the day free to use as you please. You could go shopping at the Bessarabsky Bazaar where you'll find a wide variety of delicious foods on sale or stroll down Sculpture Alley filled with brightly coloured contemporary sculpture by Avraam Miletsky. You might choose to travel by public transport out of the city centre to the Museum of Folk Architecture and Life of Ukraine or Pyrohiv as it's also known. At this open air ethnographical village you'll find over 300 example of architecture from throughout Ukraine including wooden windmills and also a selection of musical instruments, clothing and furniture. Later this evening we will transfer to Kiev Railway Station and board the overnight train to Minsk, Belarus. Our accommodation will be in

## DAY 10 - Walking tour of Minsk; chance to visit Stalin Line Military Museum

Our train arrives this morning in Belarus's capital city of Minsk. On arrival we head to a local restaurant where we have breakfast before taking a guided walking tour. Set on the banks of the Svislach River, the city was first settled by the Early East Slavs back in the 9th century AD. Trinity Suburb is one of oldest and most picturesque areas, which is perfect for strolling in, and Victory Square is the most famous part of the city and features a memorial to the fallen heroes of World War II. During our tour we will see the oldest building in the city, the Orthodox Cathedral of the Holy Spirit, the Catholic Cathedral, and Trinity Suburb before heading to the more modern part. Here we stroll down Independence Avenue and the Avenue Winners and see Minsk's unusual Central Library building. There'll be the option for you to go inside, as it's the tallest building in the city, it affords good views. This afternoon is free for you to further explore the city or you might like to join an excursion to the Stalin Line Open-Air Military Museum, which is a short drive from the city. The Stalin Line was a chain of fortified defences consisting of over 4,000 pill boxes that covered around 1,200 kilometres to form a barrier against the Germans during World War II. The idea behind the museum is to absorb the visitor into the history of the times and as well as displaying many of the pill boxes there is a range of military equipment dating from World War II up to the start of the 1990's. This evening you are free for dinner and popular dishes in Belarus include 'machanka' a hearty pork stew and 'draniki' which are thick potato pancakes. 'Krambambula' is a traditional Belarusian liquor, which is similar to mead and flavoured with spices and honey. At the Food Republic Restaurant Complex in Minsk's old town you'll find food shops and 10 different restaurants to choose from or there a number of Stolle Restaurants in the city, which are famous for their variety of savoury and sweet pies that you can either eat in or take away. Pie fillings include meat and egg, salmon, lemon, cabbage and many more.

## DAY 11 - Excursion to the beautiful UNESCO listed Nesvizh and Mir Castles

Today we drive out of the city and head for two of Belarus's best known attractions. Firstly we visit the impressive UNESCO World Heritage Site of Nesvizh Castle, which has been home to the Radswill Family for over 400 years. The fortresses construction began in 1584, but it's been extended and changed over the years and now features a mix of Renaissance, Baroque, Rococo, Classicism and Neo-Gothic architecture. The estate also contains the largest landscape gardens in Europe and a number of ornamental lakes. Next we drive on to the beautiful Mir Castle, which is also UNESCO listed. Creation of the fort began at the end of the 15th century and again a number of different architectural styles can be seen. The castle is one of the most splendid in Europe and was reopened to the public in 2010 after being extensively restored to its former glories. Later this afternoon we return to Minsk where you have the evening free.

## DAY 12 - Visit Hrodna en route to the Lithuanian spa town of Druskininkai

This morning we leave Minsk and start our journey towards the border with Lithuania. Along the way we will visit Hrodna, which is home to one of the largest Catholic populations in Belarus. The city is filled with a wonderful collection of Medieval and Baroque architecture, including the impressive Cathedral of Saint Francis Xavier and the unique Church of Saints Boris and Gleb; the only surviving example of Black Ruthenian architecture left in the area. Our Explore Leader will take us on a walking tour to see these sights and also the Corpus Christi Church, Choral Synagogue, German Lutheran Church, old and new castles and the Soviet area. Following our visit we drive on to Druskininkai where we have the rest of the day free. Druskininkai is a spa town on the Nemunas River in the south of Lithuania. It's been a popular spa resort since the 19th century and this afternoon you have the chance to visit the Druskininku Gydykla Spa where there are a number of mud and herbal baths and mineral water treatments available to try. Or you may prefer to enjoy one of the lakeside walks or hire a bike to discover more. The town is also home to a cable car and an aqua park where you can experience 20 different bath houses, which are each equipped according to different worldwide traditions, such as Russian and Japanese baths.

## DAY 13 - See old Soviet sculptures at Grutas Park; arrive in Vilnius

Today we begin our drive to Lithuania's capital city, Vilnius. Our first stop along the way is Grutas Park to see a selection of Soviet era sculptures and art that has been moved here following the collapse of the USSR. The sprawling grounds have been built to resemble a concentration camp including loud speakers playing out Soviet anthems and we will be able to see a number of both Stalin and Lenin statues here. There's also a Soviet style canteen where you can try traditional food from the era. Our next stop will be in Trakai where we can admire the view of the red brick Trakai Castle set on an island in Lake Galve. Trakai is the former capital of the Grand Duchy of Lithuania and this splendid castle dates back to the 14th century. Whilst here there'll be time for you to buy lunch at a Kibinai restaurant. Kibinai is a traditional type of Lithuania pasty which were created by the Karaites ethnic minority that made Trakai their home. They're very tasty and usually filled with mutton and onion. We drive on to Vilnius where we have the rest of the evening free to relax.

## DAY 14 - Walking tour of Vilnius; chance to visit the KGB Museum

The Catholic influence on Vilnius is very evident from the numerous baroque churches. By the turn of the last century, Vilnius also had an 80,000-strong Jewish community. However, at the end of World War II, it had been completely decimated. During our morning guided walking tour of the capital, we visit the ancient university founded by the Jesuits - a centre of the Counter Reformation and a source of Lithuanian culture. We also see the cathedral and Church of the Dawn. In the newer part of Vilnius lies the main shopping street with the opera, cafes and parliament building. We will visit the self-proclaimed Republic of Uzupis which is a unique bohemian and artistic district in the city. It's one of the oldest areas, dating back to the 16th century and used to be one of the poorest. During Soviet times it quickly gained notoriety as the roughest part of the city, but when Lithuania became independent again in 1991 the artists moved in and now it regularly hosts fashion festivals, poetry readings, art exhibits and concerts. Lastly we will take a short funicular ride up Castle Hill to admire the view. Whilst here you will have the opportunity to visit the Gediminas Castle Tower. This afternoon is free for you to relax and further explore the city or perhaps to visit the KGB Museum.

The museum is located in the former KGB Headquarters and features exhibits documenting the crimes that were planned and committed from this very spot during Soviet rule. The displays also show you how the Lithuanians fought back to re-claim their independence. You'll be able to see the inner prison cells and solitary confinement rooms that were kept hidden by the KGB offices that surround them. They have been preserved in the same condition as when the headquarters closed in 1991.

For the overnight train journey we will use sleeper carriages with four bunk beds with bedding provided (two beds on floor level and two above) per compartment and with a shared toilet and wash basin in each carriage. There are no shower facilities on board. Luggage is stored under the bottom bunk beds and above the cabin door for the top bunks. There is the possibility that you will be sharing with non-Explore clients in the same cabin. There is no air-conditioning on board and it's not always possible to open the windows, so we recommend light weight bed clothes. You can experience authentic rail travel with the local people and it's a great way of getting from place to place during the night, so you maximise on the amount of time you have in each city during the day to explore. Take snacks, drinks, toilet roll, hand sanitiser and an open mind with you for maximum enjoyment.

#### Booking a land only package with Explore

Customers who have chosen to book on the 'Land Only' arrangements of our tour, please ensure that you have checked your tour

specific 'Joining Instructions' prior to booking your own travel arrangements. Your joining instructions can be found below in the dates and prices information.

You may also be eligible for the Free Explore Transfer.

### **Joining Tour Abroad**

Customers booked on the 'Land Only' arrangements will now receive a Free Transfer, provided you arrive and depart on the tour only itinerary start and end dates. The transfers will be from the Explore designated airport or train station to the joining point of your tour, and then back from the ending point to the designated airport or train station. The exception to this rule is customers who are booked on a tour where the joining and ending point is at the designated airport or train station.

Free transfers are not available for Self-Guided, Tailormade or Tours for Churches customers.

If you are not eligible for the Free Transfer then you will need to make your own way through to the joining and ending point. On a majority of our tours Explore will be able to provide a private transfer at an additional cost. Please ask for a quote at the time of booking.

## **Insurance**

It is a condition of booking with Explore that you have adequate valid travel insurance. It is your responsibility to arrange appropriate travel insurance and ensure you have read and understood the full terms and conditions of your travel insurance policy to ensure that you are covered for all activities you intend to undertake whilst on the tour, including all optional activities. Your Insurance Policy must fully cover you for medical expenses and emergency repatriation to your home country. Please ensure your policy includes medical emergency helicopter evacuation in the event of illness or injury and covers the entire duration of your holiday. If you are trekking at altitude please ensure that there is no upper altitude limit which may limit or exclude cover for your trip. Medical and repatriation insurance cover is not mandatory for UK residents who are travelling on trips within the United Kingdom.

Our dedicated flights team will match the best flight options to your arrival and departure airport.

On our website we display a UK flight inclusive package guide price which is generally based on a London departure. To avoid paying supplements or to secure your preferred flight option, we recommend booking as early as possible, especially for peak travel dates.

## **Included activities**

This trip is designed to show you the highlights of four amazing countries in just two weeks. We will be using a range of public transport as well as charter buses to get around and will do most of our exploring on foot in each place visited.
