Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

## DAY 1 - Arrive Longyearbyen

Today we will be met at the airport in Longyearbyen and taken on a sightseeing tour to explore the remote outskirts and village of Longyearbyen, the capital of Spitsbergen. After our tour, we will be transferred to the port in the late afternoon and board our ship, the M/V Polar Pioneer. Our voyage commences, cruising out of the beautiful Isfjorden, escorted by gliding fulmars and perhaps the occasional puffin.

## DAY 2 - West Coast of Spitsbergen

Depending on conditions, we may cruise either north or south along the west coast of Spitsbergen, in search of the mighty polar bear. Along Spitsbergen's north coast we may explore places such as Woodfjorden and Leifdefjorden, where from our Zodiacs, we can enjoy magnificent views of sweeping glaciers tumbling into the sea. We may walk on smooth raised beach terraces to magnificent viewpoints, hike on flowering tundra where reindeer graze or visit trappers' huts of yesteryear - all the while remaining alert for wandering polar bears.

## DAY 3 - West Coast of Spitsbergen

We hope to enter the spectacular Hornsund Fjord in the south where we may take an early morning Zodiac cruise to admire the beautiful ice walls of the Samarin Glacier, or take a stroll beneath the towering seabird cliffs at Sofiebogen. In Bellsund Fjord we are always on the lookout for beluga whales. We may visit the remnants of a Norwegian beluga whaling station from the 1930's. Across the fjord at Våraolbukta is a lush and stunning landscape where reindeer roam, Arctic flowers bloom in abundance and Arctic fox may be seen patrolling the little auk colony, where several thousand birds nest amongst the boulders - coming and going in huge flocks. This is a beautiful place where we can stretch our legs before heading on a south-westerly course towards the East Greenland pack ice belt.

### Climate

Iceland has a cool and temperate climate and, despite its location just south of the Arctic Circle, its northerly latitude is counteracted by the warm waters of the North Atlantic Drift which encircles the island. Temperatures in winter can fluctuate between about 10°C and -10°C and precipitation in the form of rain, sleet or snow is to be expected at any time. Days will be short, with daylight often only guaranteed between about 11 am and 4 pm in December. The best time for seeing the Aurora Borealis is October to March. Summer is generally cool with average temperatures for June and July around 12 - 15 degree centigrade in Reykjavik, although is known to be warmer in other parts of the country. In June and July you can enjoy continuous daylight and see the Midnight Sun, whilst late spring and early autumn offer long twilights.

## Budgeting and packing

## Clothing

Parkas A complimentary parka is provided for you on board the ship and is yours to keep after the voyage. It has a comfortable wind-resistant inner jacket, which is detachable from the waterproof outer shell, and is designed to be worn over your essential base layers. Gloves Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath

warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost). Hat/Cap Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava. Trousers Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good. Socks Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet. Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship. Underclothing Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

## Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own. Also ensure you take good walking boots and trainers for relaxing.

## Luggage

20kg

## Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

## Equipment

There are no hairdryers aboard the Polar Pioneer. Sunglasses and sun cream Insect repellent Personal toiletries A refillable water bottle Books/reading material Camera and memory cards Seasickness remedy
