Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip in Ushuaia

Arrive in Ushuaia. If you are arriving in on the preferred flight times, you will be met by a representative and transferred to your downtown hotel. Upon arrival into Ushuaia City Airport (USH) please collect your luggage and look for a representative in the Arrivals Hall, holding a sign with your name on it. If you have booked your flights independently and are on the preferred flights, please make sure that you have advised us of your arrival flight details into Ushuaia, so that a transfer is booked for you. Be sure to keep all of your important documents - i.e. passport and travel insurance, and also your medication in your hand luggage, as your main luggage will be transferred separately to the hotel.

From our experience we have found that there are significant delays, especially in high season on flights from Buenos Aires to Ushuaia. We highly recommend booking your travel arrangements to arrive into Ushuaia earlier in the day.

There are no activities planned today. If your flight arrives earlier in the day, perhaps you might choose to explore the city, visit the Maritime Museum or join a tour to Tierra del Fuego National Park, which offers magnificent hiking opportunities.

DAY 2 - Embark the M/V Greg Mortimer

This morning, please ensure your luggage is taken down to hotel reception by 8 am. Your luggage will be collected from your hotel and transferred directly to port for clearance and delivered to your cabin ahead of your arrival on board. Please ensure that you keep any valuables or personal items with you throughout the day.

Once you have checked out of your hotel by 11 am, you will have free time before meeting back in the hotel lobby at 2pm to commence a tour of Ushuaia. Ushuaia, capital of Tierra del Fuego is located at the shores of the Beagle Channel and surrounded by the Martial Mountains giving you a unique landscape in Argentina, which is the combination of mountains, sea, glaciers and forests. On this half day introductory tour, you will visit La Mision neighbourhood, the old Government House, and the upper area of the city, which offers beautiful panoramic views of Ushuaia and the Beagle Channel. During the excursion you will see the antique houses that belonged to the first families settled in Ushuaia. The excursion ends with a visit to the Old Prison Museum before transferring to the pier for embarkation at approximately 4pm.

After embarkation, you'll have time to settle into your cabin before the important mandatory briefings. Gather on deck as the ship pulls away from Ushuaia, enjoying spectacular views over Ushuaia and Tierra del Fuego. This evening, you will have the opportunity to get to know your fellow expeditioners and friendly expedition team at a welcome dinner, celebrating the start of a thrilling adventure to Antarctica.

DAY 5 - Antarctic Peninsula

An overnight passage along Gerlache Strait delivers us to the stunning Antarctic Peninsula, an ethereal wonderland of vast proportions. Aboard robust Zodiacs, we explore penguin rookeries, historic sites and scientific stations, and cruise up close to intricately shaped icebergs and seals basking on ice floes. Kayakers paddle through narrow waterways, in search of wildlife and serenity. Stepping ashore on the continent itself creates an everlasting memory. Bubble-netting humpbacks deserve a wake-up call, even at midnight! A curious leopard seal cruising amongst spectacular icebergs may mean postponing lunch. Over the next eight days a host of choices are open to us and depending on ice and weather conditions, the western side of the Antarctic Peninsula is ours to explore. Our experienced expedition team, who have made countless journeys to this area, will use their expertise to design our voyage from day to day. This allows us to make the best use of the prevailing weather, ice conditions and wildlife opportunities.

landscape. The Peninsula has a remarkable history and during the voyage, we will learn more about the incredible expeditions to these remote areas and hopefully, you will enjoy the same sense of excitement as many of those early Explorers. During this voyage, we'll attempt to cross the invisible line of the Antarctic Circle at latitude 66°33' South - this is certainly a special highlight for all of us and we plan to celebrate with a toast on the deck. In order to reach the Antarctic Circle, our ship will motor south every night and during meal times or when we are not ashore exploring.

DAY 9 - Antarctic Peninsula

During our time in Antarctica, there are many exciting places we can choose to visit :

Paradise Harbour

A protected bay surrounded by magnificent peaks and breath-taking glaciers, the rocky cliffs provide a perfect nesting site for blue-eyed shags, terns and gulls. Paradise Harbour is also a haven for whales as we keep our eyes open for humpbacks, orcas and minkes, as well as crabeater seals, whilst we explore the bay in Zodiacs.

Half Moon Island

This wildlife-rich island is tucked into a neat bay at the eastern end of Livingston Island. On a clear day, the glaciers and mountains of Livingston Island dominate the vista. There is a large chinstrap penguin rookery tucked in between basaltic turrets, coloured by yellow and orange lichens. Gulls nest on these turrets and there are often fur seals and elephant seals hauled out on the pebble beaches. At one extremity of the island, there is a large colony of nesting blue-eyed shags. At the other end lies a small Argentine station that is sometimes occupied by scientists conducting research on the penguin colony and surrounding waterways.

Lemaire Channel

If ice conditions allow, standing on the bow of the Greg Mortimer quietly moving through the narrow Lemaire Channel, could be one of the highlights of your voyage. Cliffs tower 700 metres straight up out of the ocean on either side of the ship. The water can be so still, that perfect reflections are mirrored on the surface and it is clear to see why this Channel is also known as Kodak Alley. Gigantic icebergs may clog the channel, creating navigational challenges for our captain and crew; occasionally they may even obstruct our passage.

Port Lockroy

Located on Goudier Island, British Port Lockroy is an important site for both scientific research and visitors to the Antarctic continent. Designated a historic site in 1994 and opened to the Antarctic tourism industry in 1996, it was discovered in 1904 and used by the whaling industry in the first half of

the 1900's. It was also part of the British Operation Tabarin during World War II, and was later used as a British Research Station. Today, Pork Lockroy is manned by the UK Antarctic Heritage Trust and operates as a museum, gift shop and Post Office for visitors from passing Antarctic expeditions. You can even send a postcard home from the Penguin Post Office, the World's most southern Post Office!

Deception Island

Visiting Deception Island is like making a journey to the moon. We sail through the narrow opening of Neptune's Bellows to enter the flooded volcanic crater. The inside of the crater is an unworldly scene, virtually devoid of life. Glaciers flow down from the edge of the crater, littered with black volcanic ash.

We can explore the lifeless remains of a derelict whaling station and a vacant British base, or climb to the rim of the crater. Steam rises from the shore indicating that the water is actually warm enough for swimming, for those who dare. Outside the crater, if conditions allow, we might land at Bailey Head to explore the enormous chinstrap penguin rookery that featured in David Attenborough's Life in the Freezer series.

Neko Harbour

Located in Andvord Bay, Neko Harbour is an inlet home to Gentoo penguins and regularly welcomes Weddell seals. The scenery is dramatic - towering peaks and calving glaciers surround the harbour. The thundering crack of the glaciers as they calve, is sure to stop you in your tracks.

DAY 10 - Antarctic Peninsula

While ashore we aim to stretch our legs, wandering along pebbly beaches or perhaps up snow-covered ridgelines to vantage points with mountains towering overhead and ice-speckled oceans below. If you have chosen an optional activity, you'll have the option to do that whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting!

DAY 11 - Antarctic Peninsula

In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding. This is a great time to enjoy the observation lounge or make your way to the bridge for uninterrupted views of Antarctica in

all its splendour. Keep an ear out for the creak and deep rumble of glaciers as they carve their way from summit to sea, and take a quiet moment to experience the wonder of this incredible white continent.

DAY 12 - Antarctic Peninsula

Expect a Christmas like no other on this voyage. No matter where we are along the peninsula, we'll enjoy some festive landings before savouring a special festive feast with our fellow expeditioners. There is no doubt that wherever your final itinerary takes you, you will leave Antarctica rich in memories having visited somewhere so beautiful and remote, where only a privileged few have set foot.

DAY 13 - Drake Passage

As the Captain steers the ship north across the Drake Passage, we plot a course towards Ushuaia. You will have time to watch for seabirds, enjoy more entertaining talks and exchange photos and stories with

fellow passengers.

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 15 - Trip ends in Ushuaia

During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia. The trip ends after breakfast on board the ship. There are no activities planned today, so you are free to depart at any time after 12 pm. For those on morning flights, a transfer will take you directly to Ushuaia City Airport (USH). For those on later flights, you will be transferred to downtown Ushuaia and given time to explore the city, before continuing on to the airport in time for your flight.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Whilst landings are included in the cost of your trip as per the outline itinerary, some departures aboard the MV Greg Mortimer have additional optional excursions which can be pre-booked with the ship operator directly. These will be charged at an additional fee, depending on the excursion and we recommend booking these in advance to ensure availability. Please speak to a member of our Polar team who will advise you on the booking process.

Clothing

Parkas

You should look for a lightweight, roomy, wind and water-resistant parka with some insulation. Bright colors are more visible - and thus safer - in polar environments.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers

a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own.

Also ensure you take good walking boots and trainers for relaxing.

Luggage

15Kg

Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Please note that a 15kgs luggage weight limit is sporadically enforced on the internal flight to Ushuaia, occasionally charges may be levied against passengers taking luggage in excess of 15kgs.

Equipment

Sunglasses and sun cream

Insect repellent

Personal toiletries

A refillable water bottle

Books/reading material

Camera and memory cards

Seasickness remedy

Tipping

Local crew

Tipping is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction. The suggested amount is USD \$10 - 12 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline.

Argentina

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

You can choose to either change your money in advance or on arrival at the airport. Here you will find both ATMs and Bureau de Change. The exchange rate with the ARS is approximately ARS 57 to the British Pound, but do check for the most up to date rate prior to your trip.
