Arrive in Kayakoy; a peaceful farming community close to Fethiye and around 45 minutes\ drive from Dalaman Airport. The hotel tonight is set a quiet rural area. This evening there's the chance to sample hearty Turkish food such as pide - it's like a type of pizza, slow cooked lamb or a barbecued meat selection in the hotel restaurant. Perhaps relax beside the outdoor swimming pool, have a drink in the terrace bar or to take a stroll in the garden.

## DAY 2 - Visit ancient Xanthos; canoe down Xanthos River to Patara Beach

Leave Kayakoy this morning and drive to Xanthos, which was the capital of ancient Lycia and at one time the largest centre of commerce and religion in the region. It has had a turbulent past, falling to the Persians and then the Romans and on both occasions this sadly resulted in the mass suicide of the entire town's population.

In Byzantine times, the city walls were renovated and a monastery was added, but the city was finally deserted after Arab raids in the 8th century. Today it is a UNESCO World Heritage Site.

After exploring Xanthos, take to the water for a four hour canoeing trip down the Xanthos River to Patara Beach with a stop made for a riverside barbecue lunch along the way. Passing through the tranquil and unspoilt rural backwaters those with keen eyes can spot colourful kingfishers, egrets, grey and squacco herons and also terrapins on the riverbanks. Emerging at Patara Beach there is time to relax and swim. The 18 kilometres of golden sand is one of the longest beaches in Turkey and is a protected nesting area for giant loggerhead turtles. At its eastern edge there's also the ancient city of Patara. Once the principal port of ancient Lycia, and birthplace of the 4th century bishop of Myra, Saint Nicholas - better known as Father Christmas.

Arriving in Kas in the evening and check-in to the central located hotel for the next five nights. Conveniently situated just a few minutes' walk uphill from the centre of Kas, the hotel affords views down towards the harbour. It's equipped with an outdoor swimming pool with sun loungers, a poolside bar, a restaurant with terrace and Wi-Fi is available.

Kas is one of the most beautiful ports on the Turkish Riviera with a dramatic backdrop of steep limestone cliffs. It's a great place to relax, with cafes and restaurants spilling out onto cobbled streets and a network of tiny back-alleys to explore.

## DAY 3 - Hike in the beautiful west Taurus Mountains

Drive inland for around one hour to the start point of the Moderate graded hike in the spectacular west Taurus Mountains. Passing scattered villages and farmsteads and paying a visit to a local tea house en route, before climbing even higher, progressively pass pine, oak, and finally ancient juniper and cedar forests. The 12 kilometre trek goes from 1,500m along forest tracks, until rising above the tree line to enjoy a picnic lunch. Continuing on to the summit of Mount Bozkaya (Grey Rock) which at 2,050m high has commanding views over the surrounding peaks and valleys. After a well-deserved rest at the summit, the descent is via high pastures, perhaps meeting some nomadic shepherd families, before boarding the bus back to Kas. The walk today will take approximately four to six hours to complete. Once back in Kas perhaps try out a hamam for a traditional Turkish steam bath to relax after our walk.

#### **DAY 4 - Sea kayaking in Kekova Bay and visit to Simena Castle**

Making an early start today to enjoy sea kayaking in the tranquil and protected bay of Kekova before any other boats or kayakers take to the water. It's one of the most scenic areas in Lycia; a set of picturesque islands, bays and small ancient cities. It's also home to the so-called sunken city of Kekova, which is the result of various earthquakes that have partly submerged the streets and buildings, which are now visible in the crystal clear waters and there are even steps leading down into the depths of the bay. The time spent kayaking today will be around three hours.

We kayak to the picture-postcard village of Simena, whose harbour is dotted with ancient sarcophagi (tombs) and Roman baths and houses that cling to a hillside beneath a medieval castle. Hiking up to the castle, there's a tiny ancient theatre (the smallest in Lycia, with a seating capacity for about 300 people) within its walls. Carved from the solid rock, it is a wonderful place to sit and soak up the serene surroundings.

There's the opportunity to have a tasty lunch of meze and grills at a waterside restaurant, before taking to the waters again, paddling through a labyrinth of rocks, passing the shoreline necropolis of Teimiusa to reach Ucagiz. From here we drive back to Kas where the rest of the afternoon is free to relax and discover the town and its pebble beaches.

### **DAY 5 - Free day with the chance to visit the Greek island of Meis**

Today is left free for independent exploration. For those with a hankering for culture, Kas is built around the remains of ancient Antiphellos and there are ruins of a Hellenistic theatre, the monumental Lion Tomb and some hillside rock tombs scattered in and around the town.

For the adrenaline junkies there are a number of more active pursuits available including horse riding and also the sea around Kas is home to excellent diving locations that cater to all levels of expertise.

Alternatively, perhaps take the opportunity to join an excursion to the Greek island of Meis. The island is just 2.5 kilometres from the Turkish coast and yet more than 100 kilometres from Rhodes, its nearest Greek neighbour. Kastellorizo is an idyllic seafront town with colourful buildings lining the harbour where yachts and fishing boats dock. The surrounding hills are home to typical Greek whitewashed building with terracotta coloured roofs.

### **DAY 6 - Cycling in the foothills of the Taurus Mountains**

Driving the short distance to the start point for the bike ride in the foothills of the Taurus Mountains. Boarding mountain bikes to explore this picturesque region, both on and off-road. Cycle through cedar forests and sleepy villages that line the route through an area that has changed little for centuries. There's the opportunity to rest at a local coffee shop and enjoy a picnic in the forest. The route is primarily downhill, but there are some steep climbs to try. This cycling activity is graded as Moderate and is vehicle-supported, so riders can decide on their own level of exertion, but the aim is to cycle 30 kilometres, which takes around three hours. On the drive back to Kas, a stop is made en route for a swim at the famous cliff lined Kaputas Beach.

### **DAY 7 - Relaxing gulet boat trip of the bays around Kas**

After a leisurely start this morning, walk down to the harbour to board a private wooden gulet boat for a ride along Turkey's Turquoise Coast and a day of pure relaxation. The gulet is hand built in teak and pine, with a spacious and partly shaded foredeck and comfortable indoor and outdoor lounge areas. Cruising through the calm bays around Kas regular stops will be made for swimming and snorkelling in the clear and warm waters of the pleasant bays and rocky coves. While snorkelling, as well as seeing sea life, it may be possible to spot an ancient amphora (vase) lying on the seabed. In the early afternoon the crew cook up a delicious barbecue lunch.

Collecting the main luggage upon docking back in Kas and boarding the bus for the journey back to Kayakoy; which takes around one hour. The final night will be spent back at the hotel used on day one of

the trip.

This evening there will be the option to take a walk around the deserted Greek village of Kayakoy. Dominating the mountainside that overlooks the village, Kayakoy has fallen into ruin since the exodus of the Greeks in 1923. Today its ghostly buildings cast a strange profile against the sky.

Over the final dinner at the hotel there's the chance to recount all the fun had on this adventure packed week.

## Climate

Evenings and early mornings can be cool in the early and late season (before mid May and after early October). During the winter, temperatures usually hover between 0 and 10 degrees, but are usually wet, particularly around the coast. Summers are hot and dry with refreshing sea breezes and clear waters, great for boat trips. It is often cooler on higher ground and in the mountains and can be cold at night, even in the summer. The best time for walking in Turkey is Mid May, June and September, with pleasant temperatures and clear blue skies.

## **Clothing**

The long Turkish summer can be hot, though much of the Mediterranean coastline is freshened by sea breezes. In the spring and autumn, a warmer sweater or fleece is recommended for the evenings, as is lightweight rainwear and long trousers.

When visiting mosques, women should cover their head, shoulders and knees, so it's handy to pack a scarf or sarong. Men should also ensure their knees are covered.

## **Footwear**

Well broken in walking boots with good grip and ankle support, plus sandals or trainers for relaxing. Pair of shoes that can get wet but will stay on, are required for sea kayaking and canoeing e.g. trekking sandals. Plastic sandals are useful for protecting your feet against sea urchins on the rocks when swimming.

## **Luggage**

20kg

### **Luggage: On tour**

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

## **Equipment**

Kayak/canoe, paddle and life jacket will be provided.

For canoeing and sea kayaking the use of a life jacket is mandatory. Lifejackets will also be available on the gulet for anyone requiring one.

Walking/trekking:

Comfortable walking shoes will be required. Bring a small backpack to carry any essentials including a water bottle and snacks. A walking pole may also be handy as some terrain can be rocky and uneven underfoot.

Cycling:

Mountain bike, helmet, gloves and water bottle will be provided. For cycling the use of a helmet is mandatory. You may wish to bring cycling shorts. We strongly recommend that you bring your own helmet with you to ensure a perfect fit.

Snorkelling:

Scuba diving:

In order to take part in this optional activity you will need to bring your official diving certificate and dive logbook. Equipment is available to hire locally.

## **Included activities**

Kas is the ideal location to make the most out of exploring the town, relaxing at the hotel and participating in the wide variety of activities:

### Canoeing:

Canoeing down the Xanthos River is thoroughly enjoyable. After a safety briefing climb into the two-man canoes and begin the journey downstream to Patara Beach accompanied by the Explore Leader and a local canoe guide. The river winds gently towards the sea through lovely rural countryside. En route there's the opportunity to stop at a local mud bath. There's also a stop made on the riverbank for a barbecue lunch. The journey finishes just as the river widens and joins the sea at Patara Beach, where there is the opportunity to go swimming. This activity is suitable for beginners, but an ability to swim is nonetheless essential.

### Walking/trekking:

Walk through the stunning Taurus Mountain scenery and experience Turkish rural life. Travelling by minibus the ride up into the hills passes by pine and cedar forests, shaded woods, cool mountain streams and small local villages. Getting totally off the beaten track, the walk takes between four and six hours through this beautiful landscape. The walking route may vary slightly depending on the time of year, weather and make up of the group. En route a stop is made for a picnic lunch. There may also be the opportunity to stop for a glass of traditional Turkish tea. The trek is graded as Moderate and covers around 12 kilometres. This mountain walk ascends and descends from 1,500m to 2,050m. The terrain is mostly along a smooth track but it can be rocky and uneven in places.

### Sea kayaking:

Sea kayaking around the bay of Kekova is exhilarating and fun. The scenery is stunning and the water is the turquoise colour that gives the Turquoise Coast its name. After a safety briefing the double and single kayaks are launched for a practice, before paddling towards the rocky island of Kekova accompanied by our Explore Leader and a local kayak guide. Kayak beside the famous ruins of the sunken city of Kekova, to the small village of Simena overlooked by a medieval castle and on to Ucagiz, the pretty seaside village where the journey started from. In total the time spent kayaking for approximately three hours, but there's also a stop made with time for a swim, lunch in a local restaurant and a climb up to the castle. The activity is accompanied by a safety boat. Departure from the hotel is at around 6am, as it's best to get into the waters early so it's not crowded with other bigger vessels. A packed breakfast and coffee to go will be provided by the hotel. This activity is suitable for beginners, but an ability to swim is nonetheless essential.

### Cycling:

This is another day, spent almost completely off the beaten track. Taking a minibus and trailer with the bicycles on up into the foothills of the Taurus Mountains through the forested hillsides and rural villages. After a safety briefing and being acquainting with the mountain bikes that have front suspension, the cycling begins along small roads and some unmade tracks between small villages. The cycling is mainly downhill although there is the occasional steep uphill section. The aim is to cycle 30 kilometres, which takes about three hours. The route may vary slightly depending on the time of year, weather and make up of the group. A stop for a picnic lunch will be made and when the opportunity arises, a glass of Turkish tea in a tea house. A support vehicle travels with the group for the majority of the route. There are some sections of rough forest tracks, but difficult sections can be walked. This cycling activity is graded as Moderate and it's essential that you are able to ride a bike in order to participate.

Our local supplier reserves the right to adapt any activity to a safe level or length to suit the group dynamics.

## **Ability to swim**

An ability to swim is essential for your safe enjoyment of the water based activities on this trip. If you

wish to participate in these activities then we insist that you are able to swim.
