Full on paced trips are for travellers who like their holidays packed with activities and experiences, moving on quickly from place to place with lots of early starts and long, busy days. Some may find them tiring, but others get a buzz from packing their precious holiday-time as chock-a-block full of new experiences as possible!

#### GROUP SIZE:

## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join trip Port Elizabeth, on Safari in Addo Elephant Park

The trip starts today in Port Elizabeth, we will meet our Explore leader and fellow group members at the airport and then drive for an hour to reach Addo Elephant Park. Originally created to protect a single herd of endangered elephant, Addo is now one of the largest nature reserves in Southern Africa and the only one that claims to have the Big Seven! Along with the park's population of lion, elephant, rhino, leopard and buffalo; the Sundays river area, which is found within Addo's boundary has great white shark and southern right whale to complete its complement of the Big Seven. After checking into our forest cabin we will head out on safari in a converted minibus, which has modified windows to ensure good visibility for game viewing.

### DAY 2 - Day of Game Drives in Addo Elephant Park

We are up early this morning to get out on safari whilst it is still cool and the animals are at their most active before the heat of the day sets in. We will be in open sided safari jeeps for the full day with a ranger from the park. Addo has a varied landscape featuring forested woodland and large open spaces of grassland; the forest areas are visually attractive but the grassland ensures great wildlife viewing. We will hope to see lion lounging in the open spaces and there is a good chance of seeing herds of elephant marching between waterholes, led by their matriarch. For animal lovers looking to spot the more unusual beasts, Addo has the largest population of flightless dung beetle in the world and rarer antelope such as eland and kudu. We will stay just outside of the park this evening in a small lodge.

**Accommodation: Homestead** (or similar)

Standard Lodge

Single room available

Meals Provided: Breakfast

## DAY 3 - Head to the Amathole Mountain Range and take the Bluff Walk

After breakfast we drive northeast and make our way into the Amathole Mountain Range, as the road starts to climb we are surrounded by huge ancient forests and several peaks and escarpments loom in the distance. Our destination is Hogsback, a small town popular with artists, walkers, nature lovers and those wanting to escape South Africa's busy cities. The town has a feel of a quaint English village and we will spend two days here. We will check in and there is some free time to buy some lunch in one of the many cafes in town before taking a guided walk. We start off with the Bluff Walk, an easy walk through a large grass field which offers incredible views over the verdant Tyume Valley in the distance; whilst we walk we are constantly shadowed by the 'three hogs', part of the Amathole range and the reason for the name of the town. This walk will take us around 45 minutes as is on flat ground. After the Bluff Walk we will take the Military Path, a short walk into the indigenous forest that was used by British soldiers in colonial times. This walk should only take 40 - 50 minutes but does contain some inclines and uneven/rocky paths. We will then return to our lodge and there will be some free time to either take a self-guided walking trail or to explore the local labyrinth, which is a nearly a mile long and intricately designed.

## DAY 4 - Walk through forests to the Madonna and Child Falls

This morning we plan to stretch our legs with a walk through beautiful forests to several waterfalls. The Madonna and Child Falls is reached via a moderately steep downhill walk, via the Big Tree (an 800-year old Yellow wood). The route takes you through the indigenous Tyumie Forest and includes the Swallow Tail Falls and the Bridal Veil Falls. With a little bit of imagination, an outcrop of rock on the face of the falls helps to form the shape of the "Mother and Child" - hence the name of the falls.

The walk will take approximate 4 hours and we will take plenty of time to enjoy the surroundings as we go. There are various walks around the area and it is not unknown for trails to be closed at short notice by the Forestry Department. If this happens we will take an alternative walk. The afternoon is left free for you to relax or there is the chance to follow some shorter walking routes.

## DAY 5 - Drive to Kenton-on-Sea and take a Walking Tour around Ekuphumleni

After a leisurely start we leave the mountains behind and make our way to Kenton-on-Sea, a small town on the Indian Ocean sitting on a strip of land between two rivers - Bushmans and the Kariega. We will check in to our hotel before meeting a local guide from the Ekuphumleni Township who will take us on a walking tour of his area. Ekuphumleni is a district of Kenton-on-Sea which has suffered from immense poverty and the residents have not had the same opportunities as other people in the Kenton area; however there are now some local entrepreneurs who are championing their township. Our guide will walk us around the area, we will meet local people, step inside a shebeen - local pub and meet a Songoma - a traditional witch doctor. This tour is all about empowering local people and understanding more about how many South Africans are living their lives today.

## DAY 6 - Kayak Trip up the Kariega River, Bush Walk and Game Cruise looking for Wildlife

We leave our hotel this morning and walk for 6km to the mouth of the Kariega, the terrain is mostly flat but we will take a gentle pace around the town and expect the walk to take around two hours. When we reach the Kariega we will start our kayaking trip up river. There will be two people per kayak and we will paddle upstream for approximately two hours, at first we are surrounded by farmland but that quickly changes as the river meanders through green forested hills. It is unlikely we will see much game from the kayaks but we will certainly see a vast array of birds including African fish eagle and the vivid sunbird. Our destination is a camp on the banks of the river, consisting of some basic cottages with shared bathroom facilities; we will stay here for two nights. Upon arrival our guide will take us on a short walk in the bush around a private game reserve. Walking in the bush is one of the best ways to start to understand the local environment, hearing the sounds of birds and smelling the different plants as we slowly and quietly keep a look out for giraffe, wildebeest, springbok and impala. When we are back at camp and have had lunch we will join a cruise along the river up to Sibuya Game Reserve, from this boat trip it is common to see elephants, zebra and lion if we are very lucky. We arrive back at camp and dinner tonight will be a potjiekos, which is a kind of stew cooked over a fire in a cast iron pot; this is a very traditional meal to eat whilst out in the bush.

## DAY 7 - Kayak Trip and a Walk along the Coastline to Kwaihoek Rocks

We are up early this morning to get back into our kayaks and paddle downstream back to the mouth of the Kariega. From here we will walk along the beach to the mouth of Bushmans River, around an hour and a half at a gentle walk, with plenty of stops to sit on the rocky outcrops and enjoy the Indian Ocean views. From the river mouth we head inland up the Bushmans along a paved walkway until we reach the bridge to cross the river and walk back to the ocean. Our route takes us along the coastal path and past a long beach with golden sands until we reach the Kwaihoek Rocks, a large headland where we can eat our picnic lunch. From here we will return to Bushmans' river mouth where we will be picked up and drive back to our riverside bush camp. Depending on our arrival time there should be a chance for another bush walk and this evening we can sit around the fire and look at the starlit sky.

## DAY 8 - Mountain Bike Ride along Bushmans River Valley and Walk on the Dune Field

After a good breakfast at the Bush camp, we drive back to Kenton-on-Sea and leave for a 2 to 3 hour Mountain Bike ride. This is through the Bushmans River Valley and onto farm roads with off road tracks through the indigenous veld. This is not a technical ride and the only requirement is the ability to ride a bike, previous mountain biking experience is not necessary. The trip starts with a 5km downhill section and then on to 1km of gravel track before 10km of flat road along the Bushman River. The end of the ride is back up the river valley with a 5km uphill section. For those not fancying the incline it is possible to trailer your bikes with the support vehicle and hitch a ride back to the hotel. We have a picnic lunch today and then drive out to the Woody Cape Reserve for a walk on the Alexandria Dune Fields. This area is the largest coastal dune field in the southern hemisphere and we will take a 7km walk known as the Dassie Day trail. This walk will take us from coastal paths with spectacular views over Bird Island in the Indian Ocean to a huge indigenous forest found within Addo Elephant Park. It should take around 3 hours as we set a slow pace and have some inclines due to the sand dunes found here. After the walk we return to Kenton and there will be a braai this evening at the hotel, which will be at your own expense.

## DAY 9 - Big Five Safari in Amakhala Game Reserve and Conservation Talk at a Rhino Foundation

This morning we will be up at the crack of dawn as we drive to Amakhala Game Reserve for a game drive in open sided safari vehicles, searching for the Big Five. Amakhala Reserve is a huge conservation programme which was once a network of various farms that have now been returned to their natural bushveld and the area has been repopulated with wildlife indigenous to the region. After lunch we will have a conservation talk with the specialists at the Chipembere Rhino Foundation, an organisation that has been fighting rhino poaching in the area. We will learn about the work they are doing on the ground and hear some inspiring stories about saving this magnificent species. This evening we are staying in dormitory style accommodation in the reserve, with four people to a room.
