Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip at Naples airport; transfer to our agriturismo

Arriving at Naples Airport, the transfer to our base in San Lazzaro will take just over an hour. Here, we can look forward to settling in to our authentic agriturismo accommodation, with its rustically-furnished, en-suite rooms - our home for the next week. At 650 metres above sea level and located only a few metres from the cliffs, our base affords magnificent views of the Bay of Salerno and is peacefully situated a few miles away from the tourist thoroughfare. The family who run this working farm are our hosts for the week, producing their own wine, as well as much of the food that they serve us.

A light, cold supper will be served on arrival at the agriturismo.

ACCOMMODATION:
Agriturismo Luna d'Agerola (or similar)

Grade: Comfortable Agriturismo

SINGLE ROOM AVAILABLE

MEALS PROVIDED: DINNER

DAY 2 - Ridge walk with views of Mount Vesuvius

Setting off on foot from the farm this morning, we head up onto a ridge and gently ascend to a height of 900m. Continuing along the ridge, we pass through thick woodland and enjoy views of the Agerola Plain, Vesuvius and the Bay of Naples. Today's walk is circular and we descend to the small hamlet of Santa Maria before heading back to San Lazzaro, where the rest of the day is free to relax.

Today's walk is graded moderate, with the 11 kilometres expected to take approximately six hours with a total ascent and descent of 540m.

ACCOMMODATION:
Agriturismo Luna d'Agerola (or similar)

Grade: Comfortable Agriturismo

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 3 - Walk to Amalfi along the Ancient Republic's Path

This afternoon there will be the option of making our own pizzas for dinner. For those taking part we will spend a short time making pizza dough with the family after breakfast so that the dough can proof during the day. After this we once again commence our walk from the farm, following a path that leads through steep terraces towards the coast. This is an ancient pathway and, before the coastal road was built in the 19th century, this was the only way to get from Agerola to Amalfi. There are plenty of places to stop and admire the sea-views as we descend down a series of steps and meander through ancient alleyways. We arrive in Amalfi in time for lunch and have a free afternoon in which to explore this stunning harbour town. You may choose to look around the impressive Duomo di Sant Andrea (St Andrew's cathedral), with its remarkable baroque interior dating back to the 11th century. The beautifully restored ancient Roman basilica is another highlight. Alternatively, you might choose to relax in one of the many cafes or gelaterias, or look around the curio shops. If it's a hot day, a swim from the public beach might appeal - don't forget to pack your swimming costume and towel. We will head back to San Lazzaro by public bus late in the afternoon.

Today's six kilometre walk is graded as easy, with a total ascent of 90m and a 755m descent. We expect it to take us approximately two-and-a-half to three hours.

DAY 4 - Day Trip to Capri by boat

We take an early bus to catch the boat from Amalfi to Capri. Our ferry ride affords us impressive views of the Amalfi Coast; its clusters of buildings clinging spectacularly to the cliffs. Although only a small island measuring seven kilometres in length and three kilometres in width, Capri's magnificent 600 metre-high cliffs contribute to its imposing appearance. Capri has enjoyed coastal resort status since Roman times, but today's walk gets behind its glitzy facade of trendy boutiques and cool cafes. Exploring its network of winding streets, grand houses and kitchen gardens, our route takes us to the coast, past banks of beautiful bougainvillea and to the quieter parts of the island. Here we have superb views of the mainland and the magnificent limestone cliffs rising out of the Mediterranean. There will be time to enjoy the buzz of the main town, as well as a visit to Emperor Tiberius' palace and perhaps time to visit Villa Lysis, before heading back by boat to Amalfi to the mainland. At Amalfi, we take our private bus back to San Lazzaro.

Today's easy-graded walk will take approximately four hours, covering 10 kilometres, with a total of 400m ascent and descent. Please note that if the weather is deemed too rough, the ferry to Capri will not operate. Instead we will visit the beautiful hilltop town of Ravello and take a two-hour walk through pretty farmland to the coastal town of Minori. Alternatively, we will re-arrange the days so that we can visit Capri later in the week.

DAY 5 - Walk in the Ferriere Natural Park

Once again, today's walk sets off from our accommodation. We take an ancient limestone stairway above San Lazzaro which leads us high above the village. There are great views towards Salerno and the villages and towns below. Contouring round, we pass pretty woodlands and small valleys, before crossing into

the Vallone di Ferriere. Surrounded by high limestone cliffs, the valley has a unique micro-climate, creating a home for plants not normally found in this area. Our well-established path offers spectacular views of the valley and coast, passing small waterfalls and a pretty river. Descending to Amalfi, we take our private bus back to San Lazzaro.

This evening there's the option to enjoy a wine tasting in the beautiful wine cellar at the agriturismo. The wines will be accompanied by a feast of home-cooked food.

This moderately-graded walk will take approximately six hours, covering a distance of 13 kilometres with a total ascent of 360m and a total descent of 1015m.

DAY 6 - A free day to visit Pompeii and Vesuvius

Today is a free day to use as you wish. You may choose to relax at the farmhouse or take an optional day-trip to Pompeii. Devastated by a volcanic eruption in AD 79, Pompeii is hailed as one of Europe's most compelling archaeological sites, due to the unique way that the volcanic ash has perfectly preserved so much of the city. Walking around the paved streets and buildings of this UNESCO World Heritage site provides a fascinating, if ghostly, insight into Roman life. Looming above Pompeii is Mount Vesuvius. As well as providing the opportunity to peer down into its 200 metre deep crater, which most recently erupted in 1944, the panoramic view from its summit is spectacular. A trip to Pompeii and Vesuvius is organised locally, so you do not need to book it in advance.

DAY 7 - The 'Walk of the Gods' to Positano

Often a highlight of the trip, the Walk of the Gods is justifiably regarded as one of the greatest coastal walks in the world. The high cliff path contours west, with magnificent views of the Bay of Salerno and Capri. The trail passes under huge limestone cliffs and above picturesque stone farmhouses until it reaches the attractive village of Nocelle. From here, we descend down an ancient stairway, past pretty flower gardens, into Positano. A poor fishing village until the 1950s, Positano has grown into a chic town that is still a favourite with Hollywood stars. There is plenty of time to enjoy the town and beach before catching our private bus back to the Agriturismo for our final evening.

Today's moderately-graded walk will take approximately five hours and will cover a distance of 11 kilometres with a total ascent of 330m and 900 m descent.

Agriturismo Luna d'Agerola (or similar)

Grade: Comfortable Agriturismo

DAY 8 - Free day to visit Ravello; trip ends Naples Airport

Today you can spend the day at leisure or take part in an optional visit to the historic town of Ravello, which offers the chance to explore its glorious mix of Moorish flair and aristocratic excess. This tranquil spot, located high on a rocky promontory overlooking azure waters, has attracted artists and writers to its enchanting streets for generations. Later this afternoon we transfer back to San Lazzaro and then on to Naples Airport, where the trip ends.

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Vesuvius and Pompeii - Private return bus transfer €55 per person (payable to tour leader, arranged once on tour) plus entrance fees of €15 at Pompeii and €10 for Vesuvius. Please note that we normally need a minimum of 6 people to operate this excursion.

Amalfi - Papermill museum €3.50, Amalfi Duomo €3

Ravello - Private return bus transfer €42 per person (payable to tour leader, arranged once on tour) Villa Cimbrone €7, Villa Rufalo €5. Please note that we normally need a minimum of 5 people to operate this excursion.

Clothing

The following are essential: waterproof jacket, fleece jacket or jumper (the evenings can be cool), T-shirts, comfortable walking trousers, shorts, sunhat, sunglasses and high factor sun-cream. Between April and early October you should expect to live in T-shirts and shorts during the day, but please be aware that temperatures and the weather change quickly and it is much cooler at night. For around-town wear you may like to bring some slightly smarter clothes - the Italians dress well when they go out. There are opportunities to spend time at the beach, so bring a towel and swimming costume. From October to early

April it will be cooler during the day and from November to mid-March it can be cold. It is also quite likely to rain. You should come prepared for this and bring waterproof trousers and jackets, walking boots, warm clothes, woolly hat, gloves and scarves.

Footwear

We recommend you bring walking boots - leather or fabric are both fine. Some of the paths are a bit rocky underfoot and so you could twist an ankle if not wearing boots. Trainers are not recommended. Make sure that your boots are worn-in and comfortable before the start of the trip. We recommend that you wear/carry your walking boots as hand luggage on the international flight: should your luggage be delayed, your well broken-in boots will be irreplaceable.

Luggage

20kg

Luggage: On tour

One main piece of baggage and a waterproof day-sac (20-30 litres recommended). You just need to carry what you need for the day which may include a raincoat, jumper, camera, sun-cream, picnic lunch etc. On hot days you will carry fewer clothes but more drinking water.

Equipment

You will need a reusable water bottle (preferably 1-2 litres), and high factor sun cream. You may like to bring trekking poles, particularly as some of the descents can be long and a bit tough on the knees. It is a good idea to line your daypack with a good quality plastic bag - this will go a long way in protecting your gear from any rainstorms we encounter.

Tap water: is safe to drink in most places but water sources along the trail are non-existent. We encourage our clients not to buy mineral water because of the negative environmental impact with plastic bottles.

Please be advised In May 2019 the Municipality of Capri introduced a law forbidding the use of any disposable plastic objects such as bags, cutlery, plates, cups, food packaging, trays, straws on the island of Capri. Violations can incur a fine of up to 500 euros.

Energy snacks including chocolate and sweets are recommended whilst on trek as well as a lunch box/Tupperware for picnic lunches.

Accommodation notes

Our base for the week, Luna d'Agerola (Agerola's moon), is a small family-run organic Agriturismo (farm guesthouse) set close to the cliffs overlooking the sparkling waters of the Amalfi Coast. Unlike staying in a hotel, you will stay with the family, as their guest, and have the opportunity to learn about the workings of the farm. You will see how the family works together in harmony with nature to produce organic vegetables, to tend their animals, harvest the grapes for their wine and olives for their oil. You will also have the opportunity to make and eat your own pizza, fresh goat's cheese and even limoncello.

Ferdinando will serve you authentic local Italian dishes freshly prepared by his sister Giovanna, you will see Valentino tend to his bees whilst Pasquale and his daughter Martina will introduce you to the delights of their home-grown, rather splendid organic wine which you can taste in their own stunning wine cellar. It is a wonderful opportunity to see how 3 generations of one family, from 88 year old 'Mama' Maria down to 11 year old Giuseppe work as a team and a family.

The Agriturismo is just a three minutes' walk from the small village of San Lazzaro, which has a few bars, two mini-markets and a couple of small restaurants. This small intimate farm-stay has just 13 simple yet beautiful rooms, all with private bathrooms and either a balcony, terrace or window views towards the sea. There's a lovely terrace where you can relax after your days walk and quiet room where you can use the WiFi internet connection at no extra charge. The kitchen can cater well for vegetarians and gluten free diets. If you require a gluten-free diet, you must inform us before you go.

The word Agriturismo refers to farms in Italy only; it is a combination of the Italian words agricoltura (agriculture) and turismo (tourism). An Agriturismo is a farm designed to also receive guests, whether as a

restaurant, holiday accommodation, or both. It is a very sustainable form of tourism. Since developing their farm from a simple small holding to holiday accommodation and a beautiful restaurant this generation of the Acampora family have now secured stability for their future generations.
