Arrive into Ushuaia, the southernmost city in the world. If you arrive in on this day, you will be transferred to your hotel and will have the evening at leisure to explore Ushuaia. The city has 40,000 inhabitants and is a major ski resort area for both alpine and cross-country skiers. It also offers magnificent hiking options in the nearby 'Parque Nacional Tierra del Fuego' - the only coastal national park in Argentina.

The evening is spent on board the ship watching the sunset over the Beagle Channel.

On the first day onboard, your Expedition Leader will give you an expedition overview. Due to ice and weather conditions, there is a certain amount of flexibility built into the itinerary and on occasion, it may be necessary or desirable to make alterations.

DAY 3 - The Drake Passage

Our adventure begins with a 400 mile crossing of the passage that bears the name of the 16th century English explorer Sir Francis Drake. The M Expedition is at home in this part of the Southern Ocean, known for the unimpeded fetch of the winds that encircle the Antarctic. At some point on the second day we cross the Antarctic Convergence, a meeting of cold polar water flowing north and warmer equatorial water moving in the opposite direction. This mixing pushes nutrient rich waters to the surface attracting a variety of seabirds, whales and other species.

ACCOMMODATION:
Expedition (or similar)

Grade: Premium Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 4 - The Drake Passage

As we make the passage, you have time to become acquainted with the ship and frequent the common

areas that include the lounge, dining hall, library and lecture hall where we meet our guides, ship's crew and expedition staff. We also begin the lecture and information sessions to learn the extraordinary human and natural history of the Antarctic region.

DAY 5 - Antarctic Peninsula & the South Shetland Islands

This is what we've all been waiting for - a chance to step foot on the Great White Continent! Over the next four days we will navigate southwards making stops in the South Shetland Islands then through the Bransfield Strait and to the Antarctic Peninsula. Our goal is to attempt two excursions per day, while we navigate through the area, but our itinerary and daily schedule will be based on the local weather and ice conditions that we encounter.

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 8 - Antarctic Peninsula

The Peninsula also has a remarkable history and, during the voyage, we will learn about some of the most important and dramatic expeditions to this remote corner of the world. Keeping a lookout from the Bridge or the deck of the ship, as we thread our way along the continent, you'll feel the same sense of excitement as many of those early Explorers. The continent itself is roughly circular with a spindly arm, called the Antarctic Peninsula, reaching northwards towards Tierra del Fuego. South America is the nearest landmass, some 600 miles away. Antarctica is a continent of superlatives. It is the coldest, windiest, iciest and highest of all the major landmasses in the world. It is the continent with the longest nights and the longest days and it is home to the world's greatest concentration of wildlife. It is also one of the last true wilderness areas left on earth - largely unchanged since the early Explorers and Whalers first landed on its inhospitable shores less than two centuries ago.

DAY 9 - The Drake Passage

Today we leave Antarctica and head north across the Drake Passage.

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 11 - Ushuaia

And so our adventure comes to a close. We'll say our goodbyes as we disembark in Ushuaia in the morning, after breakfast on board the ship. If you are departing Ushuaia on this day, you will be transferred to the airport for your onward flight.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

To add to your polar adventure, take to a kayak for an eye-to-eye view with seals and whales or camp in some of the most remote and beautiful places on earth.

Kayaking is available as an optional excursion on our Antarctica trips from GBP 719 per person.

Camping is available as an optional excursion on our Antarctica trips from GBP 249 per person.

You must book prior to travel and space is limited - so book early to secure your place! Please speak to one of our polar experts to request availability. Please note, camping is not available on the 13th March departure.

Clothing

Dress on board is informal. Pack comfortable, casual clothing for all activities. Wind and waterproof outer layers are essential, and the most important piece of clothing you will bring is a parka. Beware of tight clothing that leaves no room for trapped air, which is an excellent insulator. Wool, silk and some of the new synthetic fibres, like polar fleece, retain heat better than cotton.

Parkas

This will be provided by the ship operator. Please register your size with us before travel and we will arrange for your parka to be available in your cabin on arrival.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing

Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Complimentary, used waterproof boots will be supplied onboard. However, guests might want to bring their own if they are the following sizes due to the limited quantities onboard:

- men's UK size 12 & 13 1/2
- women's UK size below three & seven and above

Guests must bring their own if they are:

- men's UK size six 1/2 or smaller
- men's UK size 13 1/2 or larger
- women's UK size two or smaller
- women's UK size nine 1/2 or larger

These are rubber, waterproof boots that are just below your knees with a strong, ridged non-skid sole. You usually have to step from the Zodiac into icy water up to 30 cm high on most landings. Do not bring heavy, cumbersome boots that make it difficult to walk or boots with metal cleats as they cannot be used for landings. For maximum warmth, wear loose-fitting boots and two pairs of socks. Try out your boots before the voyage.

Luggage

15Kg

Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Please note that a 15kgs luggage weight limit is sporadically enforced on the internal flight to Ushuaia, occasionally charges may be levied against passengers taking luggage in excess of 15kgs.

The money is collected by the Hotel Manager at the end of the voyage and distributed among the crew and Expedition Staff. The Officers choose not to participate in the tipping pool.

Transport, Accommodation & Meals

Transport Information

Expedition, Zodiac

Ship description

At a nimble 105 metres (345 ft) in length, with a capacity to hold 132 guests, the Expedition is an ideal vessel to ply polar waters. The ship is large enough to provide stability, speed, spacious cabins and ample public space, but small enough to manoeuvre in remote areas and get you close to the action. Ship stabilisers ensure a smooth ride in rough waters, such as the infamous Drake Passage, allowing you to enjoy more of your time at sea. A fleet of ten zodiacs allows passengers to get out and actively explore the remote shores of our destinations. The Expedition is a speedy vessel. A top speed of 16 knots means you'll spend less time getting from A to B, and more time to explore your surroundings.

Cabins

The lead-in prices on our website are based on outward facing, category one cabins on the lower deck. Category one cabins are triple or quad share. They are comfortable with a private toilet and shower, and porthole. The Expedition has a number of different cabin categories, ranging from quads, twins and suites - all are outside facing, with two beds (apart from the suites which have queen size beds). Some cabins have larger windows, depending on your cabin grade. We can also offer single occupancy at a supplement which will be subject to availability at the time of booking. A full layout of the deck plan can be found under the Polar Ships section on our website. Your confirmed cabin type will appear on your Booking Confirmation which will be sent on receipt of your deposit payment.

Ship dining

Onboard our expedition ship you'll find a diversity of gourmet international cuisines prepared and catered by professional chefs; all meals are included in the price of your expedition. Dining is casual, tables are unassigned and the dining room is capable of seating the entire passenger compliment at one time. There is always a selection of different meals available, and vegetarians will find plenty of options. Special dietary requirements can be accommodated with advance notice; please advise us at time of confirmation. Coffee, tea and water are all provided free of charge. All other beverages, alcoholic and non-alcoholic, are not included and can be purchased in the dining room, pub or in the lounge.
