Greenland

Climate

Greenland has an Arctic climate with average temperatures in the North that do not exceed 10° C in the warmest summer months. In the southern part of the country and the innermost parts of the long fjords, the temperature can, however, rise to more than 20° C (68° F) in June, July and August.

Iceland

Climate

Iceland has a cool and temperate climate and, despite its location just south of the Arctic Circle, its northerly latitude is counteracted by the warm waters of the North Atlantic Drift which encircles the island. Temperatures in winter can fluctuate between about 10°C and -10°C and precipitation in the form of rain, sleet or snow is to be expected at any time. Days will be short, with daylight often only guaranteed between about 11 am and 4 pm in December. The best time for seeing the Aurora Borealis is October to March. Summer is generally cool with average temperatures for June and July around 12 - 15 degree centigrade in Reykjavik, although is known to be warmer in other parts of the country. In June and July you can enjoy continuous daylight and see the Midnight Sun, whilst late spring and early autumn offer long twilights.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Whilst landings are included in the cost of your trip as per the outline itinerary, some departures aboard the Polar Pioneer have additional optional excursions which can be pre-booked with the ship operator directly. These will be charged at an additional fee, depending on the excursion and we recommend booking these in advance, to ensure availability. Please speak to a member of our Polar team who will advise you on the booking process.

Clothing

Parkas

A complimentary parka is provided for you on board the ship and is yours to keep after the voyage. It has a comfortable wind-resistant inner jacket, which is detachable from the waterproof outer shell, and is designed to be worn over your essential base layers.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are

also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own.

Also ensure you take good walking boots and trainers for relaxing.

Luggage

20kg

Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.
