The highlands enjoy dry sunny days but extremely cold nights so thermal underwear, a well insulated fleece/jacket and a thick sweater are essential. Bring something warm to sleep in. Lightweight raingear is essential at any time of the year. Bring a swimming costume for the thermal baths at Aguas Calientes.

Footwear

Comfortable lightweight trail boots, trainers and sandals.

Luggage

20kg

Luggage: On tour

One main piece of luggage, a daypack plus one small bag for your nights on Isla Del Sol and the overnight in Aguas Calientes where you will leave your main luggage in storage.

In Aguas Calientes your main bags will be left in storage in your hotel in the Sacred Valley, and will be transported to meet you when you arrive in Cusco. On Isla del Sol, your main bags will be transported by mules so you only have to carry daypacks.

Remember, you are expected to carry your own luggage (i.e. on and off transport etc.) so don't overload yourself. It is recommended you bring lockable bags.

Equipment

A sunhat and sunglasses are advisable as is high factor sunscreen and lipsalve with sun protection, due to the thinness of the atmosphere. A torch is also useful in case of power cuts or emergencies. Don't forget your camera and a towel. Please note drones are prohibited in most tourist areas in Peru.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow US\$ 80 (approx. 270 Soles) for group tipping

For all non-included services and meals on your trip please tip independently at your discretion.

Flight information

Flight Information

You are able to book this tour on a 'land only' basis or as a 'flight inclusive' package. Your flight inclusive package will be fully protected by the Civil Aviation Authority (CAA) ATOL protection scheme.

Booking a flight inclusive package with Explore

We have a good selection of flights not only from London but from many regional airports around the UK allowing us to compare fares between scheduled carriers as well as low cost and charter airlines. Our dedicated flights team will match the best flight options to your arrival and departure airport.

On our website we display a UK flight inclusive package guide price which is generally based on a London departure. To avoid paying supplements or to secure your preferred flight option, we recommend booking as early as possible, especially for peak travel dates.

Altitude information

We have specifically designed this itinerary to allow you to acclimatise gradually against the symptoms of altitude sickness, a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. At altitudes of over 3000m, minor symptoms such as headaches and shortness of breath are commonly experienced for a day or two, and there is no preparation that you can do for this. Symptoms aren't related to general fitness. The best remedy is to rest, not ascend any further and ensure that you're well hydrated. If the symptoms persevere or get worse, then the main course of action is immediate descent.

If any symptoms do occur - whether minor or more severe - then you should let your Explore Leader know immediately.

As this tour reaches altitudes of over 4000 metres, we strongly recommend that travellers with heart or lung conditions, anaemia, asthma, high blood pressure or on the pill should seek the advice of their GP.

Please also ensure that your insurance policy covers you to the maximum altitude of 4650m.
