## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join trip in Vilnius, Lithuania

Arrive in Vilnius, Lithuania's capital city, where you can get a first taste of the city's vibrant cafe and restaurant scene.

For those arriving on time our Leader plans to meet you in the hotel reception at 7pm for the welcome meeting and for those that wish, there is the chance to go out for dinner. There are no other activities planned today, so you are free to arrive in Vilnius at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive into Vilnius International Airport (VNO), which is about 10 minutes' drive. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, perhaps you might choose to explore the compact old town area on foot.

The majority of visitors to the Baltic States will be surprised by the quality, variety and value of food and drink on offer. The majority is locally sourced and part of the regions heritage is being able to forage for food and make local brews. Walking through the forests you will see locals passing the time picking mushrooms and gathering berries. There are a lot of traditional restaurants, with influences from Germany and Russia. There's a wide variety on the menu including soups, casseroles, salads, meat and fish dishes. Beer is locally brewed and you can find light and dark beers, filtered or unfiltered all for a reasonable price. You can also find flavoured wines such as raspberry and cherry wine and each country has its own herbal liquor which is a popular after dinner tittle.

### **DAY 2 - Walking tour of Vilnius and visit to the KGB Museum**

The Catholic influence on Vilnius is very evident from the numerous Baroque churches. By the turn of the last century, Vilnius also had an 80,000-strong Jewish community. However, by the end of World War II, it had been completely decimated. During our morning orientation walking tour of the capital, we'll visit the ancient university founded by the Jesuits - a centre of the Counter Reformation and a source of Lithuanian culture. We'll also see the cathedral and Church of the Dawn. In the newer part of Vilnius lies the main shopping street with the opera house, parliament building and a number of cafes.

This afternoon we'll visit the KGB Museum, which is located in the former KGB Headquarters and has exhibits documenting the crimes that were planned and committed from this very spot during Soviet rule. The displays show how the Lithuanians fought back to re-claim their independence and we'll be able to see the inner prison cell that has been preserved in the same condition as when the headquarters closed in 1991.

### **DAY 3 - Drive to Pakruojis Manor via Trakai Castle and Kaunas**

Our first stop this morning on our full day's journey will be at Trakai Castle set on an island in Lake Galve. Trakai is the former capital of the Grand Duchy of Lithuania and this splendid red brick castle dates back to the 14th century. You'll have the opportunity to go inside to view some of the interesting museum exhibits that it houses including one on pre-war Lithuania.

On some departures due to functions taking place it may not be possible to go inside Trakai Castle, so

instead we will make an additional stop at Rundale Palace. Built in the 18th century by Anna Empress of Russia for her lover Count Biron. The architect, Bartholomeo Rastrelli, also built the Hermitage in St. Petersburg. The 138 room palace is richly decorated and is an example of the fusion of German and Russian society.

We continue our drive to Kaunas where we'll have free time for lunch. Kaunas was the country's temporary capital between 1920 and 1939 when Vilnius was forcibly annexed by the Poles. Situated in the heart of Lithuania, it is often regarded as the most characteristic city in the country. Many of its buildings date back to the 17th century, when the Jesuits bought tracts of land here and built a large monastery. Some buildings are older, with impressive examples of Gothic architecture.

Later this afternoon we arrive at Pakruojis Manor where we will be spending the night. The manor consists of 34 buildings including the main house, a stable block, mill and perfumery all set in a beautiful park setting, which is now a living museum that shows how the residents and staff would have lived and worked in 19th century. You'll have the opportunity to explore these historic buildings before we have a traditional dinner and an included beer tasting - all brewed on site.

#### **DAY 4 - Visit the Hill of Crosses en route to Riga, Latvia; walking tour of Riga**

Before leaving Lithuania we'll make a stop at the Hill of Crosses near Siauliai where a vast number of rosaries and crosses adorn a small hill. Both German and Soviet troops in the past have tried to crush this symbol of national and religious fervour, but images of the Virgin and literally thousands of crosses always reappeared despite their best efforts to destroy them.

This afternoon we'll arrive in Riga, Latvia's capital, and take an orientation walking tour. Most of the important sights in Riga are concentrated in a small area, so walking is the most effective way to explore. We will take in the Freedom Monument, Gunpowder Tower, Saint Jacob's Church and the city's cathedral. Buildings have been painstakingly restored over the last twenty years and commanding Gothic structures sit adjacent to Baroque and lavish Art Nouveau architecture.

### DAY 5 - Visit to Riga Central Market; afternoon at leisure

This morning we'll visit Riga's huge and lively Central Market, which sells traditional produce, such as smoked fish, sauerkraut, pickled garlic and crusty cheeses.

The rest of the day is free for you to discover more of the city. Riga is an old Hanseatic city on the banks of the Daugava River and is arguably the most beautiful in the Baltics. Its skyline is pierced with spires, towers and weather vanes, making the streets a joy to amble through. The Latvian Ethnographic Open Air Museum and Riga Castle are well worth a visit or you may choose to enjoy a long lunch in one of the many restaurants. Cheese and meat filled pastries served with wild berry preserves are popular, especially when washed down with a local beer or perhaps a glass of Riga Black Balsam, a traditional herbal liqueur - an acquired taste!

### DAY 6 - Drive to Tallinn, Estonia via the seaside city of Parnu

This morning we bid farewell to Latvia and head for Tallinn, the capital city of Estonia. After we've crossed the border we'll make a stop in the pretty seaside town of Parnu on the Gulf of Livonia. This Baltic coast spa resort has been popular with tourists since the 1830s with people flocking to its clean sand beaches and to revitalise in the Parnu Mud Baths. After time here for lunch we'll continue our journey to Tallinn; in total today's drive takes us around five hours.

With just half a million citizens, Tallinn is not a sprawling metropolis. This adds to its charm, as it is easy

to explore on foot, with minimal traffic. Famed for its medieval architecture, the Old Town is one of the best preserved Hanseatic city centres in the world and a UNESCO World Heritage Site. The city has a huge range of restaurants, pubs and wine bars for you to choose from this evening.

## DAY 7 - Orientation walking tour of Tallinn; visit to the Bastion Tunnels

Less than 100 kilometres across the water from Helsinki and midway between St. Petersburg and Stockholm, Tallinn has come under several different cultural influences since the first stronghold was built in the 10th century. Linguistically and economically, Estonia's closest ties are to Finland, despite the best efforts of other nations. In 1561, as a coveted trading port, it was seized by the Swedes and held for 150 years until the Russians took over and industrialised much of the medieval town. Perched on a hill overlooking the sea, we'll explore the cobbled Old Town on foot this morning. The colourful houses of the crooked streets reflect the German, Scandinavian and Russian periods of Tallinn's history. We'll walk through the quarter where merchants once traded and take in the historical and architectural highlights. The busy town square is a hectic mix of pavement cafes and shops, dominated by the 14th century Gothic Town Hall. The pink Parliament buildings and Toompea Castle lie near the imposing deep yellow Alexander Nevsky Cathedral.

This afternoon we'll visit the Bastion Tunnels beneath the city. The tunnels were constructed in the 1670's and were used by the military as defensive tunnels beneath the city walls and buildings above. The tunnels lay unused for many years, but at the start of World War II they were renovated to be used as bomb shelters and then during Soviet rule they were installed with electricity, ventilation, water and telephones. During our excursion you'll get to see the tunnels still in their Medieval state and those that have been modernised in the 20th century.

On some departures due to events taking place we may not be able to visit the Bastion Tunnels, so instead we will take a tour to learn about the secrets of the white monks at the Dominican Monastery. In the Middle Ages the influence of the Dominican religious order was enormous, as the monks were the confessors of the kings. We'll be met by a monk at the monastery who will give us an insight into what it would have been like in the city and to be a monk in medieval times. There is almost no electricity in the monastery, so our tour will be conducted by candle light. And, of course, we will get the chance to try the traditional monastery liqueur.

## Budgeting and packing

### Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Due to the busy nature of this trip there are no optional excursions offered.

### Clothing

During winter layers work best and we recommend taking a woolly hat, ear warmers, gloves, scarf, fleece/jumper, a thick waterproof and windproof jacket and thick socks. You may also find thermal underwear and waterproof trousers or ski trousers useful. We recommend taking an umbrella, as rainfall is possible at any time of year.

Ladies should take a headscarf to cover their head when entering religious sites.

## Footwear

In winter it may be slippery underfoot, so please ensure that your footwear is waterproof and that it has good grip. We recommend bringing warm walking shoes with you and also a pair of more comfortable lightweight footwear for relaxing in our hotels.

## Luggage

20kg

### Luggage: On tour

One main piece of baggage and a daypack for personal items. Remember that you'll have to carry your own luggage so don't overload yourself.

## Equipment

We recommend taking a water bottle, sunscreen, sunglasses, a personal first aid kit and a torch in case of emergencies. Most importantly don't forget your camera. You might also find walking poles useful in case it is icy underfoot.

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

### Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping.

In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.

## Transport, Accommodation & Meals

### Transport Information

Bus

### Accommodation notes

In the Baltics the majority of buildings including the hotels still use the old Soviet District Heating System. Large power plants supply both electricity and hot water and from autumn to spring the central heating provided is at a set temperature, which can't be individually adjusted. So this means that it can be hotter or cooler inside the hotel bedrooms than you'd expect, so it's best to open a window if you are too warm and to bring layered bed wear and perhaps slippers in case it is cooler at night.
