There is no clearly defined wet and dry seasons, though the southwest monsoon (September to November) and the northeast monsoon (November to February) bring rather more rain. On the west coast rain tends to fall mainly in short lived thunderstorms, and the sky clears quite quickly.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

A selection of optional activities are listed below to help you budget for your Family adventure. Whilst the basic tour price you pay before you travel includes a great selection of highlights, we have also built in free time to allow you the flexibility to choose from a carefully selected range of additional excursions and activities or take time to relax, the choice is yours. At certain destinations along the way there may be several options to choose from and it may not be possible to fit all the activities in; your Explore Leader will be able to give advice on which are the most suitable for your family.

Clothing

Pack for hot conditions. There is year round humidity in the lowlands but you will also need a warm sweater/fleece and jacket for cool nights in the Highlands, especially November to January. Lightweight rainwear/umbrella is essential all year. Plastic ponchos can be purchased locally. Don't forget your swimming costume.

Footwear

Lightweight walking boots are the best for walking in jungle (though expect them to get wet and muddy), plus sandals or trainers.

Luggage

15Kg

Luggage: On tour

One main piece of baggage and a rucksack for the Kinabalu trek (we recommend at least 30 litres capacity). Please note: pack light. The international carrier will usually allow 44lbs/20kg or more and our preferred domestic airline in Borneo also allows 44lbs/20kg. However some domestic airlines allow a maximum of 33lbs/15kg for your checked in luggage and occasionally we may have to use these airlines so we recommend you stick to that limit to avoid excess charges. Remember you are expected to carry your own luggage so don't overload yourselves. Hard suitcases are not suitable.

Equipment

Bring a torch, a water bottle, insect repellent and a towel. Binoculars are useful for wildlife spotting.
Personal First

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

In this region, tipping is a recognised part of life across the service industry. Local staff will look to members of the group for personal recognition of particular services provided.

To assist with this your Explore Leader may organise a group tips kitty for included activities and meals, they will then account for kitty use throughout the tour.

For this we suggest £20 per family member.

For all non-included services and meals on your trip please tip independently at your discretion.

Accommodation notes

Our first hotel in Kota Kinabulu is a 103 room four star hotel in the heart of the Kolombong district, just ten minutes from Kota Kinabulu International airport. The hotel features a fitness centre, an outdoor swimming pool and a spa and wellness centre. Free high speed WiFi access is available in all rooms and public areas.

Our base in Sepilok is the Sepilok Jungle Resort, an ideal base to visit the Orang-utan rehabilitation. We use the comfortable superior rooms which are air conditioned, have tea and coffee making facilities and en-suite bathrooms. The resort has a large swimming pool, two cafes and a restaurant in a jungle setting. Next stop is the Kinabatangan River basin. We stay in a lodge with spacious individual chalets, rooms are air conditioned and feature TV's as well as free wi-fi in the public areas. There are many hiking trails from the lodge and fishing rods available at reception.

Heading to Mt Kinabulu national park we spend two nights at the Sabah Tea Plantation, set on a working plantation. Our accommodation features traditional long house, typically a long narrow building normally made of wood and built on stilts. Bedrooms are simple with two or three beds in each room, ceiling fans, mosquito nets and wash basins. There are electric sockets to charge cell phones and cameras. Bathrooms are shared facilities (one between two rooms). The resort has a restaurant with wonderful views across to Mount Kinabalu.

The most basic accommodation is the homestay at Kampung Kiau Village, our homestay is simply furnished, featuring twin and double rooms with shared bathrooms. Hot water may not be available at this location.
