Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip in Puerto del Carmen

Our trip starts in Puerto del Carmen, a coastal resort town on the east of the island.

For those arriving on time our Leader plans to meet you in the hotel reception at 7pm for the welcome meeting and for those that wish, there is the chance to go out for dinner afterwards. There are no activities planned today, so you are free to arrive in Puerto del Carmen at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive at Arrecife Airport (ACE) which is around 15 minutes' drive from our hotel. Should you miss the meeting, your leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, there is a good selection of cafes and restaurants to choose from or you may wish to relax on one of the town's beaches. Hotel Costa Mar is a modern apartment complex close to Pocillos Beach on the quieter edge of the Puerto del Carmen resort. Its location makes for a great base from which to strike out and explore the whole of Lanzarote.

DAY 2 - Descend from Femes through the Ajaches Hills to Playa Quemada

Today we explore the south of the island, driving 20 minutes to Femes, a small village at the base of the southern mountains. Our walk takes us on a well-marked trail through the lunar, remote landscape of the Ajaches hills. Lanzarote is an island of volcanic origin with a long history of eruptions, the most significant being the Timanfaya eruptions throughout the 1730's and in 1824, which shaped the landscape we walk through. Arriving at the coast, we follow the coastal path to reach Playa Quemada. This small seaside village maintains its charm with secluded beaches, idyllic coves and a handful of restaurants offering freshly caught seafood.

Today's moderate 10 kilometre walk is expected to take approximately four hours with a total ascent of 350 metres and descent of 650 metres.

DAY 3 - Cliff top Walk to Mirador del Rio

Our walk today begins from Maguez village close to the north west coast. We follow the path along the top of the cliffs of Famara, first to the Montaña del Gayo with spectacular views across the Atlantic and surrounding cliffs and finally reach the Mirador del Rio. Mirador del Rio is a 475 metre high viewpoint located at the edge of the Famara cliffs, built into the larva rock. The building, designed by local artist Cesar Manrique, wonderfully blends into the landscape, the floor to ceiling glass windows and outdoor walkway enhance the panoramic views overlooking the Rio strait, between Lanzarote and the island of La

Graciosa. In the afternoon we drive back Costa Teguisse.

Today's easy 14 kilometre walk is expected to take approximately five hours with a total ascent of 550 metres and descent of 350 metres.

DAY 4 - Walk in Timanfaya National Park

Today we drive to the centre of the island and walk through the volcanic scenery of Timanfaya - the most dramatic lunar landscape of black lava dotted with craters. Our walk starts close to Mancha Blanca village; we follow wide and narrow dirt paths surrounded by volcanic lava varying in both size and shape. At the end of the walk we drive to La Geria. La Geria is famed for its unique vineyards; the local farmers have devised an ingenious way to cultivate wine in this harsh environment, creating funnel shaped pits protected with low dry stone walls in which to grow Malvasia grapes. There are Bodegas (wineries) dotted along the road selling the honey coloured sweet wine, we will visit one.

Today's easy 10 kilometre walk is expected to take approximately four-and-a-half hours with a total ascent and descent of 300 metres.

DAY 5 - Free day. Opportunity to visit La Graciosa Island

Today has been left free to relax or explore the region more. It is possible to take day trip to La Graciosa - this small arid island has a population of less than 700, with unpaved sand roads, isolated beaches, a rich biodiversity of flora and fauna and a slow pace of life that makes you feel like you're stepping into a different country. On the island there is an enjoyable walk that takes you to Playa De las Conchas, and shorter or longer walk options can be discussed with your tour leader. The ferry to La Graciosa leaves from Orzola which is a 30 minute taxi ride from Costa Teguisse.

Another option today is to visit Jameos de Agua, designed by Cesar Manrique, Lanzarote's most influential architect. The venue has been built in the volcanic cave system formed by the eruptions of the Corona volcano; it features a swimming pool, restaurant and bar. This could be combined with a visit to La Graciosa as it is located on the way or it is a 25 minute taxi ride from Costa Teguisse. On the way back to our hotel there is the possibility to stop at Jardì'n de Cactus. This garden was also designed by César Manrique - built into an old quarry it showcases a collection of over, 1,000 cactus varieties.

Today's optional moderate 17 kilometre walk is expected to take approximately six hours with a total ascent and descent of 150 metres.

DAY 6 - Walk from Haria Village to Famara Beach

This morning we begin our discovery of Lanzarote, driving north to Haria, a pretty village of low lying white-washed buildings situated in the fertile Valley of the Thousand Palm Trees. Walking across the surrounding hills we pass cultivated plots of fig trees and grape vines. Reaching the clifftop area of Bosquecillo there are numerous wooden benches where we can take a rest and soak in the views down the cliffs to Famara beach. The Famara Cliffs are an impressive sight, rising to over 500 metres high and stretching along the coast for 15 kilometres. Continuing, we make our descent down a rocky path to Famara beach to be rewarded with five kilometres of golden sand, backed by the dramatic cliffs and panoramic views across to La Graciosa island. Located between the fishing village of La Caleta de Famara and the base of the impressive cliffs, Famara beach is Lanzarote's surfing hotspot. In the afternoon we transfer back to hotel, stopping en route for a stroll through the lovely centre of Tequise, Lanzarote's old capital.

Today's moderate 12 kilometre walk is expected to take approximately four-and-a-half hours with a total ascent of 450 metres and descent of 650 metres.

We take the coastal path along the rugged coastline, passing some traditional salines that are still operating. This area is shaped by an ancient volcanic eruption in the vicinity, to the village of Arrieta, arriving in the early afternoon. There is time to explore this typical Canarian fishing community, relax on the golden sands of Playa de la Garita or take a swim in the ocean.

Today's moderate 15 kilometre walk is expected to take approximately five-and-a-half hours with an ascent of 100 metres and descent of 250 metres.

Climate and country information

Canary Islands

Climate

The Canary Islands enjoy a relatively stable climate making them a good year round destination. The warmer temperatures in the winter months also make the islands a great winter walking holiday choice. The best months for walking are October to April, avoiding the heat of the summer, the evenings can still be chilly and rain is possible in January and February. The Canary Gulf Stream and trade winds provides each island with its own micro-climate, bringing different climatic conditions to each side of the islands.

Time difference to GMT

The Canary Islands are -1hrs from mainland Spain

Spain

Climate

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £15 of local currency for tipping. In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.
