We descend into the valley, ascending on the other side and arrive to the village. We then continue along a quiet rural road following the valley to Chejelipes where we meet our bus and return to San Sebastian.

## Country information

### Canary Islands

#### Climate

The Canary Islands enjoy a relatively stable climate making them a good year round destination. The warmer temperatures in the winter months also make the islands a great winter walking holiday choice. The best months for walking are October to April, avoiding the heat of the summer, the evenings can still be chilly and rain is possible in January and February. The Canary Gulf Stream and trade winds provides each island with its own micro-climate, bringing different climatic conditions to each side of the islands.

### Spain

#### Climate

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

The weather conditions in the mountains can be changeable, and it can become cool, especially at night, so bring warmer layers. Tops made from wicking materials which keep you drier and warmer are recommended as a base layer, and walking trousers are preferable to trousers of heavier material such as jeans. A waterproof jacket is essential at all times in case of rain and wind.

- Long sleeved tops
- Sunhat
- Long trousers

We recommend you bring walking boots with ankle support- leather or fabric are both fine. Make sure that your boots are worn-in and comfortable before the start of the trip. We suggest that on international flights you either carry your walking boots in your hand luggage or wear them - should your luggage be lost or delayed, your own boots are the one thing that will be irreplaceable.

-Lunch bag/Tupperware (for packed lunches)

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

### Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping. In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.

**Accommodation notes**

This two centre trip gives you the flexibility to unpack and get to know different the different islands. Accommodation and service levels in Spain are generally very good. On this trip we stay in two smaller, family-run hotels that might not offer the same luxuries as larger chain-style hotels, but they do provide a warm welcome and a comfortable place to stay. One thing to be aware of in Spain is that breakfast tends to be a smaller affair, often just fruit juice or coffee and a pastry.
