Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Kayaking is bookable in advance via the ship's operator. Other optional tours within the Falkland Islands will be available to book on board the ship.

Clothing

Dress on board is informal. Pack comfortable, casual clothing for all activities. Wind and waterproof outer layers are essential, and the most important piece of clothing you will bring is a parka. Beware of tight clothing that leaves no room for trapped air, which is an excellent insulator. Wool, silk and some of the new synthetic fibres, like polar fleece, retain heat better than cotton.

Parkas

You should look for a lightweight, roomy, wind and water-resistant parka with some insulation. Bright colors are more visible - and thus safer - in polar environments.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing

Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

As most landings in Antarctica are wet landings, the best footwear is knee-high waterproof boots. You will not need to carry them with you, as you will be provided with a pair of thermal rubber boots to use, before arriving in Antarctica. Ensure you take some comfortable shoes or trainers for relaxing in whilst on board.

Luggage

20kg

Luggage: On tour

The maximum weight allowed on the flights to and from Antarctica is 20 kg (44 lbs) per passenger, including hand luggage. For Classic Antarctica and Polar Circle Air-Cruises, excess luggage will be kept in custody in Punta Arenas and will be handed over to travellers upon their return from Antarctica. The baggage weight limit is a technical requirement imposed by the flight operation. Unfortunately, it is not possible to purchase extra allowance. Note that at certain points during the expedition you will be required to handle your own luggage.

Equipment

Sunglasses and sun cream

Personal toiletries

A refillable water bottle

Books/reading material

Camera and memory cards (and something to protect the camera when out in the elements)

Seasickness remedy

Walking poles

A hairdryer is available in each cabin.

Tipping

Local crew

Tipping is collected at the end of the voyage and is divided among the crew. Tipping is a very personal matter and the amount you wish to give is at your discretion, but as a general guideline, we suggest US\$12 per person per day.

International Departure Taxes

Airport Departure Tax - USD \$5.00 from Ushuaia, USD \$18.00 from Buenos Aires

Antarctica

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Foreign Exchange

Recommended Currency For Exchange

A combination of US dollars cash and cards is best. It is advisable to take a minimum of US\$200-500 of your total spending money in cash, in mixed denominations (notes should be in good condition).

Where To Exchange

Banks or Forex offices in major cities.

ATM Availability

Cash can be drawn on credit or debit cards from ATMs in major cities

Credit Card Acceptance

Credit cards are useful and can be used in many places, but may be subject to a service charge. The ship accepts Visa and Mastercard.

Travellers Cheques

Travellers Cheques can be difficult to exchange and are not accepted aboard.
