The Croatian Adriatic has a Mediterranean climate with mild winters and warm, dry, sunny summers. There is a chance of sporadic rain in spring and autumn, though generally it is in the form of short showers. Thunderstorms can occur in summer, generally helping to cool the air. Temperatures from May to October are generally in the low to mid 20's (in °C), but can reach into the 30's (in °C) in July and August.
