## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join tour in Sarajevo (Bosnia and Herzegovina)

Our trip begins in Sarajevo, Bosnia Herzegovina's vibrant capital, which is located on the Sarajevo plain and surrounded by mountains. Famed for its diverse religious heritage and often called the Jerusalem of Europe, we can look forward to a two night stay here.

For those arriving on time our Leader plans to meet you in the hotel reception at 7pm for the welcome meeting and for those that wish, there is the chance to go out for dinner. There are no other activities planned today, so you are free to arrive in Sarajevo at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive into Sarajevo International Airport (SJJ) which is about 30 minutes' drive from the city centre. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, perhaps you might choose to take a relaxing wander through the city's Old Town or as with everywhere else in the Balkans grab a strong coffee and watch local life go by. There is also an array of museums dedicated to the varied histories of the capital, including the Tunnel Museum depicting life during the Sarajevo Siege in 1992-1995 and showing how the resident civilians managed to keep themselves supplied during the longest siege in modern history. You may choose to join the Times of Misfortune tour, which includes entry to the Tunnel Museum.

## **DAY 2 - Morning tour of Sarajevo city. Short cycle to the source of the Bosna River**

The events that took place on 28th June 1914 in Sarajevo triggered the start of World War I, and this morning we will take taxis into the city centre to begin our walking tour with a local guide to find out more. This event was the assassination of Archduke Franz Ferdinand and his wife at the northern end of Latin Bridge by a 19-year-old Bosnian-Serb called Gavrilo Princip. We will see the Eternal Flame, which is a memorial to all those that lost their lives during the war. We also see excellent examples of Austro-Hungarian architecture, namely the City Hall and learn more about the dreadful fate of the Jewish community, which once thrived in this city. After lunch, we get on our bikes and after some time to make any adjustments to get comfortable, we cycle to the spring of the Bosna River. On our circular ride, we pedal through a picturesque park with numerous streams forming lakes and islands at the foot of mount Igman.

Our total cycling distance today is approximately 30 kilometres (Total 180 metres ascent and 180 metres descent).

## Climate and country information

### Bosnia and Herzegovina

#### Climate

With only 20 kilometres of coastline on the Adriatic Sea, Bosnia and Herzegovina has a continental climate for the most part, with cold winters and warm summers. There is a chance of sporadic rain in spring and autumn, though generally it is in the form of short showers. Thunderstorms can occur in summer, generally helping to cool the air. In spring to autumn the temperatures are normally in the low to mid 20's (in °C). Much of the country is mountainous or hilly, rising to a height of 2,386 metres and winter snow lies for long periods in the higher regions. Mostar is set back from the coastline on a plain, which has a hotter Mediterranean climate with temperatures averaging in the mid to high 20's (in °C) in spring and autumn and July and August in the low 30's (in °C) - although sometimes temperatures here can get up as high as 40°C.

## Budgeting and packing

### Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require. Pack essentially for hot or mild weather depending on the time of the year.

## Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

### Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping.

In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.
