## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join tour on the island of Jeju

Arrive in Jeju, Jeju is a volcanic island home to some of South Korea's most beautiful coastal landscapes. Formed, as legend would have it, by a mystical grandmother shovelling dirt, and whose sons, turned to stone in grief at her death, form the 360 parasitic cones around the central Mount Hallasan shield volcano. Jeju has seen recent increases in popularity, although very few European visitors make it to the island. Jeju is perfect for coastal and country cycling where travelling by bicycle enables us to see the best of the island, enjoying relaxed riding whilst dipping into some of Jeju's many impressive historic and geological sites.

For those arriving on time our Leader plans to meet you in the hotel reception at 8.30pm for the welcome meeting. There are no other activities planned today, so you are free to arrive in Jeju at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive into Jeju International Airport (CJU), which is a forty-five minute drive from the hotel. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, perhaps you might choose to relax and enjoy the hotel facilities.

We visit the temples at the foot of Sanbangsan Mountain, each with its own character in murals, statues and Chinese characters. From here, we wind through the jagged headlands to the quirky artistic town of Seogwipo, staying on a peaceful seafront out of town where the old lava flows tumble into the sea.

You might even see a Korean pop (K-pop) celebrity on holiday, before we continue eastwards across the picturesque Soesokkak Estuary. Next we cycle to Jeju's Folk Museum and discover more about the stone harubangs (statues) that have guarded the island since the eighteenth century. Continuing northwards, we ride on a narrow causeway to Seongsan, where the sheer sides of the vast volcanic plug of Seongsan Ilchulbong rise from the sea, overlooking the Haenyo grandmothers freediving for seafood.

Approaching Jeju City from the north, we will wind through the small coastal settlements alongside Jeju's traditional stone walls, where Borimsa temple, damaged and rebuilt following the 1948 Jeju uprising, is juxtaposed against the bustling modern day port below the hillside cycle path. In the afternoon, we will explore the UNESCO World Heritage site of Bulguksa Temple, an important site for Korean Buddhists, and home to seven of Korea's designated 'National Treasures' from the golden age of Buddhist art. Although historically Buddhism was the principle religion, according to the 2015 census the majority of South Koreans have no formal affiliation with religion. In the evening, we will relax in the beautiful night-time scene at Anapji Pond, before experiencing our first night in a traditional Korean

With a history stretching back over two thousand years, the city boasts impressive modern architecture and public services, alongside traditional temples and mountains that rise out of the urban districts. After enjoying a brief sightseeing tour and a free afternoon's shopping, we will enjoy a farewell meal together in a traditional Korean restaurant. Korean food is full of flavour and variety with many interesting dishes, stews and colourful, intricate deserts. ### Country information

#### South Korea

##### Climate

### Budgeting and packing

#### Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require.

General: Pack essentially for hot or mild weather depending plus some warmer clothes for cooler nights. You may want to pack a swimsuit and towel, as there will be some opportunities to swim.

#### Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent.

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

### Local crew

Although entirely voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow £25 for tipping.

In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour.

## South Korea

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide.
