## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Trip starts in Marseille

Our trip starts in Marseille. An exuberant multicultural port city in southern France with a mix of grit and grandeur, Marseille was originally founded by the Greeks in the 6th century BC and has been a crossroads of immigration and trade ever since.

The Tour Leader plans to meet you in the hotel reception at 7pm for the welcome meeting and, slightly later, our first group dinner to get to know your fellow travellers. If you would like to receive a complimentary airport transfer today, you will need to arrive into Marseille Provence Airport (MRS), which is a 30-minute drive from the hotel. There are no included excursions today and if you miss the briefing, your Tour Leader will inform you of any essential information as soon as you catch up.

No cycling today.

**ACCOMMODATION:**  
Hotel Ibis Marseille Centre Gare St Charles (or similar)

**Grade: Comfortable Hotel**

**SINGLE ROOM AVAILABLE**

## DAY 2 - Explore old Marseille on foot; cycle protected wetlands of the Camargue

After breakfast we plan an orientation walk around old Marseille - including the old port, Place de Lenche, Place de Moulin, Notre-Dame de la Garde Basilica and the historic Panier district. Later this morning we leave the city in our bus and drive for just over an hour to Porte-Saint-Luis-du-Rhone where we take a short Rhone river ferry crossing. It is here that we commence our first cycle ride into the protected lowlands of the Rhone delta alongside dikes and saltwater lakes, always close to the sea until we reach Saintes Maries de la Mer where we spend the night in the heart of the Camargue. All the cycling today is on good gravel roads. Our support vehicle has limited access to us today due to the cycle route. Strong Mistral winds can affect the region we are cycling in today and tomorrow. Please note that it may therefore be necessary to adjust, shorten or change the rides if the weather is bad.

Our total cycling distance today is approximately 31 kilometres on the flat.

On our route we will visit the fortified medieval town of Aigues Mortes. Finally we reach Villeneuve-les-Maguelone where we end our ride today. We continue by train to Sete where we check into our hotel in the new part of town and you have a chance to swim in the Med. Sete is an ancient port and the old part of town is just 20-30 minutes away by foot. Our support vehicle has limited access to us today as cannot access our cycle route.

### Climate and country information

## France

### Climate

Across France, from April - August, weather conditions are generally warm and pleasant with moderate rainfall; Autumn temperatures are a bit lower and the winter months (though colder) remain mild. The summer months on the Mediterranean Coast in the south tend to be warmer than the rest of France and have less rainfall, and also more mild winters; freezing conditions are nearly unheard of. The mountainous areas of the Alps, Juros and Pyrenees can be quite different. During summer the morning and evening temperatures are considerably cooler and it becomes much colder in winter with heavy snowfall. Western France, along the English Channel, there can be very strong winds and frequent rain during the winter months Nov - Apr. Wine harvesting takes place in late August/early September.

## Spain

### Climate

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

## Budgeting and packing

### Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Barcelona - Entrance to the Sagrada Familia €17 pp, Picasso Museum €12 pp, La Pedrera (Casa Mila) €22 pp, Casa Battlo €25 pp

Note that the Sagrada Familia is very popular and queues can be long to buy entrance tickets. It is possible to book your tickets on line and thus avoid the queue. If doing this, we advise planning your visit for either the day of arrival or departure depending on meeting times and your flight timings.

## Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require.

General: Pack essentially for warm weather depending on the time of the year. The area is known for it's strong winds so we recommend a warmer light jacket as well as a rain jacket.

## Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. It is a legal requirement in Spain to wear a helmet that meets current safety criteria. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn.

Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

## Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping. In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.

### Accommodation notes

Comfortable - Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Accommodation and service levels in France and Spain are generally very good. We try to use smaller, family-run hotels and pensions that might not offer the same luxuries as larger chain-style hotels, but they do provide a warm welcome, a comfortable place to stay and the chance to gain a better understanding of local life. One thing to be aware of in Spain is that breakfast tends to be a small affair, usually with fruit juice or coffee and a pastry.
