DAY 1 - Join trip in Playa del Carmen

Our journey begins in Playa del Carmen. Located on the northeast coast of the Yucatan Peninsula, Playa del Carmen is a coastal resort town known for coral reefs and palm-fringed beaches. There is a good range of international flight options into nearby Cancun.

The Tour Leader plans to meet you in the hotel reception at 7.30pm for the welcome meeting followed by the chance to go out for dinner for those interested. There are no other activities planned today, so you are free to arrive at any time. If you would like to receive a complimentary airport transfer today, you will need to arrive into Cancun International Airport (CUN), which is 45 minutes away. DAY 2 - Explore Cozumel Island by bike

This morning we catch a ferry for the short journey across to Cozumel Island where we start today's ride. Each year the island hosts an 'iron man' event and we plan to cycle a similar route at a much more sedate pace! You will have time firstly to familiarise yourself with your bike and make any necessary adjustments. Once everybody is comfortable we will start our route, with the first 15km on paved road as we cross the island from west to east where we will try to stop for a fresh coconut water at a bar on the beach. We cycle with the sea by our side as we make our way down the island. Our final kilometres brings us to the Bob Marley bar and museum where we can relax in hammocks and have a swim. We return to the ferry port by vehicle with the option to cycle if timings and daylight allow.

Our total cycling distance today is approximately 40 kilometres (flat, paved roads) with an optional additional 30 km.

DAY 3 - Visit Chichen Itza. Cenote swim. Cycle in Merida

Early this morning we leave Playa del Carmen and drive inland (2 hours) to Chichen Itza. Founded in AD432 and conquered by the Toltecs in the 10th century, the culture of the Maya and the Toltec gradually fused. Chichen Itza is one of the most outstanding archaeological sites in the Americas and we visit the site with a local guide before enjoying some free time to explore further. Founded in AD432 the city is believed to have reached its zenith during the Terminal Classic Period (800-1000AD) and remarkable sculptures adorn the pyramids, palaces, temples and ball court (where death was the penalty for defeat). We drive a short distance to Ik Kill Cenote where we have free time to enjoy a refreshing swim and lunch (not included). Cenotes are natural pools formed in limestone and used by the ancient Mayan culture as a source of fresh water. Finally we drive (1.5hrs) to Merida and commence our

introduction by bike on a 10km cycle around the city. Please note that depending on arrival time and sunset hours, it may be better to move this ride to the early morning of day 5 - your tour leader will advise. Famed for its beautiful Spanish-Moorish style architecture, Merida was founded in 1542 by Francisco de Montejo and the city was built over the ruins of a Mayan city. Trade with Europe during the Spanish colonial rule brought the city great wealth that is now reflected in the many grand mansions, churches and plazas that lend the city a faded elegance and more of a European feel than elsewhere in Mexico. Merida is now the capital of the state of Yucatan and is also known as the 'White City'.

Our total cycling distance today is approximately 10 kilometres (flat, paved roads).

DAY 4 - Cycle to beach, seafood grill. Taquiza evening

We start the day with a drive to Dzilam Bravo that should take around 1.5 hours. En route we plan to stop at Dzilam Gonzalez to see an unrestored archeological site in the main square. Today's cycle ride takes us up to the Yucatan north coast as we ride alongside the Caribbean, past small fishing villages until we reach the palm-fringed sands of San Crisanto Beach. You may like to have a dip in the sea before we help in the preparation of our seafood lunch, including shrimp ceviche and fish. While at the beach you will also be able to learn a little about some of the exotic local drinks and your Tour Leader will show how to make drinks such as Michelada, Chelada or Red Eyes. Later this afternoon we return to Merida by bus. At night we visit a local house or local restaurant to try a typical food and local experience called Taquiza (Tacos party).

Our total cycling distance today is approximately 30 kilometres (flat, paved roads).

DAY 5 - Cycle to Ake, see Izamal Spanish convent, local lunch, drive to Valladolid

This morning we bid farewell to Merida with a short early drive to Tixpehual where we start today's cycle. Depending on arrival time and sunset on day 2 we may have a early morning dawn ride around Merida this morning before breakfast. We ride through several interesting little villages to Ake. We finish cycling here and drive to the colonial backwater of Izamal. Following the Spanish conquest a colonial city was founded atop what was an important Mayan ceremonial site which became a focal point of the Spanish attempts to convert locals to Catholicism dominated by a 16th century Franciscan Monastery. After exploring the site we try local dishes such as salbutes, panuchos and empanadas for lunch. In the afternoon there may be time to see the local handicraft workshops (if open) before we drive (1.5hrs) to colonial Valladolid where we spend the next two nights.

Our total cycling distance today is approximately 25 kilometres (flat, paved and dirt roads).

DAY 6 - Coastal ride to pink lagoons. Tequila tasting

We leave early today with a drive (2 hrs) north to the coastal town of Rio Lagartos where we start our ride. Our ride ends near the little village of Las Coloradas home to the remarkable pink lagoons where locals harvest massive quantities of sea salt. The colours derive from specific unicellular algae called 'dunaliella salina' that has pink and red pigments. This algae is the base of nutrition for birds such as flamingos and spoonbill herons and is usually found in places with large concentrations of salt. From here a short drive brings us to a secluded beach where you have a chance to swim. Another short drive takes us to the fisherman's village of Rio Lagartos for a seafood lunch (not included) (vegetarian options available). We then take to the waters for a short boat excursion seeking out local birdlife. Finally we plan to learn all about tequila and you will have a chance to try some before returning by bus to our hotel in Valladolid. In the case of bad weather the Tour Leader may need to alter today's itinerary.

Our total cycling distance today is approximately 35 kilometres (flat, paved roads and compacted sand paths).

We bid farewell to Valladolid this morning as we head east to the Caribbean coast. First we drive (1hr) to Xiulub village where we start our cycle ride via small interesting villages on a secluded road amidst thick vegetation to the Mayan ruins of Coba. On our unguided visit of Coba you will have the chance to ascend the tallest Mayan temple in the region for panoramic views. After lunch (not included) we continue by bus to our hotel in Tulum.

Our total cycling distance today is approximately 35 kilometres (flat, paved roads).

DAY 8 - Visit incredible Tulum ruins. Free afternoon on beach

After breakfast we visit the Mayan site of Tulum with a local guide. The ruins of Tulum enjoy a dramatic setting perched atop a cliff overlooking the turquoise waters and white sand beach below. The city was guarded by a watch tower and thick ramparts which reflect the late Mayan period that Tulum dates back to, when there was increasingly enmity between Mayan city-states. The rest of the day is left free and you may choose to kick back and relax on the beaches of Tulum or even revisit the ruins to see them in a different light. There is also the option to visit Punta Laguna Natural Reserve.

Climate and country information

Mexico

Climate

Mexico is a vast country whose weather varies by season and region. The optimum time to travel is generally between December and April when rainfall is at a minimum. Temperatures are coolest between December and February and temperatures start to rise from March and the hottest months are May, June and July. The rainy season runs from May until October when humidity and temperatures are highest. The rains tend to be intense and short, clearing the humidity before building up again. The Caribbean coast can be affected by hurricane season between June and November. Please bear in mind that at altitude the temperatures can drop considerably at night and sudden changes can occur at any time.

Language

Spanish is the official language, but around 50 languages/dialects are also spoken by the indigenous peoples of Mexico.

Budgeting and packing

Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require.

General: Pack layers of clothing, essentially for mild or hot weather depending on the time of the year.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage

20kg

Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow US\$ 50, approx. 950 pesos for group tipping

For all non-included services and meals on your trip please tip independently at your discretion.

Mexico

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Breakfast price	Lunch price	Dinner price	Beer price	Water price

Foreign Exchange

Local currency

Mexican New Peso (MXN)

Recommended Currency For Exchange

You can choose to either change your money in advance or on arrival at the airport. Here you will find both ATMs and Bureau de Change. The exchange rate with the MXN is approximately MXN 25 to the British Pound. Sterling can only be exchanged in Mexico City. We recommend you take some emergency cash in USD as the GBP exchange isn't very good. Notes should be in good condition otherwise they may not be accepted. Please check on line for up to date information. MX/Y - For those continuing to Guatemala we recommend you change approximately GBP 50-60 into Guatemalan Quetzals at Mexico city airport as there is no longer an exchange at the border crossing into Guatemala.

Where To Exchange

Your Tour Leader will advise you on arrival.

ATM Availability

ATMs can be found in the major towns and cities for cash withdrawals in MXN. Always have some cash back up as they are not always reliable

Credit Card Acceptance

Credit card are widely accepted in many shops and restaurants but some may be subject to a service charge
