DAY 2 - Cycle to Orotina

This morning we start the day with a short walk to see the highlights of San Jose. We then drive west towards the Pacific for around 1.5hrs to reach the start of our first ride from the village of Grifo Alto through the Central Valley of Costa Rica. There will be some time for the bike fitting and to get used to our bikes before commencing the cycle route on undulating terrain past lush vegetation. There are some

hills to test our legs but the ride has a downhill bias. Our ride ends at the hotel in the small town of Orotina where we spend the night. Often referred to locally as the 'fruit town', Orotina lies at the foot of Monte del Aguacate and the surrounding agricultural community produces an amazing variety of tropical fruit and veg year round.

Our total cycling distance today is approximately 27 kilometres (approx 510 metres total accumulated ascent and 1360 metres descent)

DAY 3 - Cycle on Nicoya Peninsula

Leaving Orotina behind after breakfast this morning, we drive to Puntarenas on the Pacific shore to catch a ferry across the Gulf of Nicoya to Playa Naranjo on the Nicoya Peninsula. Our ride starts from here and we cycle an undulating route, all on tarmac, until reaching Pueblo Viejo de Nicoya near the Tempisque river. The scenery is typical for the Nicoya peninsula - with drier forests and agricultural land along the way. Finally we drive for slightly more than an hour to the Pacific beach town of Samara where we spend the next two nights. This small beach resort town boasts a beautiful 5 km long beach.

The heat from this volcano helps to power a geothermal energy plant at Las Hornillas. Our ride takes us through lush vegetation and ends when we meet the Panamericana main road that runs through the spine of Central America. Finally we drive to Tilaran where we spend the night. Around 20km of the ride today is on unsurfaced roads.

DAY 6 - Cycle around Arenal Lake and Volcano

A short 10 minute drive this morning brings us to the starting point for our ride around Arenal Lake; a challenging route that takes in the spectacular backdrop of one of the world's most active volcanoes. Set in an area of national park covering some 9,884 acres, Arenal volcano has been especially active since the massive eruption of 1968. This, along with the impressive manmade Lake Arenal, has helped the area to regenerate through tourism. Since 2010 Arenal's volcanic activity appears to be decreasing. Our challenging ride ends in the rural town of La Fortuna where we spend the next two nights. For those interested it is possible to start earlier today and ride a total of 68 km (total 1390 metres accumulated ascent and 1850 metres descent).

Our total cycling distance today is approximately 46 kilometres (approx 740 metres total accumulated ascent and 1080 metres descent) with the option to extend the ride.

DAY 9 - Cycle to the Panamanian border. On to Bocas del Toro idyllic islands

Driving up over the nearby mountain ridges this morning we then descend by bus towards the Caribbean coast. In Puerto Viejo we switch from the bus to our bikes and cycle to the border with Panama through a totally different side of Costa Rica; first along the lush, tropical Caribbean coast and later past enormous banana plantations. We then cross the Panamanian border by way of an old railway bridge across which we push our bikes. Once again the border crossing may be very slow and require patience. We then continue by bus to the port of Almirante, from where we take a boat to the Isla Colon and the small town of Bocas de Toro, our base for exploring the stunning archipelago and the equally spectacular Parque Nacional Marino Isla Bastimentos. The archipelago itself is made up of a number of beautiful forested islands lying in warm Caribbean waters and the laid back beaches and dazzling reefs make this the ideal Caribbean paradise to relax or explore. Today's ride has a 9km dirt section in it.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Samara Beach - Half day kayaking USD 50. Paddle boarding USD 50. Hiking - cost depends on numbers
Arenal - Canopy - USD 50; Hanging bridges USD 60 ;Hot springs - USD 35
Bocas del Toro - Excursions include kayaking, snorkelling or dolphin watching, all approx. USD 25
Panama Canal - Museum entrance fee Miraflores lock USD 15

Clothing

Bring your cycling gear including shorts and gloves. Remember weather is changeable in the mountains and it can be cool and wet at higher altitude, and even on some evenings, so bring some warmer clothing too. A raincoat is essential at all times in case of rain. Don't forget your swimming costume.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trip that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage

20kg

Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or

handlebar bag is provided on the bike. Please note that there is a weight restriction of 7kg for hand luggage/daypack for international and internal flights.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. It is a legal requirement in Costa Rica to wear a helmet that meets current safety criteria. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. Panniers are not provided so you may wish to bring a light rucksack to wear whilst cycling. Other items to consider bringing are a sunhat and sun cream, travel plug, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow US\$ 40 for group tipping

For all non-included services and meals on your trip please tip independently at your discretion.

International Departure Taxes

There are border crossings on this trip - the total cost of border fees will be approx US\$10
