## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join trip in Gdansk

Our trip begins in Gdansk, perched on Poland's northern coastline; the historic city of Gdansk is one of Poland's prettiest seaside cities.

For those arriving on time our Leader plans to meet you in the hotel reception at 7pm for the welcome meeting and for those that wish, there is the chance to go out for dinner. There are no other activities planned today, so you are free to arrive in Gdansk at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive into Gdansk Lech Walesa Airport (GDN), which is about 30 minutes' drive from the city centre. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, you might choose to take a relaxing wander through the maze of narrow cobbled streets past red-bricked churches, amber shops, grand old buildings and pretty waterfront bars and restaurants.

## DAY 2 - Drive to Leba. Short cycle ride in Slowinski National Park

Leaving Gdansk and its impressive monuments for later, we get on our bus and head west to Leba where we arrive after a one and a half hour drive. Leba is a tiny town known for being a gateway to Slowinski National Park, home of the 'moving dunes' with a remarkable desert-like landscape. In the afternoon after fitting our bikes and getting comfortable, we go for a short ride to the National Park. Once there we will have a chance to visit a WW2 V2 rocket-testing site. Our tour leader will show you through this open-air museum littered with artifacts. We then cycle back to our hotel in Leba.

Our total cycling distance today is approximately 10 kilometres (Total 20 metres ascent and descent).

## DAY 3 - Ride through Coastal Landscape Park to Jastrzebia Góra

We begin our cycle journey heading east, through the Coastal Landscape Park, a protected area covering 188 square kilometres. The park is covered by forest, mostly coniferous trees and is home to wood sandpipers, dunlins and oystercatchers. Most of the day we will be following Eurovelo 10 route - an international cycle route that encircles the entire Baltic Sea. Our ride ends in Jastrzebia Gora, a very popular coastal village and the northernmost settlement in Poland.

Our total cycling distance today is approximately 62 kilometres (Total 105 metres ascent and descent).

#### **DAY 4 - Cycle along Hel Peninsula. Water tram ride to Gdansk for a city tour**

We start the day by cycling along Hel, a 35-km-long sand bar peninsula. The route follows a dedicated cycle path and offers us wonderful views of the sandy beaches and Pucka Bay. Having reached the tip of the peninsula, we board a water tram that takes us directly to Gdańsk.

In the afternoon, we have a guided tour of the city whose history has been written by generations of Germans, Poles and many other nations. Among other places, we shall visit the Long Market and the historic old port crane.

Our total cycling distance today is approximately 47 kilometres (Total 40 metres ascent and descent).

#### **DAY 5 - Cycle south to Malbork, visit castle**

Today we head south crossing the Vistula and Nogat Rivers. We cycle through a depression two metres below sea level to the historic town of Tczew and further south to Malbork, former capital of the medieval State of the Teutonic Order. The fortress was founded in 1274 and quickly became the main seat of the Teutonic Knights. Consisting of three castles nestled inside one another, Malbork is considered to be the world's biggest castle - more than three times the area of Windsor. In the afternoon we will follow a local guide who will introduce us to this impressive UNESCO-listed building.

Our total cycling distance today is approximately 65 kilometres (Total 70 metres ascent and descent).

Designed in the 19th century by Prussian engineer Georg Steenke using an ingenious system of inclined planes with rail tracks along with canals and locks, it connects Lakes Druzno and Jeziorak which differ by 100 metres in altitude, too great a difference for traditional locks. We then continue by bike to our hotel in Elblag.

Our total cycling distance today is approximately 55 kilometres (Total 210 metres ascent and 180 descent).

Atrium Hotel (or similar)

After visiting sites related to the life and work of Copernicus we leave our bikes and board our bus to drive 100 kilometers to Gdansk where we spend our final night, which will take approximately one and a half hours.

Our total cycling distance today is approximately 45 kilometres (Total 280 metres ascent and descent).

### Climate and country information

#### Poland

##### Climate

Poland has a temperate, changeable climate. September and October are cooler and gradually become damper until late November when temperatures fall below freezing with snowfall, particularly in mountainous areas. Cold temperatures last through to March, but are tolerable. Snow can lie for up to three months in the mountains.

## **Budgeting and packing**

### **Clothing**

Bring cycling gear such as gloves, cycle shirts and shorts. Remember weather is changeable in the mountains and it can be cool, especially at night, so bring a warmer jacket/fleece. A raincoat is essential at all times in case of rain.

### **Footwear**

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

### **Luggage**

20kg

#### **Luggage: On tour**

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike. Remember you are expected to carry your own luggage so don't overload yourself.

### **Equipment**

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

### **Tipping**

#### **Explore leader**

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

## Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping.

In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.

## Poland

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide.
