DAY 2 - Cycle through stunning countryside and vineyards; return to Carpentras

We head out on a circular route today following the route of an old railway line towards Jonquières, through the vineyards to Séguret at the foot of the Dentelles de Montmirail. Séguret is an open balcony on the Rhône Valley, sat beneath the medieval castle remains surrounded by vineyards which produce a very respectable Côte du Rhône. Inhabited since prehistoric times and enriched in Gallo-Romano times, today's village was built in the 10th century and belonged to the Papacy before becoming part of France in 1793. Continuing on our way back towards Carpentras we pass through the villages of Gigondas and then Vacqueras, birthplace of the troubadour poet Raimbaud. Along this section of the ride there are some excellent views of the limestone pinnacles and the opportunity to try some of the best Grenache wines produced in the foothills of the Dentelles.

DAY 4 - Free day or optional circular cycle route via Gordes back to Carpentras

With four nights in Carpentras you may wish to take the opportunity to take a day off from cycling in which case, there are plenty of things to do and see in this historic and attractive town. The town is situated in an area where, in the 14th and 15th centuries, Jewish communities were protected, benefitting from the presence of the Popes in Avignon who granted them the freedom to worship and live peacefully, having been banished from the Kingdom of France. The Synagogue was built in 1367 and is one of the oldest in France. The Hotel Dieu in the town is an 18th century hospital with a well-preserved collection of apothecary jars, decorated walls and ceilings. Antique lovers will enjoy the Rue de Porte Mazan and the town's glass-covered shopping street. A short train ride away is the city of Avignon and the amazing Palace of the Popes. For those that would prefer to ride, options include the strenuous climb up Mont Ventoux, or riding east of Carpentras to find some of the Luberon's prettiest villages. Three of them have made it into the list of the 'Les plus beaux villages' (most beautiful villages) of France, an association of 144 villages selected on the quality of their architecture, environment and patrimony. This is one place where you can view lavender fields if travelling in July as we continue south-east to arrive at Gordes where there may be time to experience the local street market. On the flanks of the Vaucluse plateau, just across the Luberon barrier, Gordes is a typical Provençal village. A maze of intricate lanes leads up to St Firmin's church and to the massive hulk of a Renaissance château perched on the top of the village (Optional longer rides available).

Our total cycling distance today is from 20 kilometres, up to 80 kilometres (Start height 96m, highest point 585 m. Total ascent 1130m)

Our route continues south of the Vaucluse Plateau, giving the options to climb to the view points in a number of the villages dating from the 12th to 14th century. Our destination for today is Cavaillon, a key focal point in the Luberon, from its 1st century Roman Arch, 12th century Cathedral, Synagogue and Museums. The avenues are tree lined round the old town, offering occasional view up the hill of St Jacques, which dominates the area and offers some great walking.

Trip information

Country information

France

Climate

Across France, from April - August, weather conditions are generally warm and pleasant with moderate rainfall; Autumn temperatures are a bit lower and the winter months (though colder) remain mild. The summer months on the Mediterranean Coast in the south tend to be warmer than the rest of France and have less rainfall, and also more mild winters; freezing conditions are nearly unheard of. The mountainous areas of the Alps, Juros and Pyrenees can be quite different. During summer the morning and evening temperatures are considerably cooler and it becomes much colder in winter with heavy snowfall. Western France, along the English Channel, there can be very strong winds and frequent rain during the winter months Nov - Apr. Wine harvesting takes place in late August/early September.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Avignon - around Euros 15 per person return (depending on train type).

Day 5 Optional lunch, wine tasting after guided tour of the vineyard €25

St Rémy-de-Provence - Ancient Glanum 6th century B.C to 3rd Century A.D ruins €8.00

St Rémy-de-Provence - Monastery of St-Paul-de-Mausole, Van Gogh Visit €5.00

Clothing

Pack essentially for hot weather. However, you must bring a warm sweater or jacket for cycling on cool days and for wearing during the evenings. In case of rain, waterproofs are essential. Also, a pair of long trousers or tracksuit bottoms are useful for cycling along hedgerow-lined footpaths.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage

20kg

Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

It does occasionally happen that luggage does not always reach its destination on the same flight as its owner, or possibly it may be damaged in transit. If you are unlucky enough for this to occur, it is important that you file a PIR (Property Irregularity Report) with the airline before leaving the airport. This is essential when you come to make a claim either against the airline or from your travel insurance company.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage. A swim towel would also be useful for day 3.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping. In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout

the trip.

France

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide.
