Perched on a crag in a valley between two high mountain ranges, the castle controlled an international trade route, but it is now a rural backwater. We then leave Bran and after a short drive arrive for our included visit to the Bear Sanctuary, which was created to rescue bears found suffering throughout Romania where they had been pets or attractions for restaurants and petrol stations. The bears now live in 160 acres of oak and hazel forest which is run by the Millions of Friends Organisation. Our visit helps fund the upkeep of the sanctuary and you get to view these magnificent creatures in a natural setting.

After our visit, we have lunch and then familiarise ourselves with our bikes and begin cycling at the foot of the Piatra Craiului National Park. We cycle along a beautiful forest valley passing Piatra Craiului. Then we cycle mainly downhill with spectacular views of the Transylvanian Alps to Bucium.

Today's ride ends in Talmaciu, we then drive by bus (30 minutes) to the city of Sibiu for a walking tour that takes in the 15th century city walls and bastion fortifications. Sibiu is known as the red city due to its brick construction and is the most fortified town in the Principality of Transylvania. We then check into our accommodation.

Romania

Climate

Romania's climate is continental, temperatures being strongly influenced by the physical features of the Carpathians. Temperatures will fall from highs of 18°C (by day) to lows of 6°C (at night) in October; by January they will hover around freezing during the day and go down to -10°C at night. They will then rise to reach October temperatures again by April. Temperatures will generally be lower in the mountains than in Bucharest. Snowfall may occur at any time.

Budgeting and packing

Clothing

We recommend you bring padded cycle shorts and quick drying cycle shirts for the daily cycling. Soaked cotton clothes tend not to dry while cycling. Cycling gloves are strongly recommended as they will protect you from sunburn and may also help protect your hands if you fall. A jumper or fleece is also advisable for the evenings as temperatures can drop sharply. A raincoat is advisable for early spring as there may be sporadic rain showers.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage

20kg

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. It is a legal requirement in Romania to wear a helmet that meets current safety criteria. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Tipping

Explore leader

At your discretion you might also consider tipping your Explore Leader in appreciation of the efficiency and service you receive.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip. Accordingly you should allow at least GBP 20 for tipping local crew.

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.
