We start our day with an optional excursion to visit the nearby Viento Fresco Waterfalls by bus where you will have the opportunity to swim and explore up to five waterfalls set in the rainforest. In wet conditions access to the falls is not recommended and we would start today's ride after breakfast instead arriving earlier into Cañas. After returning to the hotel we get on our bikes at around 11am for an easy ride down towards the drier plains of Guanacaste today, enjoying some spectacular views of the Pacific coastline and the chain of volcanoes that lie to the north. Our ride ends in the small community of Cañas, from where we will drive the short distance to our hotel situated some 5km from Cañas near the Corobici river. You have the option to continue cycling 15 km to Bebedero and the Tour Leader will be able to help arrange an optional boat excursion on the Corobici River for bird watching and to spot wildlife such as crocodiles and monkeys.

The route is mainly uphill but the gradient is gradual, so the answer is low gears and a steady pace today. We'll make a number of longer stops too, making the most of the breathtaking scenery as we make our way to Yoko Termales, on the slopes of Miravalles Volcano. Finishing the day at the higher and cooler elevations of the slopes, we'll be rewarded this afternoon with a welcome dip in the natural hot springs.

Another day here affords an opportunity to relax and enjoy more of its unique attractions, with a three to five hour ride along the slopes of volcanoes and through the forest to Liberia (returning by vehicle), providing the perfect excuse for revisiting the hot springs. The volcano's verdant slopes form part of the area's protected zone, which is a lush haven of cloud and primary forest that provides shelter for coyotes, howler monkeys, peccaries and even pumas. For anyone not wanting to cycle there are other options available including hot mud baths or a walk to Las Hornillas, to visit its active volcanic crater.

### Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require.

General: Pack essentially for hot weather. Bear in mind that the region is tropical (humid) and that days can be very hot. Lightweight rainwear or an umbrella is advisable all year. Casual clothes are the most practical (something with long sleeves, and long trousers for evenings), and tight fitting garments should be avoided. A swimming costume is recommended.

### Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that

combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. It is a legal requirement in Costa Rica to wear a helmet that meets current safety criteria. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn.

Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

## Tipping

### Explore leader

Tour Leader: At your discretion you might also consider tipping your Tour Leader in appreciation of the efficiency and service you receive.

### Local crew

Although entirely voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour. Accordingly, you should allow USD 35 for group tipping. Ten percent tip is expected in restaurants.

## Costa Rica

### Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

<b>Lunch price</b>	<b>Dinner price</b>	<b>Beer price</b>	<b>Water price</b>
£13	£13	£3	£1.3

## Foreign Exchange

### Local currency

Costa Rican Colon.

### Recommended Currency For Exchange

Carry all your funds in US cash NOT Sterling or Travellers Cheques which are more difficult to exchange. We recommend to take a minimum of US\$400-\$500 of your total spending money in cash, in mixed denominations. Notes should be in good condition otherwise they might be difficult to exchange. USD can be used in some places in Costa Rica. You may wish to take extra cash to cover the cost of optional excursions – please see the budget for your trip section on the trip notes.

### Where To Exchange

Your Tour Leader will advise you on arrival.

### ATM Availability
