Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip in Marrakech

We join our trip in vibrant Marrakech. For centuries the meeting place for the mountain Berbers and the desert people of the south, it is divided into two distinct parts - Gueliz (the modern French-built city) and the old medina. The city's beating heart is the lively Djemma-el-Fna square - alive with storytellers, musicians, jugglers and snake charmers. At sunset, dozens of food stalls are energetically set up for the evening trade, selling everything from snails and sheep heads to broths and tagines.

DAY 2 - Explore Marrakech; drive High Atlas pass to Ouarzazate

This morning, we have some time to visit the souks and sites of the medina before our drive to the garrison town of Ouarzazate - gateway to the Sahara Desert. Our journey takes us over the dramatic High Atlas pass of Tizi n' Tichka, at an altitude of 2,260 metres. En route, we plan to visit the spectacular fortified city of Ait Benhaddou - classified a UNESCO World Heritage Site and considered by many as one of Morocco's most picturesque settings. Richly decorated and studded with crenelated towers, the town's spectacular kasbah may be recognised from scenes in Jesus of Nazareth, Lawrence of Arabia, Gladiator and, most recently, Game of Thrones. The drive to Ouarzazate takes about 4 hours.

We spend the night in Ouarzazate and prepare for tomorrow's cycling journey.

DAY 3 - Cycling in the Draa Valley, then drive to Alnif

Leaving Ouarzazate by bus, we drive over the dramatic Tizi n'Tinifift mountain pass, rising to an altitude of 1,800 metres amid the lunar landscape of the Anti-Atlas. We continue down into one of the most stunning natural wonders of Morocco - the Draa Valley, where we have the opportunity to enjoy an exhilarating cycle ride. Littered with kasbahs and ksours (fortified villages), the Draa Valley is the largest date palm oasis in Morocco. We begin cycling before the small town of Agdz and head south on descending terrain through lush oases. We will get back into our vehicle for the last part of our journey to our overnight stop at Alnif which takes about 3 hours.

Our total cycling distance is approximately 45 kilometers (120 meters total accumulated ascent and 342 meters descent).

ACCOMMODATION:
Kasbah des Meteorites (or similar)

Grade: Standard Hotel

SWIMMING POOL AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 4 - Cycle the foothills of Jebel Sahro; camel trek to camp

This morning, we cycle from our hotel along the southern foothills of the Jebel Sahro mountain range, against the spectacular backdrop of the 2,712 metre Amalou n'Mansour peak. This is a very remote part of Morocco and few cars pass through this vast area of stony hammada desert. Later we drive to Merzouga (approximately 2 1/2 hours), from where we will go on an exciting camel trek to explore the contrasting and more stereotypical desert landscape of Erg Chebbi. This spectacular natural wonder is home to the largest expanse of sand in Morocco, with giant dunes peaking at an impressive 150 metres. In actual fact, landscapes like this only cover about one fifth of the Sahara's surface, the rest is made up of vast rock and gravel plains. Our camel trek takes us to our desert camp where we will spend the night. This ultimate 'Arabian Nights' experience allows us to experience the unrivalled tranquillity of this desert setting. Mattresses, blankets and pillows are provided and washing facilities, including flushing toilets, are available.

Our total cycling distance is approximately 50 kilometers (92 meters total accumulated ascent and 210 meters descent).

ACCOMMODATION:
Nomad Camp - Chebbi Dunes (or similar)

Grade: Simple Camping

MEALS PROVIDED: BREAKFAST & DINNER

DAY 5 - Enjoy Sunrise in the sand dunes then pedal to Erfoud

This morning, we recommend rising early to watch the spectacular desert sunrise as it casts shadows across the rolling dunes. After breakfast, we return to Merzouga by camel. A short drive takes us to the start of today's cycle ride in the Rissani region- homeland of the Alaouite dynasty, which reigned in this area for 300 years. Cycling through an expansive desert landscape on mostly flat terrain, we pass palmeries and ksours on our journey to Erfoud - our base for the night.

Our total cycling distance is approximately 38 kilometers (56 meters total accumulated ascent and 17 meters descent).

ACCOMMODATION:
Kasbah Tizimi (or similar)

Grade: Standard Hotel

DAY 6 - Bike though local villages en route to El Kelaa Mgouna

This morning, we set off on our bikes towards Tinerhir in the foothills of the Atlas Mountains. Passing alongside the ancient 'Fogaras' subterranean irrigation system, our route takes us through a lush oasis, abundant with date palms and olive groves, fruit orchards and almonds trees, all littered amongst a fertile landscape of grain and vegetables. Our bus will pick us up for the last part of our journey to Todra Gorge - renowned as one of the most spectacular canyons in the world. Here, ochre-coloured rock walls rise vertically to a height of 160 meters, leaving just a narrow pass through which the track and river struggle for right of way. We have time to explore these deep, narrow mountain chasms on foot and are likely to see the Berber women drive their goats through the gorge to the better grazing land higher up. We continue our journey by vehicle along the former caravan route between the Sahara and Marrakech to reach our overnight stop in El Kelaa des M'Gouna. Our driving time is about 4 1/2 hours. Known as the 'town of the roses', it is surrounded by a landscape of scented blooms each spring. These are harvested in May during the famous Festival of the Roses, before being processed into rosewater and sold throughout the Islamic world.

Our total cycling distance is approximately 40 kilometers (100 meters total accumulated ascent and 19 meters descent).

ACCOMMODATION:
Hotel Ksar Kaissar (or similar)

Grade: Standard Hotel

SWIMMING POOL AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 7 - Ride down the Atlas Mountains and return to Marrakech

After an early breakfast, we drive into the High Atlas to the Tizi n'Fedrhate Pass at an altitude of 2,150 metres. From here, we start cycling down into the northern foothills of the Atlas Mountains, through some of the most dramatic scenery of this entire trip. Amid the silence of the mountain valleys, the hardy Berbers cultivate fields of barley, wheat, olives, figs, beans, peas and almond groves. Here, tradition is strong and social organisation remains uncompromisingly tribal. These 'Lords of the Atlas' present us with a unique view of a way of life lost to the rest of North Africa, where music and dance, even language and religion, are far removed from their Arab neighbours. Later, we get back into our vehicle, returning to Marrakech late in the afternoon.

Our total cycling distance is approximately 50 kilometers (170 meters total accumulated ascent and 1574 meters descent).

Please note: Today's cycling route may have to be altered in adverse weather conditions.

Country information

Morocco

Climate

The climate is both Mediterranean and Atlantic. The dry, hot season is from May to October when summer temperatures can reach 38°C and above (if sight seeing is included we will do our best to avoid the heat of the day during this period). Temperatures may drop significantly at times during the night as the day's heat rapidly diminishes. From December to January snow can be expected on mountain passes and it can be wet. In winter, day temperatures will probably be around 18-25°C, dropping to perhaps 0-5°C.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Clothing

We recommend you bring padded cycle shorts and quick drying cycle shirts for the daily cycling. Soaked cotton clothes tend not to dry while cycling. Cycling gloves are strongly recommended as they will protect you from sunburn and may also help protect your hands if you fall.

Evenings and nights can become quite cold between October and March. It is advisable to take warm clothing (e.g. track suit or thermal underwear) to sleep in, as some of the Moroccan hotel rooms do not have heating. Keep in mind that at altitude and in the desert, temperatures can drop rapidly, so a warm sweater or fleece, plus waterproof/windproof shell garment, hat and gloves are essential. Don't forget your swimming costume in the warmer months.

Morocco is a Muslim country and it is important to dress with respect for local customs. People may be offended by shorts or revealing dresses, which can attract unwelcome attention. We advise that in general both men and women should cover shoulders, upper arms and knees. Transparent, 'plunging' necklines and tightfitting clothes should be avoided. Women should also cover their heads when entering a sanctuary, though in general, mosques are forbidden to non-Muslims. For those clients on a cycling holiday please bear this information in mind for times that you are not on the bikes. While cycling it is no problem for both men and women to wear your regular cycling gear, tight fitting or not.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage

20kg

Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike. Remember you are expected to carry your own luggage so don't overload yourself.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to

consider bringing a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Please note that for the desert camping thick mattresses, blankets and sheets are provided for you. In the winter months between November and March you may consider bringing a sleeping bag to supplement the blankets provided as night temperatures can be very cold.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow £25.00 per person for group tipping.

Morocco

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Lunch price	Dinner price	Beer price	Water price
£6.00 - 8.00	£8.00 - 12.00	£2.5	£0.6

Accommodation notes

Standard - Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Simple - These are often small, family run establishments or campsites which provide a no-frills experience with adequate amenities and service standards. Sleeping arrangements are simple, sometimes with en suite facilities.

Morocco is a developing country and as such, the accommodation standards are not equivalent to those in Europe and can be more basic. We generally choose our properties because of their location, cleanliness, traditional style or for their welcoming atmosphere, as we endeavour to provide an authentic Moroccan experience. However, some of the properties might have some outdated or simple furniture and the level of service may vary depending on the location. You may find that availability of hot water is variable or limited in certain locations. Breakfasts are generally continental style. A swimming pool is often available, especially in the cities.
