## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join tour Venice Airport and drive to Merano

Our trip begins at Venice Marco Polo Airport (VCE) at 5.30pm in the arrivals hall. If you would like to join the complimentary airport transfer today, the latest your flight can arrive is 5pm. We will then travel together as a group and the drive will take approximately three hours (300km) to our hotel for the night in the Alpine town of Merano. After check in the Leader will organise timings for the welcome meeting, bike fitting and a group meal for those interested.

Located in the South Tyrol, Merano enjoys a fine setting sat in a basin at an altitude of 325 metres surrounded by mountains over 3000 metres high. It has been famed as a spa town since the 9th century and only became part of modern Italy after the First World War. Prior to this it formed part of the Hapsburg Empire which explains the prevailing Germanic culture, language and food in this region. This evening there will be a short briefing by our Tour Leader about the week ahead.

No cycling today.

## DAY 2 - Cycle Merano to Bolzano

After breakfast and ensuring everyone is happy with their bikes we commence our first cycle ride, much of which is flat, as we make our way to Bolzano on a bike path amidst alpine meadows. We leave Merano then make our way down the scenic Adige Valley cycle path past endless vineyards and apple orchards, against a backdrop of Alpine mountains. We ride on this cycle path all the way to the town of Bolzano, the capital of South Tyrol. After arriving in the late afternoon there is free time to explore Bolzano and perhaps visit some of the museums or take the Funivia Renon (cable car) up the mountainside to enjoy spectacular views over the valley.

Our total cycling distance today is approximately 35 kilometres (Total 100 metres ascent, 200 metres descent).

## DAY 3 - Cycle Bolzano to Trento via Lake Caldaro

This morning we continue our journey by bike from Bolzano to the impressive setting of Lake Caldaro on a longer ride. From the crystal clear waters of Lake Caldaro the ride follows the beautiful 'Strada del Vino' (wine road) leading through numerous wine-producing villages and along the way we plan to stop at a vineyard for an optional wine tasting. We then descend into the Adige valley and enter a bike path that takes you all the way to Trento. Along the way we may make a stop at one of the 'Bici Grills' (cyclists bar) and visit century-old villages such as Egna and Salorno. Please note that although the route is largely on the flat, it is not unusual to encounter headwinds that slow you down. For this reason there is the option to reduce today's ride by 24km by taking the train from Mezzocorona to Trento (approx 15 Euros

per person depending on numbers, this must be arranged previously with the Tour Leader as the bikes need to be transported separately). We should arrive into Trento in the late afternoon. The town has an impressive setting in the Dolomites and within the town itself there are several interesting sites including Buonconsiglio castle, museums and other historical buildings.

Our total cycling distance today is approximately 72 kilometres (Total 100 metres ascent, 150 metres descent). There is the option to reduce today's ride by 24 kilometres.

We start the day with a very short bus ride from Trento to Cadine. Our cycle route leads us up and out of the Adige Valley, taking in superb views and a number of smaller lakes such as Toblino Lake which is dominated by a small castle. We continue on to the village of Arco - a famous rock-climbing mecca. The cycling today is nearly all along dedicated bike paths and towards the end of our ride we are rewarded with stunning views of Lake Garda. Upon arrival into the charming town of Riva del Garda town in the mid- to late-afternoon we check into our hotel. The rest of the day is left free to explore the narrow, medieval alleyways of the old town and its dramatic lakeside setting.

Our total cycling distance today is approximately 42 kilometres (Total 300 metres ascent, 660 metres descent).

### **DAY 5 - Lake Garda boat ride. Cycle to Verona**

We start the day with a relaxing and beautiful public ferry ride (2.5 hours) south across Lake Garda to the town of Bardolino. From the port we ride through town on regular roads for about two kilometres, after which we continue on small country roads which lead us to a bike path that we follow for the last section of cycling into Verona. Although we continue mostly along urban cycle paths the traffic levels inevitably increase on the ride into the city of Verona. We spend the next two nights in the beautiful city of Verona; the setting for Shakespeare's Romeo and Juliet. Over the next couple of days you will have time to visit the city's Roman amphitheatre, the Duomo, see Ponte Scaligero and enjoy the vibrant atmosphere in one of the several piazzas.

Our total cycling distance today is approximately 29 kilometres (Total 250 metres ascent, 245 metres descent).

### **DAY 6 - Cycle to wine-producing Soave. Train return to Verona.**

Today we cycle to Soave mainly along quiet country roads, with sections of dedicated bike path and an interesting section alongside old irrigation channels (fossi) built in Roman times. The ride is generally flat with one steep hill (for about 1.5 kilometres) just before we reach the village of Colognola ai Colli. From here we cycle into the beautiful wine growing region of Soave, known particularly for its fresh, fruity and light-bodied white wines which are made mostly with the local Garganega grapes. The town of Soave grew up around its imposing medieval military castle, one of the best examples of castle architecture in Veneto. For a long period of time it suffered feudal quarrels, invasions and defeats and as a result has a rich history. The final kilometre or so of the ride, from Soave to the train station in Bonifacio, encounters unavoidable busier sections of road. We return to Verona by train then cycle once again through the city to our hotel, leaving some free time in the afternoon to explore the city. There is the option of a two hour

guided tour.

Our total cycling distance today is approximately 35 kilometres (Total 200 metres ascent, 235 metres descent).

For those interested in experiencing Venice in a totally different way there is the option to take a guided kayaking tour of the city and lagoon, it lasts around 1.5 hours and includes the Canal Grande and other small canals. The rest of the day is free to explore at leisure. At the end of the day we make our way back to Mestre by bus where we spend the night. ## Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require.

General: Pack layers of clothes essentially for mild or hot weather depending on the time of the year, but remember a warm fleece if travelling at the start or end of the season as the weather can be changeable.

Temperature and rainfall is more or less the same for all places visited, with the exception of Verona where it rains less in July and August. In spring/autumn rain tends to be lighter and more prolonged while in summer it comes down as shorter heavier downpours. In summer the Adige valley is very hot and temperatures are normally above 30°C and often goes over 35°C.

## Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or

all of your cycling equipment e.g. helmet as part of your hand luggage.

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

### Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping.

In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.

## Italy

### Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide.
