Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Trip starts in Famagusta

Arrive in Famagusta; Famagusta was once one of the richest cities and most important trading ports in the world. The so-called 'City of 365 Churches' has been ravaged by severe wars and earthquakes throughout history, but still contains beautiful examples of medieval and gothic architecture. William Shakespeare is said to have used it as the setting for Othello and the Venetian Citadel, overlooking the harbour, is popularly known as Othello's Tower.

There are no other activities planned today, so you are free to arrive in Famagusta at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive into Larnaca International Airport (LCA), which is an hours' drive from Famagusta. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, perhaps you might choose to Explore Famagusta and its 15th and 16th- century Venetian walls, on top of which are great views of the town and the Mediterranean Sea.

Your Leader plans to meet you in the hotel reception at 9am tomorrow morning for the welcome meeting.

Palm Beach is overlooked by the ghost town which has been left uninhabited since 1974 when 40,000 residents of Famagusta fled as Turkish troops advanced, leaving the town as the emblem of a divided Cyprus. The once resort is cordoned off from the public.

Your total cycling distance today is approximately 12km.

Salamis with its significant collection of Mycenaean, Roman and Byzantine artefacts is the most important ancient city on the island, a local guide will show us round the site helping to bring the history to life. Explore the attractive combination of ruins, sandy dunes and sea panoramas. In spring the area is covered by the yellow blossoms of the acacia bushes. We stop here for lunch and a swim in the sea. Then we cycle on to our final destination for today Bogaz, a small fishing village with excellent fish restaurants.

Cycle to the ancient seafront ruins of Agios Philon and to Apendrika, said to have been one of the island's foremost cities, where you can see Cyprus's oldest surviving domed church. This area is home to a large population of wild donkeys, you might see them playing at the shore. It is one of the very few areas in the Mediterranean where the endangered loggerhead and Green turtles lay their eggs on the beach. Loggerheads nest mainly from the middle of May to about the middle of August, while Green turtles start and finish about two weeks later. Next we cycle to Apostolos Andreas Monastery, a famous pilgrimage site for the Cypriots coming from the South. Cycling further on to Cape Andreas, the north-easternmost point of the island where once an Aphrodite temple greeted the seafarers, also where many shipwrecked on the small islands in front of the Cape. You may see another important resident of the peninsula, the Mediterranean Monk Seal, extremely rare in this part of world. We then cycle back to Dipkarpaz.

Our last night is spent here where you can sample some excellent North Cyprus food and explore the town's beautiful and eclectic mix of Venetian facades, mosques and minarets. Country information

North Cyprus

Climate

The climate in North Cyprus is generally very favourable. Typically mediterranean, North Cyprus has very hot dry summers and cooler, yet still pleasant, winters. Temperatures mid summer could reach into the 40s with the lowest temperatures in winter around 15 degrees.

| Time difference to GMT | Plugs | Religion | Language |
|------------------------|------------|----------|--|
| +2 | 3 pin flat | Islamic | Turkish, although English is widely spoken |

Budgeting and packing

Clothing

We recommend you bring padded cycle shorts and quick drying cycle shirts for the daily cycling. Soaked cotton clothes tend not to dry while cycling. Cycling gloves are strongly recommended as they will protect you from sunburn and may also help protect your hands if you fall. A jumper or fleece is also advisable for the evenings as temperatures can drop sharply. A raincoat is advisable for early spring and autumn as there may be sporadic rain showers.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage

20kg

Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or

handlebar bag is provided on the bike.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping.

In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.
