## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Trip starts in Porto; evening orientation walk

Our trip starts in Porto. Portugal's second city straddles the River Douro and its atmospheric historic centre lies on the northern bank. The Port Wine lodges are located along the river in Gaia on the southern side.

The Tour Leader plans to meet you in the hotel reception at 6pm for the welcome meeting followed by a quick orientation tour on our walk to the first group dinner where you can get to know your fellow travellers. If you would like to receive a complimentary airport transfer today, you will need to arrive into Porto Airport (OPO), which is a 30-minute drive from the hotel. If you miss the briefing, your Tour Leader will inform you of any essential information as soon as you catch up.

No cycling today.

**ACCOMMODATION:**  
Moov Hotel Porto Centro (or similar)

**Grade: Comfortable Hotel**

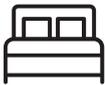

**SINGLE ROOM AVAILABLE**

## DAY 2 - Cycle ride up the scenic Douro Valley on quiet roads to Peso da Regua

We leave Porto this morning after breakfast, travelling by train for nearly two hours to reach Pala where our first ride begins. We will walk from our hotel some 500 metres to the train station (mention to Tour Leader if you are going to struggle). There will be some time to ensure all are happy with our bikes and to make any minor adjustments. We then begin cycling and continue our journey up the Douro Valley, cycling on relatively quiet roads. Towards the end of our ride we enter one of the world's oldest demarcated wine regions - Porto and we start to see the famous terraced vineyards that have produced Port for over three hundred years. Our ride ends in Peso da Regua from where we travel by public bus for about an hour to Viseu and our hotel for the night. Set on a high plateau in the hills of Beira Alta, Viseu retains a medieval feel and has been an important crossroads since Roman times. Nowadays it is the centre of production of Dão wines.

Our total cycling distance today is approximately 47 kilometres (total 800 metres accumulated ascent and descent).

## DAY 3 - Ride the Dão cycle path; drive to university town of Coimbra

We cycle from the hotel after breakfast and ride our way to the start of the Ecopista do Dão cycle path. This cycle and walking path was made in 2011 by converting a railway line and we follow the entire route, with a downhill bias, to Santa Comba Dão. The first part runs along the banks of the river Dão, later leaving the river and running through landscapes covered with oak and chestnut trees with some vineyards and cultivated land. In the distance the mountains of the Serra do Caramulo (in the north) and the Serra da Estrela (in the south) are always present. At the end of the ride, depending on our arrival time we travel by train or public bus to Coimbra - once the medieval capital of Portugal and home to the historic University. The Tour Leader will take us on a walk through the backstreets and old quarter.

Our total cycling distance today is approximately 49 kilometres (total 150 metres accumulated ascent and 550 metres descent).

#### **DAY 4 - Train ride to Aveiro - the Portuguese 'Venice'; cycle on coastal plains to Figueira da Foz**

First thing today we catch the train to Aveiro - a charming town that is known for its canals, Art Nouveau architecture and colourful Moliceiros boats. We start our cycle along the colourfully painted beachfront houses in the Costa Nova neighbourhood. The surrounding area is a shallow coastal lagoon rich in birdlife and our cycle route takes us south, through the plains and marshland close to the sea, to finally reach Praia de Mira where our ride ends. We then travel by bus 45mins to Figueira de Foz where we spend the night. Figueira sits at the mouth of the Mondego River and its extensive beaches of soft white sand meant that it has developed as a seaside resort as well as a fishing port.

Our total cycling distance today is approximately 49 kilometres (total 190 metres accumulated ascent and descent).

#### **DAY 5 - Drive to historic Alcobaça; coastal cycling via Nazaré to Foz do Arelho**

After breakfast we drive for about 1.5hrs to Alcobaça, allowing some time here to explore before starting our cycle ride. The 12th century UNESCO listed monastery is considered to be one of the finest examples of early Gothic architecture in Portugal. Today's cycle ride starts here and the first section follows the

valley down to where it meets the sea at Nazaré. This seaside town has become famous among surfers for the monster waves, created by a trench close to shore, that can reach over 20 metres in height in the winter months when conditions are right. Our cycle route then follows the coast south to Foz de Arelho where we spend the next two nights. Foz de Arelho remains remarkably undeveloped and boasts a vast beach on the estuary, popular for windsurfing, as well as a great seafront beach just 15 minutes walking from town.

Our total cycling distance today is approximately 48 kilometres (total 400 metres accumulated ascent and 330 metres descent).

## **DAY 6 - Free day. Relax on the beach or visit charming walled town of Óbidos**

Today has been left free to explore or relax. We suggest a visit to nearby Óbidos and it is possible to travel there by taxi or join the Leader on an optional cycle ride. Óbidos is considered to be one of the most picturesque and well preserved medieval towns in Portugal. The town prospered after becoming part of the royal estate from the 13th century and within the walls you can visit the castle and lose yourself in the maze of narrow streets and little squares with fine examples of religious and civil architecture from the town's golden days.

Our total cycling distance today is approximately 30 kilometres (total 420 metres accumulated ascent and descent) (optional)

### **DAY 7 - Coastal ride to traditional fishing port of Peniche; drive to Lisbon**

Our final ride is always close to the sea as we cycle south until Peniche, spectacularly set on a headland surrounded by the sea. The town remains an important fishing port as well as offering great beaches and surf. We will have some time to explore the walled historic centre where you can see the old fort where Salazar's regime imprisoned political prisoners only a few decades ago. We then drive for around 1.5 hours to Lisbon and the Leader will do a short orientation walk on arrival followed by free time to explore further. Resting on seven hills overlooking the estuary of the River Tagus, Lisbon became the capital of Portugal after its conquest from the Moors in 1147. As Portugal built a global empire Lisbon became the hub of international trade and the heart of this maritime Golden Age of discovery, reflected in the monumental architecture. A devastating earthquake and resulting tsunami almost totally destroyed the capital in 1755 and therefore Lisbon appears as a carefully planned 18th century city. Lisbon offers a good selection of restaurants to celebrate the end of our journey followed by the option to see a live performance of traditional 'Fado' music for those interested.

Our total cycling distance today is approximately 43 kilometres (total 490 metres accumulated ascent and descent).

### **DAY 8 - Trip ends in Lisbon**

The trip ends after breakfast at our hotel in Lisbon.

There are no activities planned today, so you are free to depart at any time. If your flight is departing later in the day luggage storage facilities are available at our hotel. If you would like to receive a complimentary airport transfer today, you need to depart from Lisbon Portela Airport (LIS), which is about 15 minutes' drive from the city centre.

### Climate and country information

#### Portugal

##### Climate

Overall, spring, early summer and autumn are ideal times for a trip to Portugal - though the weather varies enormously from region to region. The northern high plains has both extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. The islands have very different weather patterns due to their positioning and can have sudden rain falls throughout the year so waterproofs are recommended even in the summer.

### Budgeting and packing

#### Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Lisbon - Fado concert 35-40 Euros

#### Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require. Be prepared for wind from the Atlantic in general and some colder days on the bike on departures in April, May and October.

General: Pack essentially for mild or hot weather depending on the time of the year.

#### Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn.

Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

### Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £20 of local currency for tipping. In order to make things easier for you, the Explore Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the trip.

## Portugal

### Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide.
