Cuba - Trip code FCLT

Family Viva Cuba!

An action-packed holiday for adventurous families. We swim in jungle pools, shower in waterfalls and hike along forest trails. We camp out at traditional haciendas in the mountains and have the opportunity to experience the thrill of zip-wiring through the tree tops. From cruising around the vibrant capital city of Havana in a 1950s American car to snorkelling in the warm waters in the Caribbean, Cuba is the ideal destination for a fun-filled family holiday.

Now is undoubtedly a fantastic time to visit Cuba to see and experience the island. Visiting Cuba is like stepping back in time as little has changed over the past 50 years. To fully enjoy the Cuban experience you should travel with a willingness to expect the unexpected and, above all, an adventurous spirit. In our opinion go now and experience this unique destination before it changes.

TRIP PACE:

Full on

Full on paced trips are for travellers who like their holidays packed with activities and experiences, moving on quickly from place to place with lots of early starts and long, busy days. Some may find them tiring, but others get a buzz from packing their precious holiday-time as chock-a-block full of new experiences as possible!

Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Arrive Havana

Built around a deep natural harbour, Havana is one of the most impressive cities in the Americas. It's also one of the most exciting: the modern city is a fascinating mix of old and new, with crumbling tenement blocks and 1950s American Cadillacs rubbing shoulders with grand colonial buildings and monuments to the revolution. Wherever you go there is music - the hypnotic rhythms of salsa, trova and son can be heard in every bar, street corner or 'casa de la musica'. Founded in 1519 the city became the gateway for the Spanish conquests of Mexico and Peru, when its strategic location at the mouth of the Gulf of Mexico saw it eclipse Santiago as the country's capital. American influence in the 20th century came to an abrupt end in 1959, when Fidel Castro and his fellow revolutionaries expelled the Americans and set the country on its socialist course into the history books. Today we arrive and check into our city centre hotel.

DAY 2 - In Havana; tour the city in 1950s American cars and take a salsa lesson

What better way to get a feel for this vibrant and fascinating city than to cruise the streets in classic 1950s American cars, a colourful legacy of pre-revolutionary days? Our route takes in the beautiful, neoclassical architecture of Havana's Vieja (Old) district and the art deco buildings along the waterfront (Malecon) as well as driving through the Vedado and Miramar suburbs, where kids play baseball below rusting street lights. In the afternoon we get active with a salsa dance lesson: a chance to learn the basics of Cuba's most characteristic dance style.

DAY 3 - Drive to Vinales to discover this World Heritage Site

Leaving Havana we head west to the beautiful Vinales valley, a UNESCO World Heritage Site and home to some of the most famous tobacco fields in the world. The valley sits in the Sierra de los Organos mountains, where millions of years ago underground rivers cut tunnels through the soft limestone hills leaving behind strange hills or 'mogotes' that rise like cliffs from the rich, red soil of the valley floor. We take a short guided walk through this remarkable landscape, passing immaculate tobacco fields and beautifully tended fruit and vegetable gardens, pausing to visit local farmers and see for ourselves the intricate process of harvesting, drying and finally rolling the classic Cuban cigars (tobacco growing season is between Oct-April). The valley floor is dotted with simple, colourful farmhouses, each with its characteristic thatched-roof tobacco drying barn. Most of the farming is still very traditional and you can expect to see the fertile soil still being ploughed by oxen.

DAY 4 - Relax on the white sand beaches of Cayo Levisa

Today we journey by ferry to the beautiful white sand beaches of the island of Cayo Levisa on the north coast of Cuba. Here, mangroves and pristine white sand welcome us for a day's relaxation on the beach. The more active among us may choose to take an optional snorkelling trip to explore the colourful marine flora and fauna on the reef. As there is little civilization on the island, you may like to bring your own snorkel and mask although they are often available for hire locally

DAY 5 - Drive to Soroa visiting an orchid garden including a flower that smells of chocolate

Today we head east into the Sierra del Rosario at Soroa. We visit the beautifully tended orchid garden here, located on a steep hillside with views over the surrounding mountains. More than 700 orchid species are grown here (including one that smells of chocolate!) along with many other quite fascinating plants. This afternoon you may wish to take a walk to a beautiful nearby waterfall surrounded by dense, green forest which is rich in birdlife and home to many butterflies or you may wish to just relax by the pool

DAY 6 - Guided walk in Las Terrazas with an option to try out a zipwire

We start our day with a drive to Las Terrazas a small village in the heart of the Sierra del Rosario, a UNESCO biosphere reserve. The region used to be severely deforested so in 1968 an ambitious regeneration project was started. The hillsides were terraced (to reduce rain erosion) and millions of trees were planted. Now the area is covered in thick tropical vegetation, with the distinctive tall, white trunks of the majestic royal palm standing out against its rolling green hillsides. We set out this morning with a local naturalist guide to walk through the rich flora and fauna of Las Terrazas, finishing two or three hours later at a small waterfall with rock-pools, perfect for a refreshing swim (water-shoes are useful as there can be lots of scrambling over rocks). The rest of the day is left free to enjoy this beautiful area. A popular option is to do the exhilarating zip-wire course: three long wires take you flying over the tree-tops, the lake and even over the red-tiled rooftops of Las Terrazas village (it is easy to sit out the zip-wire course if not all family members want to participate). We will return to Soroa for the night.

DAY 7 - Drive to Cienfuegos via the Bay of Pigs

Heading east across Cuba, we drive through giant citrus and sugar plantations and out into the flat marshlands of the Zapata Peninsula. We stop at the Cueva de los Peces (Cave of the Fish), a 70 metre deep flooded natural pool with subterranean tunnels connect it with the nearby sea. We stop for lunch here and a swim and snorkel before continuing to the infamous Playa Giron - the Bay of Pigs. This seemingly quiet, rural area propelled Cuba onto the world stage when the CIA backed an abortive coup attempt by Cuban exiles that resulted in humiliation for the Kennedy administration, the death and capture of some 1400 soldiers and the immediate elevation of Fidel Castro to hero status. We visit the museum here to learn how a 20th century superpower was humbled by a supposedly ragtag army of disorganised rebels, an event that practically threw Cuba into the waiting arms of the Soviet Union. We then drive to Cienfuegos, another beautifully preserved colonial city with UNESCO World Heritage status.

DAY 8 - In Cienfuegos with optional boat cruise

This morning we will start the day with a short city tour around the colonial heart of Cienfuegos. This city is often referred to as the 'Pearl of the South', originally founded by the French it boasts the impressive Terry Theatre where they host operas and ballet. This

afternoon has been left free either to relax by the hotel pool or you may wish to take an optional boat excursion out to one of the local bays.

DAY 9 - Drive to Topes; Walk and swim in the nature reserve

This morning we skirt the edge of the wooded Escambray Mountains with the turquoise waters of the Caribbean on our right, we then take a short drive on steep, switch-back roads which leads us into the densely wooded Escambray Mountains, to the Topes de Collantes nature reserve. We transfer onto an open-sided 4WD truck which takes us deeper into the reserve, then set off on foot through the forests with our naturalist guide. Our trail takes us along a ridge with panoramic views on all sides, then into a valley cut deep by the Guayanara River. Our guide will point out the rich and varied flora and fauna along the way, including the rare Cuban trogon, Cuba's national bird, whose red, white and blue plumage mirrors the national flag. After a walk of around 3 to 4 hours we arrive at our 'hacienda', set in a beautiful valley. Lying alongside a river with bathing pools, Hacienda de Gallega is a converted farmstead with a dining area, a bar, simple toilet and shower facilities and some flat terraces where our tents will be set up. Surrounded by beautifully tended flowerbeds and the forests of Topes de Collantes, this is a wonderfully relaxing and peaceful place to stay. After lunch there's the chance to walk along the river to the Salto de Rocio waterfall, a 3 hour round trip, through an area rich with trogons, hummingbirds and woodpeckers.

Close to the waterfall there are rockpools where we can swim and - for the intrepid - swing out Tarzan-style on a liana overhanging the deepest pool. In the evening we eat a wholesome dinner at the hacienda then settle down to sleep overnight in our tents. Generous 2-man tents are provided along with foam mattresses and blankets, but we recommend you bring your own sleeping bag (or at least a sleeping sheet) in addition. If you prefer you can sleep out on the verandahs at the hacienda, under the eaves, rather than in a tent. Please note you can travel by truck to the hacienda if you prefer not to walk today.

DAY 10 - In Topes de Collantes nature reserve

A full day in the Escambray Mountains, exploring more of the Topes de Collantes nature reserve. In the morning we drive by truck to the start of our 3 to 4 hour walk. We follow a trail through forests and valleys, past streams and glades with flowers, butterflies and darting hummingbirds. Further on we reach La Batata, a cave through which an underground river gurgles, gently carving out rock pools. The water rarely exceeds 20°C so the swimming is exhilarating here! We walk on until we reach the beautiful, isolated Hacienda Codina, set in a green valley with manicured gardens all around. The traditional hacienda has a pleasant bar and verandah, with rocking chairs to sit back and enjoy the view. We enjoy a leisurely lunch in the dining area, surrounded by colourful flowers and birds, then rest through the heat of the day. Later in the afternoon we explore a short nature trail close to the hacienda, with rare orchids and unusual medicinal plants. At one point the trail actually passes through a cave (Cueva del Altar), emerging on

the other side of the hill to beautiful views over the distant Caribbean. Later we have dinner, enjoying another traditional home-cooked meal, before settling down for the night in our tents (or, like last night, you can choose to sleep on the verandahs of the hacienda). Once again you can skip the walk today and travel to the hacienda by truck if you prefer.

DAY 11 - Visit Trinidad in the morning, with a free afternoon

This morning we drive to Trinidad - A UNESCO World Heritage Site, the cobbled streets and Spanish architecture of Trinidad make it one of Cuba's most impressive and best preserved colonial towns. It was founded in 1514 but only came to prominence when French settlers fleeing the slave revolt in Haiti began arriving in the early years of the 19th century. These plantation owners built sugar mills in the nearby Valle de los Ingenios and the region quickly became responsible for a third of all Cuba's sugar production, generating huge wealth for the town. We will walk through the lovely streets, squares and markets of the old town and visit the cathedral, this afternoon we will head out to our hotel at the beach.

DAY 12 - Time to relax at Playa Ancon (near Trinidad)

These two days have been left free to make the most of the idyllic beaches near Trinidad, and the surrounding area. There are various options available during our time here, giving you the chance to be as active or relaxed as you like. You may wish to head into the Escambray mountains for a 4 hour trek (approx 8km) up through an unspoilt land of forest and water-eroded valleys. The trek is to an isolated hacienda where we would have lunch, before returning to Trinidad.

In the morning we drive west back to Havana. We will stop on route at the historically important city of Santa Clara. Here we visit the Che Guevara Mausoleum and Museum, the final resting place of one of the world's most iconic and recognisable revolutionary figures. We will then continue onto Havana where the rest of the day is free either to enjoy exploring more, perhaps wandering through some of the artisan markets looking for souvenirs to take home, or relax around the lovely pool at our hotel.

Booking a Single Room

All of our group tours are planned and operated on a twin-share basis, meaning that the standard cost is based either on individual travellers sharing accommodation with another group member of the same sex, or people who book together sharing accommodation. Please refer to the tour notes where the single room option availability is detailed on a night by night basis for this

tour, and the price for the available nights is detailed on the dates & prices tab by departure date. For Self-Guided trips the Single Room supplement offers the option of a single room each and is charged per person. The Single Room supplement also applies to the third person in a party of three that will be accommodated in a single room.

Accommodation and service levels in Cuba have improved in recent years but there is an ongoing trade embargo and lack of investment in infrastructure. Accommodation can be basic, particularly in some rural areas, occasionally with unreliable water and electricity supply. Service levels in government hotels, shops and restaurants are generally poor as this is not a service-oriented western culture. Of course, this is all part of seeing the 'real Cuba' and while we think you'll be pleasantly surprised by most of the hotels we use, you should be prepared for simply furnished rooms, some out-dated furniture and varying levels of service. Most of the hotels do have air conditioning and en-suite facilities.

Casas particulares (Trinidad) - This is a Spanish term meaning private accommodation or homestay in Cuba. Staying in a casa offers the visitor a unique opportunity to experience Cuban hospitality in local accommodation adapted for tourism. The number of rooms, quality, facilities and access to other areas of the house such as the living room varies massively but as a general rule the majority of Casas are clean, basic, centrally located and can host only a handful of guests. Casas are generally run by the owner and members of the family that live there and the standard of English spoken will vary from zero to fluent, which is a good opportunity for you to practice your Spanish. Virtually all of the rooms have private facilities but on rare occasions it may be necessary to share. Your Explore Leader will coordinate accommodation arrangements on the trip.

Family swimming

Some of the hotels have pools. There are also opportunities to swim in the sea and at the jungle pools at Las Terrazes.
