Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Trip starts in Vancouver

Arrive into Vancouver today. Known as the Jewel of North America and easily one of the most cosmopolitan cities in Canada, Vancouver's setting on the beaches of the Pacific Ocean surrounded by Mount Seymour, Cypress and Grouse Mountain will remind you that nature looms just round the corner.

Due to the number of evening flights into Vancouver, your Tour Leader plans to do the welcome meeting on the morning on Day 2, and will leave a message in reception with details on timings and everything else that you'll need for the day. There are no activities planned today, so you are free to arrive into Vancouver at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive into Vancouver International Airport (airport code: YVC), which is a 40 minute drive from the hotel.

If your flight arrives earlier in the day, our hotel is centrally located in the downtown area on Granville Street, close to the waterfront. It's a perfect base to explore some of the city's highlights - the enormous rainforest in Stanley Park or the Granville Island public market and surrounding waterfront are both highly recommended.

We enjoy a picnic in one of Vancouver's parks that overlook the Bay and catch the afternoon ferry to Victoria on Vancouver Island where we camp on the outskirts of the city. Although the island stretches almost 500km from north to south, it only has a population of 500,000 and with its numerous provincial parks, it is easy to escape into the wilderness.

We board a catamaran for a whale watching excursion around the surrounding islands. It may also be possible to sport Osprey, Bald Eagle and other marine birds on our whale watching tour.

Upon returning to shore we explore the capital of British Columbia province Victoria on foot, including sites such as the Inner Harbour, Bastion Square and the impressive Empress Hotel on the harbour front. We finish our guided tour at Thunderbird Park, home to numerous Totem Poles that were carved by First Nation citizens, the original inhabitants of modern day Canada.

The rest of the day is left for optional visits including the Royal British Columbia Museum or Butcherts Gardens which is world renowned for its beauty.

Please note: Sleeping bags can be provided locally. These must be reserved at the time of booking and paid directly to your Explore Leader on arrival at a cost of 50CAN\$ per sleeping bag hired for the duration of the trip.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between CAD\$7 to CAD\$14 per person per day as a guideline.

Local crew

In North America tipping 15%-20% is a recognised part of life across the service industry, including restaurants, activity suppliers, taxis and guides. Local staff will look to you for personal recognition of particular services provided.

Unlike other Explore trips, during our trips in North America our Explore leaders will not operate a tips kitty. However, they will be more than happy to provide guidance throughout the trip on who to tip when and to suggest appropriate amounts.

Canada

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Accommodation notes

We stay in a combination of national park and private camp grounds throughout the trip where all camping equipment is provided except a sleeping bag. Like many adventures of this type, much of the team spirit and camaraderie is developed through mucking in and helping out with basic camp responsibilities. This will include the setting up and taking down of camp, the loading and unloading of the trailer, meal preparation, and washing and clearing up. Be prepared for some early starts and some long days - there is an enormous amount to see.

Campsite facilities typically include toilets, showers, kitchen shelters where we have our meals, picnic tables and fire pits.

Inflatable mats are provided when we camp with the tents able to be closed for mosquito protection.

The tents are capable of sleeping three people although we normally have two people allocated to each tent.

Accommodation on day 6 is in a cowboy log style cabin in Wells Gray Park. There is also a Ranch House which was built by settlers to the area in 1912 which now serves as the ranch's kitchen and breakfast room. The rustic cabins are equipped with four to five bunk beds each with comfortable mattresses, tables and chairs, water containers and wash basins and double propane ceiling lights (Sleeping bags and pillows are available for rent).

Family swimming

In rivers, lakes and natural hot springs

Family information

Typical vehicle used in Canada

Wells Gray cabins

Vehicle information: The vehicles that we use on our Canadian trips are either low-roof or high-roof transit vans. Where possible, we aim to get the high-roof ones, allowing that little bit of extra comfort. Although not flashy, these small-group vehicles are perfect for exploring western Canada as they allow greater flexibility to get to those more off the beaten track places. Your Explore Leader will rotate seating positions regularly within the van. Please see the image gallery for further details.

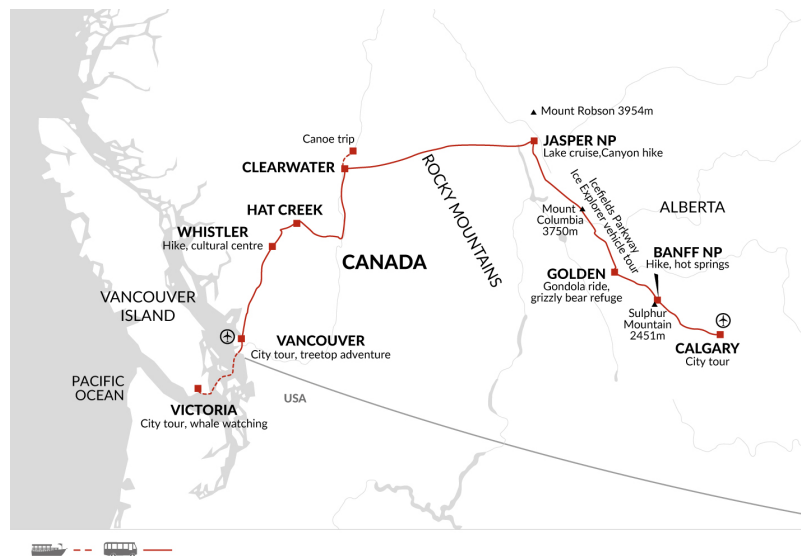

Triple rooms: This trip allows the option for triple rooms, tents and cabins to be included within the booking on all nights except Whistler and Banff. If you would like this option, a discount may be applicable on the cost of the trip - please ask our Sales team for further information. Please note that triple or quad hotel rooms in North America are generally

two queen size beds. For the camping nights whilst tents can accommodate 3 people we would suggest two tents between 3 to give you more space.

Average Age: As a guide we have identified the actual average age of the children who have travelled on this trip over the last 5 years, to help you decide whether it's the right one for your family. The average age on this trip is 14 years old.

Minimum age: This trip is suitable for children of all ages from 7 upwards.
