Galapagos Extension - South and Eastern Islands

ECUADOR, GALAPAGOS - TRIP CODE GMSB

WILDLIFE

Why book this trip?

On this tour we spend four nights on the Monserrat embarking on a Galapagos cruising adventure through the archipelago's southern and eastern islands. Highlights include snorkelling with sea lions, visiting the Charles Darwin Research Station and witnessing vast numbers of marine birds. Please note that this tour is operated in conjunction with a local specialist company and is not exclusive to Explore customers. Your fellow passengers may come from a number of different countries although all guiding is done in English, and may include families.

- **Enjoy Española Island** - one of the oldest islands in the archipelago
- **Land at Cerro Brujo** - observe sea lions, marine iguanas and seabirds
- **Visiting the tortoise breeding area in the highlands** - rich with endemic flora

Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join tour Quito

Quito is Ecuador's mountain capital and the second highest capital city in Latin America (2850m). One of South America's most beautiful cities, Quito lies in a narrow valley at the foot of the Pichincha Volcano, surrounded by snow-capped mountains and extinct volcanoes. Quito is separated into the old and the new cities. The old city is a UNESCO Heritage site due to its rich blend of colonial architecture, imposing churches and bustling local markets. Some of the main sites include the Plaza de la Independencia, the cultural heart of the colonial city which is home to the Catedral de Quito, and La Compania church which is considered one of the most beautiful churches in the Americas with its magnificent gilded altars, walls and ceilings. The church of San Francisco, Quito's largest and oldest colonial church built in 1553, is also worth a visit. A climb to the top of Cerro Panecillo affords one of the best views across the city and the surrounding mountains, presenting you with an unparalleled vista of the encircling Andes from the viewing platform offered by the statue of the Virgen de Quito. There will be plenty of time to explore the city on your own, before returning to your hotel for the welcome briefing in the early evening.

ACCOMMODATION:
 Hilton Colon (or similar)

Grade: Comfortable Hotel

SINGLE ROOM AVAILABLE

MEALS PROVIDED: NONE

DAY 2 - Fly to San Cristobal, transfer to the Monserrat

Today we transfer to the airport early for our flight to the Galapagos Islands via Guayaquil (refueling stop only, you will not disembark the plane).

Lying on the Equator, 970km west of the Ecuadorean coast, the Galapagos National Park is a unique collection of islands, formed by volcanoes over hundreds of thousands of years and consists of six main islands, 12 smaller islands as well as over 40 small islets, supporting a distinct and unique flora and fauna, including prehistoric creatures found nowhere else on earth. This desolate and fantastic habitat was discovered in 1535 by Fray Tomas de Berlanga. One of the original designations by him was Las Islas Encantadas, the Enchanted Isles. Charles Darwin visited the islands on the Beagle exactly three hundred years later, in 1835. He observed the total isolation of the giant reptiles and other creatures, and this played a substantial part in his formulation of the theory of evolution.

The Galapagos have never been connected with the continent. Gradually, over many hundreds of thousands of years, animals and plants from over the sea somehow migrated there and as time went by they adapted themselves to Galapagos conditions and came to differ more and more from their continental ancestors. Thus many of them are unique: a quarter of the species of shore fish, half of the plants and almost all the reptiles are found nowhere else. In many cases different forms have evolved on the different islands.

Of the extraordinary animals to be found in the Galapagos many are reptiles, such as the great tortoise, large land iguanas, numerous lizards and three species of non-poisonous snakes. There are also several species of turtle, which come ashore to mate. Up to three quarters of a million seabirds flock to the islands, including a third of the world's blue-footed boobies, frigatebirds, pelicans, cormorants, albatross and petrels. Only 35cm tall, the Galapagos penguin can be seen swimming among tropical mangroves, whilst offshore it is common to see dolphins, sea lions and fur seals playing in the water. Fearless though not tame, the extraordinary wildlife can be easily approached and the opportunities for photography are superb.

The Galapagos National Park charges a visitor fee of \$110 USD, payable on arrival, which funds park maintenance and supervision in the Galapagos, as well as ecological study, conservation and infrastructure development in Ecuador's other national parks. Entry fees and the funds they generate for the national park system are among measures taken by the Ecuadorian government to protect its natural heritage.

On arrival in San Cristobal, we will meet our naturalist guide and transfer to our home for the next four nights, the Monserrat. San Cristobal is the easternmost island of the Galapagos archipelago and one of the oldest geologically. The principal town is Puerto Baquerizo Moreno, the capital of the Galapagos. In the afternoon, visit Isla Lobos and be greeted by sea lions frolicking in the waves. Explore this tiny island for great wildlife encounters. Either by foot or by panga, view the sea and shore birds nesting and feeding. Spot a small colony of blue-footed boobies as well as two species of sea lions. Snorkel the waters of peaceful Isla Lobos, amid the families of sea lions and their inquisitive pups looking to play. Spot nesting frigatebirds and the famous blue-footed boobies resting on the shore. Be sure to bring your camera to catch some snaps at this prime wildlife watching haven.

ACCOMMODATION:
Montserrat (or similar)

Grade: Comfortable Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 3 - Walk at Cerro Brujo and visit Jacinto Gordillo breeding center

Our first landing for the day is at Cerro Brujo, where there is a chance to go hiking, swimming and snorkelling. The sandy beach is home to Sally Lightfoot crabs, brown pelicans, blue footed boobies and California sea lions. Spend the afternoon visiting the tortoise breeding area in the highlands rich with endemic flora. Visit the giant tortoise breeding centre and see all of the different species of tortoises up close. See newborns as well as full-grown adult tortoises that can live well over 100 years.

ACCOMMODATION:
Montserrat (or similar)

Grade: Comfortable Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 4 - Explore Gardner Bay and Punta Suarez on Espanola Island

Today we head to Punta Suarez on Espanola Island. The southernmost island in the Galapagos archipelago is home to several wildlife species, including masked and blue footed boobies. Enjoy the day on Española Island, one of the oldest in the archipelago. Visit the white sandy beach of Gardner Bay's and the bird colonies of Punta Suárez.

Arriving at Gardner Bay's in the morning, spend the day exploring on shore and snorkelling at Gardner Island in the bay. Visit its magnificent white sandy beach and spectacular landscapes. This incredible place is home to sea lions, hood mockingbirds, Nazca boobies, waved albatross, red-billed tropic birds, lava lizards, Galapagos hawks, and blue-footed boobies. Be sure to explore the beautiful turquoise water and its incredible sea life. Head to Tortuga Rock for a spectacular snorkelling experience. Spot playful young sea lions and large schools of tropical fish, including yellow-tailed surgeonfish, king angelfish, and bump-head parrot fish. Look for white-tipped reef sharks napping on the bottom. After lunch, sail to the western side of the islands to Punta Suárez, known for its amazing bird colonies and home to the waved albatross (April and December.) Be greeted by surfing young sea lions on arrival. Head to the trail to find many species of nesting sea birds, and, if lucky, see the waved albatross. Follow the path up to a cliff for great views over the ocean, and watch sea birds gliding in the wind.

ACCOMMODATION:
Montserrat (or similar)

Grade: Comfortable Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 5 - Observe the wildlife of Floreana Island, visit Post Office Bay

The history of Floreana Island has gradually evolved to reach near mythic proportions. The story begins when a baroness and her two lovers, a German doctor and his mistress, and a German couple and their young son all came to settle on this land. Their dalliances and disasters, shrouded in mystery, were chronicled in John Treherne's book 'The Galapagos Affair'. Descendants of the German family, the Wittmers, still live on the island in the small community of Puerto Velasco Ibarra. Mrs. Margaret Wittmer has also written a book entitled 'Floreana' and this can be purchased at the airport in Baltra or at a local bookstore.

This morning we make our way to Punta Cormorant on the northern part of Floreana Island. The landing is on a beach of green sand, coloured by olivine crystals, volcanic-derived silicates of magnesium and iron. The trail leads to a lake normally inhabited by flamingos and other shore birds and continues to a beach of fine white sand particles known as 'Flour Beach', an important nesting site for turtles. Spend the afternoon observing flamingos and other shore birds feeding in the lagoon. Spot penguins and marine iguanas at the water's edge. enjoy a snorkelling excursion at Champion Islet. Jump on in and get up close and personal with the playful sea lion colony that reside in the waters off this tiny island. Keep an eye out for sea lions, sea turtles, rays and colourful reef fish swimming by.

Later in the afternoon we stop at Post Office Bay, which has a lot of history. A barrel was placed here in the late 18th century by English whaling vessels to be used as a post office. Passing ships would stop to leave mail for loved ones, collecting at the same time any mail destined for ports on their itineraries. Today the box is used mainly by tourists, who may drop off and pick up unstamped letters to be carried to far destinations. The remains of a Norwegian canning factory are the only evidence of the island's history prior to its designation as a protected area. A short hike up past the post barrel takes you to an interesting lava cave. With the aid of a torch, you can descend about 80m to the point where the sea enters the cave.

ACCOMMODATION:
Montserrat (or similar)

Grade: Comfortable Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 6 - Visit the Charles Darwin Research Station, return to Quito

In the morning we arrive in Puerto Ayora, on Santa Cruz Island. Santa Cruz is the second largest island in the Galapagos and has the largest population, with Puerto Ayora as its main town. It also boasts the most varied of the islands' vegetation zones: coastal, transition, scalesia, miconia and pampa. The Charles Darwin Research Station is a ten minute walk from the centre of the town and has been responsible for conservation projects within the islands since 1959 (the centenary of the publication of Darwin's book the Origin of the Species). Here, an exhibition centre displays photos of recent volcanic eruptions, charts outlining geological formations and drawings of the evolutionary development of endemic species. A corral houses adult Galapagos tortoises, and a nursery cares for young tortoises until they are about three years old, when their shells have hardened enough to resist attack from feral dogs. The Research Station is also the training centre for naturalist guides who accompany all visitors and members of the international scientific community often come to study at the station.

We transfer to the airport on Baltra Island for our flight to Quito via Guayaquil (refueling stop only, you will not disembark the plane). On arrival back on the mainland, we transfer to the hotel for our final night in Ecuador.

ACCOMMODATION:
Hilton Colon (or similar)

Grade: Comfortable Hotel

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 7 - Tour ends Quito

The tour ends in Quito this morning, after breakfast.

MEALS PROVIDED: BREAKFAST

Trip information

Country information

Ecuador

Climate

Temperature ranges are similar all year round. In the highlands: the dry season lasts from June to mid-September. November and December are partially dry. The rainy months are October and from January to May, but showers are short and mostly in the afternoons. Temperatures range from 12°C to 24°C. Nights are cold at altitude (4°C - 10°C). The Coastal Region: from December to May it is hot and wet. From June to November it is generally cool and misty with sudden light showers.

Temperatures range from 16°C to 32°C. The Amazon Area: it is humid all year round. Temperatures range from 16°C to 32°C. From April to August the rainfall is heavier. The Galapagos: On the Galapagos, the hot season is January to April with largely sunny days and the possibility of heavy showers; the cool season runs from May to December and is generally more cloudy with much cooler seas. Please note that although it is windier from July to November the sea can be rough at any time of the year. On the mainland the dry season lasts from June to October, though September can be wet.

Galapagos

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

The below optional activities are bookable locally in Quito in the reception area of the Hotel Hilton Colon.

Please note, the following prices are a guideline only and may be subject to change. Due to International flights timings and the times of flights to and from the Galapagos, excursions will require extra days in Quito which we can arrange for you before travel, please speak to one of our travel consultants to secure additional nights and extra transfers :-

Quito city tour (Half Day) - US\$50 (1 pers) / US\$40 (2+ pers), Plus entrance fees approx. US\$ 9pp

Quito city tour + Equator Line (Half day) - US\$60 (1 pers) / US\$45 (2+ pers) Plus entrance fees approx. US\$ 9pp Equator line museum US\$9

Equator Line (Half day)- US\$50 (1 pers) / US\$40 (2+ pers) Museum ents. US\$9

Mindo Cloudforest (Full day) - US\$100 (1 pers) US\$70 (2+ pers) plus entrance fees US\$20

Otavallo Market (Full day) inc visit to Calderon - US\$100 (1 pers) US\$70 (2+pers)

Cotopaxi Volcano (Full day) US\$100 (1 pers) US\$70 (2+pers) plus Park Entrance fee \$35 USD per group

(this can be split between group)

Papallacta Hot Springs (Full day) - US\$100 (1 Pers) US\$50 (2+ pers) plus US\$7 Entrance fee per person.

This is transport only Spa treatments are extra.

Cable Car - US\$3 taxi ; Entrance US\$8 You can get from 2.800 m to 4.200 m in 10 minutes and view Quito at your feet.

Please note that optional activities will need to be paid in cash and do not include lunch - please allow US\$10 accordingly.

Clothing

We recommend that you do not bring too much clothing as space is limited in the cabins. We would recommend you bring a fleece top, waterproof jacket, 4 shirts / T shirts, 1 pair of shorts, 2 pairs of trousers and 1 pair of hiking trousers. You will also need a swimsuit for the additional water-based activities offered. Full snorkelling equipment is provided on board.

Footwear

Bring comfortable walking boots or shoes and trainers or sandals with a good grip. Plastic sandals (not flip flops) are useful for wet landings.

Luggage

20kg

Luggage: On tour

We recommend the use of a duffel bag or backpack (whichever you find easiest to carry). A good size daypack is also essential. If you don't wish to take your entire luggage with you to Galapagos, please ensure you have an extra bag you can leave behind at hotel storage and pick up on your return.

Please note that the amount of luggage you can bring on the boat is LIMITED due to small cabin size. We recommend travellers use soft sided duffel bags of 40-50 litres in capacity. We will accept luggage types onboard, however if you are a single traveller sharing with another traveller, it's especially important to keep in mind that cabins are small in size and it's best to pack light.

Equipment

Pack a torch, water bottle, sunglasses, insect repellent, high factor sunscreen, a beach towel, waterproof bag for camera and motion sickness tablets/patches for the boat. You may also wish to take binoculars. Full snorkelling equipment is provided on board.

Tipping

Local crew

Onboard the Galapagos yacht, tipping the naturalist guide and boat crew is customary. There will be two envelopes presented at the end of the voyage, one for the guide and one for crew members. The

recommended amount is \$15-18 USD per day from each traveller (\$5-7 USD for the guide and \$10-11 USD for the crew members). This is only a suggestion as we understand that tipping is a personal choice. Please note : Payment for tips will need to be made in cash (USD) at the end of your trip. Cards are not accepted on board.

Local fees

The Ecuadorian government currently levies a Galapagos Islands Park entry fee of \$120 USD per person. This is payable at the airport upon arrival in the park. It is not included in the cost of the tour, and must be paid in CASH. This fee funds park maintenance and supervision in Galapagos, as well as ecological study, conservation and infrastructure development in Ecuador's other national parks. Entry fees and the funds they generate for the national park system are among measures taken by the Ecuadorian government to protect its natural heritage.

The Galapagos National Park authorities have implemented a system of Transit Control Cards at a fee of \$20 USD per person. This card is to be purchased in CASH at a counter in the Quito airport before boarding the flight to the Galapagos. Please retain this card along with your passport as you will be required to present this upon arrival to the Galapagos Islands. Please note that this applies to all tourists entering the Galapagos Islands and is a supplement to the existing entry fee to the national park and is not controlled by tour operators or travel agencies. It is the first of a number of initiatives to track, control and maintain the sustainable tourism targets set out by the Galapagos National Park and the Ecuadorian government in an attempt to preserve the fragile environment of the archipelago.

Ecuador

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

| Lunch price | Dinner price | Beer price | Water price |
|--------------------|---------------------|-------------------|--------------------|
| £10 | £13 | £1.7 | £1.3 |

Foreign Exchange

Local currency

US Dollar.

Recommended Currency For Exchange

US Dollars are used in Ecuador. You can choose to either change your money in advance or on arrival at the airport. Here you will find both ATMs and Bureau de Change. The exchange rate with the USD is approximately USD 1.28 to the British Pound. We recommend you take small denominations as 100US\$ bills are very difficult to use. Please check on line for up to date information

Where To Exchange

Your Tour Leader will advise you on arrival.

ATM Availability

ATMs can be found in the major towns and cities for cash withdrawals in USD. Always have some cash back up as they are not always reliable

Credit Card Acceptance

Credit card are widely accepted in many shops and restaurants but some may be subject to a service charge

Travellers Cheques

We do not recommend Travellers Cheques

Galapagos

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Transport, Accommodation & Meals

Transport Information

Bus, Boat, Flight, Zodiac

Ship description

Featuring a spacious top deck with a bar, a large sundeck and a comfortable dining room and lounge area for briefings and relaxing, the Monserrat's common spaces are as roomy as her cabins. All cabins have side by side berths, private bathrooms and air conditioning. All meals are provided and are served aboard the vessel. The Monserrat boasts our highest passenger to expert ratio including a cruise director and a naturalist guide for every ten passengers. Snorkelling equipment and beach towels are included at no extra charge and wetsuits are available to rent. At times, when the Monserrat is being serviced, we will use another boat of equivalent standard and size.

The daily schedule consists of a shore excursion immediately following breakfast then lunch aboard and perhaps a siesta before the afternoon shore excursion. In the evening after dinner, your naturalist guide will brief you on the islands to be visited the following day. You are ferried from the yacht to shore via small boats called pangas. Landings are either 'dry' or 'wet', where you may have to wade ashore in shallow water. Your naturalist guide will accompany you during all excursions. Snorkelling and swimming are a large part of this trip and water-based activities will be offered on most days while

travelling in the Galapagos. Please note, if you are not keen on water sports, there will often be no alternative to the extra water-based activity offered, other than staying and relaxing aboard the vessel. In some landing spots, there might be an option to walk on shore but this would be without a guide.

Our Galapagos trips are often part of longer or shorter itineraries, so it is not unusual that some of the group may change mid-way through your trip.

Cabins

Please note that the rooming on our Galapagos yachts is done on a first-come, first-serve basis, and we are not able to guarantee the specific cabin you will receive on board. The cabins are comfortable and clean, all with private bathrooms. Due to the specific location of the cabins on board, the window sizes vary as well as the noise at times when the boat is navigating, given the proximity of the cabins to the engine room. Our friendly and competent crew will ensure a smooth and comfortable journey for the duration of your tour.

On this tour, the price is based on a lower deck cabin. You can upgrade to an upper deck cabin if you wish for £120.

Ship dining

On our Galapagos yachts, food is included, plentiful and made of fresh local ingredients. Dining is casual, tables are unassigned and the dining room is capable of seating the entire passenger compliment at one time. There is always a selection of different meals available, and vegetarians will find plenty of options. Special dietary requirements can be accommodated with advance notice, please advise us at time of confirmation. Coffee, tea and water are all provided free of charge. All other beverages, alcoholic and non-alcoholic are not included and can be purchased at the bar.

Approximate prices :

Beer - \$4 - 6 USD

Bottle of wine - \$30 USD

Spirits / cocktails - \$6-8 USD

Please note : Payment for drinks will need to be made in cash (USD) at the end of your trip. Cards are not accepted on board.

Essential Information

FCO Advice

We strongly recommend that you check your government's travel advisory for up-to-date information and advice about your destination: safety and security, entry requirements, health, local laws and customs. For UK Foreign and Commonwealth Office advice [click here](#).

For more information from Explore about travel advice, [click here](#)

Under 18 immigration guidance

Please note that some countries require proof of parental consent when travelling overseas with under 18s. Please check requirements with the relevant embassy or consular office well in advance of travel if this applies to your party.

Price Guarantee

Once your booking has been confirmed we guarantee the price will not increase, whatever the circumstances. Before booking please ensure you have read our important tour pricing information. [Booking Conditions](#)

Visa and Passport Information

Ecuador: Visas are not required by UK, Australian, New Zealand, US and Canadian citizens. In order for your visa to be granted on arrival, you will be required to show proof of travel insurance valid for the duration of your trip. Please also ensure your passport is stamped with the T3 permit (for 30 or 90 days) on arrival in Ecuador. Other nationalities should consult the relevant consulate.

Galapagos Islands: Visas are not required by UK, Australian, New Zealand, US and Canadian citizens. Other nationalities should consult the relevant consulate.

USA: (including those in transit) Citizens of the UK, New Zealand, Australia, Canada and passport holders from several EU countries can enter the United States without a visa under the Visa Waiver Program (VWP) - where you apply for an ESTA (Electronic System for Travel Authorisation), which applies if you enter the country by sea or by air. This must be done on line - <https://esta.cbp.dhs.gov> no later than 72 hours prior to travel. Travellers who have not registered before their trip are likely be refused boarding.

You must have an electronic passport with a digital chip containing biometric information about the passport owner. UK passports which are biometric feature a small gold symbol (camera) at the bottom of the front cover.

If you have visited Iraq, Syria, Iran or Sudan since 2011 or are dual nationals of these countries, you cannot travel with an ESTA and instead you will need to apply for a visa from the nearest US Embassy or Consulate. If you are unable to provide a valid visa before boarding flights to the US, or entering via another method, you may not be permitted to travel.

Please note for your ESTA application you will be required to supply Point of Contact information. Explore's USA contact information will be listed on your final documentation which you will receive approximately 3-4 weeks before departure. If you are leaving for the USA before this, please call the Explore team to get this information. (Not necessary if in transit)

For further information please check out the US embassy website. Visa applications - <http://london.usembassy.gov/niv/apply.html>

Canada: An electronic travel authorisation (ETA) is required by British citizens transiting via Canada. For more information see the official Canadian government website: <http://www.cic.gc.ca/english/visit/eta.asp>
Other nationalities should consult their local embassy or consular office.

If you do require assistance in obtaining a visa then you may be able to apply through Explore's recommended visa service in the UK, Travcour. See www.travcour.com to download the relevant visa application for your trip, if applicable (UK citizens only), along with details of how to apply for your visa through Travcour. The Team at Travcour will be happy to answer specific questions relating to visa applications, please call them directly on 0208 5431846.

It is your responsibility to ensure that you are in possession of a full passport, with the correct validity for your chosen destination.

Booking conditions

Before booking your Explore trip, please ensure that you read both our Essential Information and Booking Conditions.

Transfers

[Find out more about Trip Transfer Terms and Conditions before you book.](#)

Booking a land only package with Explore

Customers who have chosen to book on the 'Land Only' arrangements of our tour, please ensure that you have checked your tour specific 'Joining Instructions' prior to booking your own travel arrangements. Your joining instructions can be found below in the dates and prices information.

You may also be eligible for the Free Explore Transfer.

Joining Tour Abroad

Customers booked on the 'Land Only' arrangements will now receive a Free Transfer, provided you arrive and depart on the tour only itinerary start and end dates. The complimentary transfers will be arranged from the Explore designated airport or train station to your trips joining point, and then back from the ending point to the designated airport or train station. Generally the airport or station that Explore have selected will be the one that is closest to the town or city where the trip starts, or the one nearest to the joining point. It will be either an airport or train station but not both.

The exception to this rule is customers who are booked on a tour where the joining and ending point is at the designated airport or train station.

Free transfers are not available for Self-Guided, Polar, Tailormade or Tours for Churches customers.

If you are not eligible for the Free Transfer then you will need to make your own way through to the joining and ending point. On a majority of our tours Explore will be able to provide a private transfer at an additional cost. Please ask for a quote at the time of booking.

For more information regarding the Explore Free Transfer [click here](#)

Insurance

It is a condition of booking with Explore that you have adequate valid travel insurance. It is your responsibility to arrange appropriate travel insurance and ensure you have read and understood the full terms and conditions of your travel insurance policy to ensure that you are covered for all activities you intend to undertake whilst on the tour, including all optional activities. Your Insurance Policy must fully cover you for medical expenses and emergency repatriation to your home country. Please ensure your policy includes medical emergency helicopter evacuation in the event of illness or injury and covers the

entire duration of your holiday. If you are trekking at altitude please ensure that there is no upper altitude limit which may limit or exclude cover for your trip. The cost of many of our Polar Voyages will exceed the capped amount covered by standard insurance premiums and you will be required to pay an additional premium to cover the full value of your trip. Please ensure that you are covered for the full amount of your holiday cost, as insufficient cover could invalidate a claim under the policy. Medical and repatriation insurance cover is not mandatory for UK residents who are travelling on trips within the United Kingdom.

Read more information about what travel insurance is required.

Flight information

Explore offers a wide range of flexible flying options to make joining and leaving our trips easy. Read more about them here.

Flight Information

You are able to book this tour on a 'land only' basis or as a 'flight inclusive' package. Your flight inclusive package will be fully protected by the Civil Aviation Authority (CAA) ATOL protection scheme.

Booking a flight inclusive package with Explore

We have a good selection of flights not only from London but from many regional airports around the UK allowing us to compare fares between scheduled carriers as well as low cost and charter airlines. Our dedicated flights team will match the best flight options to your arrival and departure airport.

On our website we display a UK flight inclusive package guide price which is generally based on a London departure. To avoid paying supplements or to secure your preferred flight option, we recommend booking as early as possible, especially for peak travel dates.

Ability to swim

An ability to swim is essential for your safe enjoyment of the water based activities on this trip. If you wish to participate in these activities then we insist that you are able to swim. Snorkelling and swimming form a large part of this trip and are included in addition to the standard daily itinerary. Please note, if you are not keen on water sports, there will often be no alternative to the extra water-based activity offered, other than staying and relaxing aboard the vessel. In some landing spots, there might be an option to walk on shore but this would be without a guide.

Ecuador

Vaccinations

We recommend protection against malaria, Tetanus, Infectious Hepatitis, Typhoid and Polio. Please consult your travel clinic for the latest advice on Malaria, Dengue and Zika Virus. Please take preventative measures to avoid mosquito bites - these include mosquito repellent as well as long trousers and long sleeve shirts to cover up when necessary. Please note many countries in Central America, South America and the Caribbean require a yellow fever vaccination certificates if travelling from infected areas. A detailed list of these countries can be found on the NaTHNaC website - <http://travelhealthpro.org.uk/countries>. Also on the NaTHNaC site there is a list of Countries (and specific areas within a country) which are at risk of infection and a vaccination is therefore recommended. Yellow fever is only recommended for those travelling east of the Andes (Amazon Extension). Please check the latest requirements with your travel clinic or doctor prior to departure. The above is not an exhaustive list. Further information regarding vaccinations and travel health advice can be found by following the NHS and NaTHNaC links at Explore Travel Health and from your local healthcare provider. Visa and vaccination requirements are subject to change and should be confirmed by you before travelling.
