DAY 1 - Join trip at Bilbao Airport. Drive to the tranquil mountain town of Sotres

DAY 2 - Spectacular ridge walk with views of all three massifs of the Picos National Park

We start with a gentle descent to Tobaos Majada (900m) then start our ascent to Collado de Pasadoir (1,215m). We follow the ridge through the pastures of Portudera, Todrin and Tambrin with some spectacular views (weather permitting) along the ridge of all three massifs before we start our descent to

the outskirts of the Arenas de Cabrales - here we join and follow an original cobbled roman road for one and a half kilometres, returning to Sotres for the night.

Today's 17 kilometre walk is expected to take around seven hours with approximately 350 metres of ascent and 550 metres of descent.

DAY 3 - Trek to Vega de Urriello Refuge at the foot of the iconic Naranjo de Bulnes mountain

This morning we drive the short distance down to the collection of red-roofed buildings known as Invernales de Cabao and cross the river. Then, ascending along a series of switch-backs, we gain height quickly to reach a viewpoint looking back towards Sotres. The track levels out now, ascending more gradually onto a plateau. Here stands the tiny hamlet of Pandebano, where, in AD718, a battle took place between the Visigothic Christians and the remnants of a somewhat depleted Moorish army. Leaving our vehicle, we walk up to a 'saddle', where the huge monolith of the Naranjo de Bulnes (Pico Urriellu 2,519m) comes into view. Rearing straight up from the surrounding rockscape, this rust-coloured mountain is the famous iconic image of the Picos. We walk up to the base where there is a refuge and the chance to see climbers attempting to scale the improbable sheer face.

Today's 16 kilometre walk is expected to take around six-and-a-half hours with 800 metres of descent.

ACCOMMODATION:
Casa Cipriano Hotel (or similar)

Grade: Comfortable Hotel

DAY 4 - Hike through beech forest to Treviso. Drive to the medieval town of Potes.

We follow an old shepherds' paths down through the Valdediezma beech forest and pastures to Sobra Valley and up to Treviso where we will stop for a lunch break en route. After lunch we will continue down the Balcon de Pilatos to Urdon where we will meet our bus to take us on to Potes where we stay for the night. The medieval town of Potes centres around the river with stone bridges, cobbled streets and historical buildings.

Today's 10 kilometre walk is expected to take around five hours with 1,150 metres of descent.

This marks the starting point for the walk through the dramatic gorge of the Garganta del Cares - a cleft over 1000 m deep and some 12 km long. The path literally cuts into the cliffs in places; only with the aid of tunnels and bridges is it possible to traverse its entire length. This is one of the highlights of any visit to northern Spain and is a six hour round trip on foot, although walkers can turn back at any point and return to Poncebos where there are places to eat and drink if you wish before we return by vehicle to Sotres for a well-earned rest.

From the Col we descend around Macondiu mountain (summit 2,050m) to the refuge for lunch, then continue back to Jito de Escarandi (1,300m) where the minibus will be waiting to return us to Sotres. We will arrange a transfer back to the hotel or you may choose to walk the final 30 minutes back to Sotres.

Trip information

Country information

Spain

Climate

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

Clothing

Bring light and comfortable clothing that can be layered according to the temperature. The weather conditions in the mountains can be changeable, and it can become cool, especially at night, so bring warmer layers. Tops made from wicking materials which keep you drier and warmer are recommended as a base layer, and walking trousers are preferable to trousers of heavier material such as jeans. A waterproof jacket is essential at all times in case of rain and wind.

- Breathable wind and waterproof jacket (you may also wish to bring waterproof trousers)
- T-shirts
- Long sleeved tops
- Sunhat
- Long trousers
- Shorts (if you prefer to walk in them)
- Swimwear and towel
- Midlayer Fleece/pullover
- Socks (liner and thicker pair)

Footwear

We recommend you bring walking boots with ankle support- leather or fabric are both fine. Make sure that your boots are worn-in and comfortable before the start of the trip.
