Driving along Baghramyan Avenue we pass by the Parliament building, the Palace of the President, and the National Academy of Sciences. We will stop to visit the Genocide Memorial Complex, dedicated to the memory of the 1.5 million Armenians who perished in the first genocide of the 20th century at the hands of the Turkish government. Ascending to the ridge of Mount Teghenis, on a clear day we should have a breathtaking view of the highest mountain in Armenia, Mount Aragats (4,090m) as well as the distinct dormant volcanic cone of Mount Ararat in neighbouring Turkey. We plan to stop for a picnic lunch near the monastery ruins before descending to the village of Arzakan. From here we drive to our hotel for the night by the shores of Lake Sevan. This beautiful lake is situated at an altitude of approximately 2,000 metres and is the largest lake in the Caucasus. On the peaceful Sevan Peninsula we visit Sevanavank Monastery which dates back to the 9th century and from where we can enjoy a wonderful view of the lake.

The first will be at the village of Noratus where there is a vast cemetery known for its collection of unique and fascinating carved stone crosses known as khachkars. Covered by colourful mosses and lichen, the earliest date from medieval times. We then continue driving along an ancient Armenian silk route to the Selim Pass Caravanserai, a stopping-off point for caravan riders and their pack animals carrying goods from the Orient to Europe.

Spectacularly located on the crest of a ridge between the villages of Artabyunk and Yeghegis, Smbataberd is guarded by steep cliffs on three of its sides. We will explore some of the large ramparts and towers which are still relatively intact. The fort's origins date back to the 5th century although much of the fortifications date from the 9th and 10th centuries. Our walk continues with great views of the Yeghegis valley, to the medieval monastery of Tsakhats Kar which we will visit before continuing to our hike's end at Yeghegis village. From here it's around a two-and-a-half hour drive to Goris where we spend the next two nights.

### **DAY 6 - Cable-car from Halidzor to Tatev Monastery; hike along Serpentine Road to Devil's Bridge**

From Goris it's a short drive to Halidzor from where we take a ride on the breathtaking \ Wings of Tatev\ cable car linking Halidzor with Tatev Monastery. Constructed in 2010, this is the longest (5.7 kilometres) non-stop double track cable car in the world. After our cable car journey we start walking along a route known as the Serpentine Road which leads us up to the 9th century monastery of Tatev, fabulously located on a plateau at the edge of the Vorotan canyon. With a depth of 800 metres, this is the deepest canyon in Armenia, carved out by the fast flowing waters of the Vorotan river. In the 10th and 11 centuries, Tatev was one of the most important Armenian medieval universities. After spending some time at the monastery, we walk down to the bottom of the valley, enjoying superb views all the while. In the bottom of the canyon we stop to see the Devil's Bridge. This amazing geological monument is a natural bridge some 30 metres long and 50 metres wide which spans the Vorotan River and has been formed from limestone travertine deposits built up from natural hot water springs.

After our hike we drive to the nearby settlement of Khndzoresk and walk through Old Khndzoresk, a large troglodyte village located on both sides of a deep canyon. Now abandoned, it was populated until the mid-20th century; we wander around some of the cave houses - some of them several floors high.

Today's seven kilometre walk is graded easy and is expected to take approximately two-and-a-half hours with a total ascent of 100 metres and descent of 500 metres.

We then drive to the snowy mountain peaks of the Vayots Dzor Province. This is an area of outstanding natural beauty, with flowing rivers, waterfalls and wild flowers. We visit the stunning 13th century Noravank Monastery, perched on the cliffs overlooking a magnificent gorge. We break for a picnic lunch and then continue to walk through the plains of Ararat with beautiful views of the biblical Mount Ararat.

In the afternoon our journey to Yerevan continues, stopping along our way to explore Khor Virab Monastery complex. This was the place of St. Gregory's imprisonment and today it is an important place of pilgrimage.

We then walk down through the Garni gorge to see the immense volcanic basalt formations known as the 'symphony of stones'. From here it's a short drive to Geghard monastery - a UNESCO World Heritage Site. ### Budgeting and packing

#### Clothing

Take light and comfortable clothing that can be layered according to the temperature. Pack a waterproof

jacket and trousers, fleece jacket, comfortable walking trousers, shorts, t-shirts and a sunhat. Please be aware that temperatures can change dramatically at altitude and at night. In remote parts of Armenia you should avoid shorts and vest tops; long trousers or skirts are ideal (your Leader will be able to advise you on appropriate dress in different locations). A headscarf is essential for visiting churches and mosques.

## Footwear

We recommend you bring lightweight walking boots with ankle support, make sure that your boots are worn-in and comfortable before the start of the trip. Also trainers or sandals for relaxing and general wear. We suggest that on international flights you either carry your walking boots in your hand luggage or wear them - should your luggage be lost or delayed, your own boots are the one thing that will be irreplaceable.

## Luggage

20kg

### Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

## Equipment

In order to make things easier for you, the Leader may organise a group's tips kitty and if this is the case, they will account for it throughout the tour.
