Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Trip starts in Magelang

The trip starts today in Magelang. Located in a fertile agricultural area in Central Java, it is the closest city to the famous temples of Borobudur, which we will visit tomorrow.

Your trip Leader plans to meet everyone in the hotel reception at 6pm for the welcome meeting and for those that wish, there is the chance to go out for dinner as a group afterwards. There are no other activities planned for today. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

If you would like to receive a complimentary airport transfer today, you will need to arrive into Yogyakarta International Airport (YIA), just under two hours' drive from our hotel.

DAY 2 - Hike to Candirejo; visit the Borobudur Temple World Heritage Site

In the morning we take a short drive south to enjoy a countryside walk to and around Candirejo, a typical Javanese village. The residents here have set up a sustainable tourism project that introduces visitors to Javanese village life. During the walk our guide will explain all about village life and give us the chance to take a closer look at the different activities such as harvesting and drying chili, making cassava crackers, and creating handicrafts made from bamboo and pandanus. We also plan to visit a local house and watch a traditional gamelan music performance before enjoying a delicious Javanese lunch at the village Pendopo (open-sided pavilion house).

We will spend the afternoon at the nearby Borobudur temple complex, the world's largest Buddhist monument and the largest man-made structure in the southern hemisphere. A UNESCO World Heritage Site, Borobudur predates Angkor Wat by 300 years and Notre Dame by 200 years. Rediscovered in 1815, it has been excavated and returned to its original glory. The stone relief panels offer a clear glimpse into Buddhist doctrine and Javanese life 1,000 years ago.

Today's four kilometre walk will take approximately two to three hours with plenty of stops along the way.

to Selegriyo, a small Hindu Temple that is older than Borobudur and much less visited. Later we drive on to Wonosobo, a small city lying on the Dieng Plateau in central Java. Wonosobo lies between two mountains, Sindoro and Sumbing, making this area relatively cool almost the whole year.

DAY 4 - Explore the volcanic craters and coloured lakes of the Dieng Plateau; drive Yogyakarta

Situated 2,000 metres above sea level, the Dieng Plateau is a wonderfully cool place to escape the hot and humid Javanese climate of lower altitudes. This morning we explore the area on foot and by bus and visit the historical and natural sites that are dotted in this beautiful hilly landscape. We visit the Dieng temple complex, a famous relic from the time of the famous Kalingga kingdom of the 7th and 8th centuries. We walk to the crater of Kawah Sikidang where the air is filled with the pungent odor of sulphur from the crater then continue further to enjoy the views of the two-coloured lake, a spectacular sight caused by sulphur mixing with the water.

After spending the day on the Plateau we drive to Yogyakarta for the night. Situated almost exactly halfway along the length of Java, in an area considered to be the heartland of the Javanese, Yogyakarta is home to some of the island's oldest traditions and blessed with a rich, fertile volcanic soil. It is the cultural capital of Java, with a real mixture of influences, including Hindu and Buddhist temples, dating from the 8th century, Islamic palaces from the 18th century and Dutch colonial architecture that harks back to the days when the Netherlands held much of Java in its imperialistic grip.

Today's six kilometre walk will take approximately three hours.

DAY 5 - City tour by cycle rickshaw; walking tour of Yogyakarta along the Kali Code river

In the morning, we explore Yogyakarta by becak (traditional cycle rickshaw), a fun way to discover the city. Our first stop is at the Kraton Palace. This walled compound is the heart of the old part of the city and was once the palace of Yogyakarta's sultans. We will also visit the ruins of Taman Sari and the Water Palace, which was a pleasure park for the sultans. There will be an opportunity to visit some of craft markets for which the city is famous.

In the afternoon we take a guided urban walk around the Kali Code residential area of the city, following the river and passing down small alleys, we see how the local people live and learn about the day to day way of life here. Observe neighbours exchanging the latest gossip, pass little warung (small local restaurants) serving simple but tasty food, see children playing games and vendors going door to door selling their goods.

Today's seven kilometre walk will take approximately three hours at a very leisurely pace with plenty of stops along the way.

After a picnic lunch we hike through the desert-like surroundings to reach the cone of volcano. It's the perfect spot from which to watch a spectacular sunrise over the lunar landscapes of Mount Bromo, Semuru and some of the other mountains. (For anyone not wishing to walk at this early hour there is an option to travel to the view point by shared jeeps). Returning to the hotel, we'll have some breakfast before departing to the city of Surabaya for the flight to Denpasar (Bali). On arrival we drive to the Balinese capital Ubud in the centre of the island.

Ubud is Bali's artistic heart and the centre of cultural events. Surrounded by a beautiful landscape it is easy to see where the artists find their inspiration. This is a great place for buying special mementos with many small shops and galleries. For those wishing to know more about Balinese art; a visit to one of the local museums will be of great benefit. High up in the mountain villages of Muntigunung the people have much less privileged lives than most Balinese. Part of the costs of our hike goes to support the building of water depots that help the villages to sustain agriculture and become more self-sufficient. Weaving and hammock making as well as cultivating caju nuts are also undertaken here.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Bromo - Jeep excursion to Mount Bromo for sunrise - £25.00 - £32.00 depending on number of participants

Clothing

The region is tropical (humid) and days can be very hot. Casual clothes are the most practical, whilst tight fitting garments should be avoided. Please bring long skirts, trousers and shirts to cover yourself fully in order to respect local sensibilities and please bear in mind that short shorts are generally unacceptable. Bring some warmer clothing for the time spent at higher altitudes. Light rain gear and/or an umbrella is excellent in sticky, tropical conditions. A sunhat is essential.

Footwear

We recommend you bring lightweight walking boots, make sure that your boots are worn-in and comfortable before the start of the trip. Also trainers or sandals for relaxing and general wear. We suggest that on international flights you either carry your walking boots in your hand luggage or wear them - should your luggage be lost or delayed, your own boots are the one thing that will be irreplaceable.

Luggage

20kg

Luggage: On tour

One main piece of baggage and a daysac. Remember, you are expected to carry your own luggage and cabin space is limited, so don't overload yourself.

Equipment

Binoculars, torch, water bottle, insect repellent, high factor suncream (at least factor 15), good quality sunglasses and a lip salve with sun protection. You may also wish to bring your own snorkel and mask for Lovina Beach.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff look to members of the group for personal recognition of particular services provided. Accordingly you should allow approximately £35 for gratuities for local staff.

Indonesia

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide.
