Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Embark the M/V Greg Mortimer in Reykjavik

After making your own way to Reykjavik pier, embark the M/V Greg Mortimer in the late afternoon. You'll have time to settle into your cabin, before the important safety briefings begin.

Grade: Premium Boat

MEALS PROVIDED: DINNER

DAY 2 - West and North-West Iceland

One third of Iceland's coastline is in the Westfjords, and the entire peninsula is carved and cut by long fjords. The Westfjords region is home to Latrabjarg; the westernmost point in Europe, and one of the continent's most remarkable seabird breeding cliffs - a delight for birdlovers. It is one of the best places

in Iceland to photograph puffins, which you will have the opportunity to enjoy, depending on weather conditions. Over the next two days, we will explore this magnificent coastline. Our first stop will be the small town of Ísafjörður, which is infact, the largest town in the Westfjords peninsula, with some 2,600 inhabitants. It is an ancient church site and has been a trading post since the 16th century. The growth of the town was triggered by salt fish production and the fishing industry still remains the town's main activity, along with tourism.

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 3 - West and North-West Iceland

Today, we visit nearby Hornstrandir Nature Reserve which is a peninsula only accessible by boat or by foot and is inhabited by Arctic foxes, seals, birds and the occasional hiker. We plan to Zodiac cruise along the shoreline of Hornstrandir Nature Reserve and will attempt a landing, subject to approval by the park ranger.

DAY 4 - At Sea

Cross the Denmark Strait to Jan Mayen Island accompanied by sea birds, while keeping a look out for whales in the waters below. Enjoy a presentation from our team of experts and get to know your fellow expeditioners.

DAY 5 - Visit Jan Mayen

The approach to Jan Mayen is spectacular. The huge Beerenberg volcano (2,277 metres) is the world's northernmost active volcano, which last erupted in 1985. The northern part of the island is a great place to look for whales and dolphins and contains impressive glaciers, some of which reach as far as the sea. If the weather is on our side, we will try to land at Kvalrossbukta, a relatively sheltered bay on the island's west coast. This is one of the landings used to supply the weather station Olonkinbyen, situated on the eastern side of the island. We hope to land to the front of the Norwegian station at Olonkinbyen, visiting the weather station, before embarking on a three-hour hike to the other side of the Island, where the ship will be waiting for us in Kvalrossbukta. Our trusty Zodiacs will transport us back to the ship from this point.

ACCOMMODATION:
M/V Greg Mortimer (or similar)

Grade: Premium Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 6 - At Sea

The sea around Jan Mayen offers excellent whale-watching opportunities, with the possibility of seeing bottlenose, fin, and perhaps bowhead whales in the pack ice. Sail towards Svalbard, searching for the ice edge as we continue north, retracing the route of Dutch explorer Willem Barents, who discovered Spitsbergen and the Barents Sea, which is named after him.

ACCOMMODATION:
M/V Greg Mortimer (or similar)

Grade: Premium Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 7 - At Sea

It's breeding season for the harp seals and we hope to see them breeding on the sea ice as we continue to sail towards north. As we approach Svalbard, all eyes will be focused on spotting polar bears in the pack ice or roaming the tundra.

ACCOMMODATION:
M/V Greg Mortimer (or similar)

Grade: Premium Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 8 - Northern Svalbard, Mofen Island, Crossing 80° North

We plan to cross 80° North, always on the lookout for polar bears on the pack ice, to reach Mofen Island which is famous for its large walrus colony.

ACCOMMODATION:
M/V Greg Mortimer (or similar)

Grade: Premium Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 9 - Northwest Corner of Spitsbergen and West Coast

In the coming days, depending on the weather and sea ice conditions, we may explore sites including the incredibly scenic Kongsfjorden, or Kings Bay, a fjord headed by two giant glaciers. Perhaps spend time ashore to hike on the lush tundra among the early summer flowers and observe the remarkable bird cliffs near the 14th July Glacier. Here, puffins nest between the cracks in the cliffs.

ACCOMMODATION:
M/V Greg Mortimer (or similar)

Grade: Premium Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 10 - Northwest Corner of Spitsbergen and West Coast

Keep watch for polar bears and Arctic fox and feel a sense of history at the 350-year-old remains of a Dutch whaling settlement, Smeerenberg on Amsterdamøya. We may visit Raudfjord which features fascinating geology, glaciers and bird cliffs. A possible hike on Ytre Norskya offers splendid views to the north coast of Spitsbergen and maybe even to the North Pole in clear weather .

Climate and country information

Arctic

Iceland

Climate

Iceland has a cool and temperate climate and, despite its location just south of the Arctic Circle, its northerly latitude is counteracted by the warm waters of the North Atlantic Drift which encircles the island. Temperatures in winter can fluctuate between about 10°C and -10°C and precipitation in the form of rain, sleet or snow is to be expected at any time. Days will be short, with daylight often only guaranteed between about 11 am and 4 pm in December. The best time for seeing the Aurora Borealis is October to March. Summer is generally cool with average temperatures for June and July around 12 - 15 degree centigrade in Reykjavik, although is known to be warmer in other parts of the country. In June and July you can enjoy continuous daylight and see the Midnight Sun, whilst late spring and early autumn offer long twilights.

Climate

Between May and September is the best time to visit this region, with summer temperatures reaching a maximum of 5 degrees centigrade. North of the Arctic Circle, the sun does not set between the middle of May and the end of July, so you can expect to encounter the midnight sun during this period.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Whilst landings are included in the cost of your trip as per the outline itinerary, some departures aboard the MV Greg Mortimer have additional optional excursions which can be pre-booked with the ship operator directly. These will be charged at an additional fee, depending on the excursion and we recommend booking these in advance to ensure availability. Please speak to a member of our Polar team who will advise you on the booking process.

Clothing

Parkas

A complimentary parka is provided for you on board the ship and is yours to keep after the voyage. It has a comfortable wind-resistant inner jacket, which is detachable from the waterproof outer shell, and is designed to be worn over your essential base layers.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own. Also ensure you take good walking boots and trainers for relaxing.

Luggage

20kg

Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Equipment

Sunglasses and sun cream

Insect repellent

Personal toiletries
A refillable water bottle
Books/reading material
