## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join tour in historic Kyoto

This incredible journey begins in the old Imperial capital of Kyoto, regarded by many as the country's loveliest city. Lying at the heart of Japanese culture and influence for over 1,000 years, Kyoto sat at the centre of events that helped to shape the destiny and history of this most fascinating of cultures. One of the only major cities to survive the extensive bombing of WWII, Kyoto can boast more than 2000 temples and shrines, many set in manicured landscaped gardens, making this captivating city the cradle of all things uniquely Japanese.

Our Leader plans to meet you in the hotel reception at 7pm for the welcome meeting and for those that wish, there is the chance to go out for dinner. There are no activities planned today, so you are free to arrive in Kyoto at any time. If you would like to receive a complimentary airport transfer today, you will need to arrive into Kansai International Airport (KIX) which is approximately 2 hours away, or Osaka International Airport (ITM) which takes around an hour. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, we recommend visiting one of Kyoto's many Unesco World Heritage Sites. The Golden Pavilion (Kinkakuji) is perhaps the most spectacular but you will have to battle the crowds to get that perfect photo. If you prefer somewhere a bit less known and with fewer fellow travellers we would recommend Toji Temple with its towering pagoda and great gardens. For impressive buildings, Nishi-Honganji Temple is hard to beat and its convenient location puts it within easy walking distance from our hotel. Slightly further afield, but still an easy train ride away, is the Arashiyama district. Here you can enjoy beautiful mountain scenery, a punt on the river, great food, beautiful gardens and even hike up to see wild monkeys. Trains leave regularly from Kyoto train station.

### **DAY 2 - Kyoto sightseeing by bike. Including Ginkaku-ji and along The Philosopher's Path to the Nanzen-ji temple complex**

This incredible city can boast no fewer than 17 UNESCO World Heritage sites including 13 temples, three Shinto shrines and a 17th century castle. We will pick up our bikes and set out cycling to the Heian Jingu Shrine, before taking in the scenic Philosopher's Path, Eikando Temple and the 15th Century Ginkaku-ji Temple. After lunch we will cycle south along the Kamo river to Tofukuji Temple's rock gardens and the 1001 statues of Kannon Bodhisattva (the goddess of mercy) located at the Sanjusangendo temple on the eastern edge of the city. This evening is free. Please note that there is no vehicle support for today's ride and we will be using simple local style bikes.

Our total cycling distance today is approximately 17 kilometres (total accumulated ascent 60 metres).

### **DAY 3 - Morning train to Kanazawa. Bike tour of Kenroku-en Garden and the old teahouse district**

This morning we travel by train (2hrs+) to Kanazawa, a city that once rivalled Kyoto and Edo (Tokyo) in cultural importance. Once home to the powerful Maeda Clan, today it serves as the capital of the Ishikawa Prefecture and boasts the stunning setting of the Kenrokuen Gardens, considered to be one of Japan's most beautiful landscape gardens. This afternoon we will pick up our bikes and meet our guide,

before heading off to visit the gardens. Taking nearly two centuries to complete and translating from their original Japanese as the 'Garden of the Six Sublimities', Kenrouken was begun by the Maedas in 1632 and covers over 11 hectares of land on the outskirts of Kanazawa Castle.

Our total cycling distance today is approximately 8 kilometres (total accumulated ascent 60 metres), no support vehicle today.

#### **DAY 4 - Cycling around the beautiful Noto Peninsula including the Chirihama Beach Road**

Our main bags will be sent on to Wakura Onsen today as, over the next four days we make do with smaller bags as we cycle north, following the coast on to the Noto Peninsula. The smaller bags are still transported in the support van, leaving you free to enjoy the rides. Our destination today is Chirihama Beach in Hakui, lying to the north of Kahoku. The eight kilometre beach is famous for its unique tightly compacted sand which, at a quarter of the size of normal sand, makes it firm enough to actually cycle on. Tonight we stay for the first time in typical Japanese style accommodation, furnished in the traditional way with futon mattresses on tatami-mat floors.

Our total cycling distance today is approximately 60 kilometres (total accumulated ascent 220 metres).

#### **DAY 5 - Cycle the coastal road to Wajima, stopping off at the Sojijiso-in temple**

Keeping the Sea of Japan on our left we continue following the coast north today, heading for the city of Wajima in the northern half of the Noto Peninsula. One of the most scenic coastal landscapes in Japan, the Noto Peninsula extends into the Sea of Japan for some 100 kilometres, providing us with a beautifully secluded journey north. We travel by way of the Ganmon National Park and stop off to visit the Sojiji Temple and Gardens, once one of the most important Zen Buddhist temples in Japan. Founded in 1321, it was the head temple of the Soto sect, before a great fire in 1898 saw its functions transferred to a sister temple in Yokohama.

Our total cycling distance today is approximately 66 kilometres (total accumulated ascent 680 metres).

## **DAY 6 - Explore Wajima Market. Continue along the stunning coastal road to Suzu**

This morning we pay a visit to Wajima's famous Morning Market, one of the city's most famous attractions. Believed to date back over 1,000 years, it brings together vendors selling all manner of goods, from fresh fish and produce, to handicrafts and lacquerware, Wajima's most celebrated export. Renowned throughout Japan, Wajima lacquerware is famed for its durability, with each piece requiring the skills of several craftsmen and dozens of processes. Following our visit we then continue on our journey, heading towards the northeastern tip of the peninsula and the waters of Iida Bay. Tonight we sleep in a traditional Japanese ryokan guesthouse.

Our total cycling distance today is approximately 47 kilometres (total accumulated ascent 690 metres).

## DAY 7 - Cycle to Noto Ushitsu as we head down the eastern side of the peninsula

We complete our ride around the Noto Peninsula today as we follow its eastern edge towards the town of Noto Ushitsu. The very remoteness of this landscape has been one of its most enduring features for centuries and much of this stunning peninsula has been granted a Quasi-National Park status. Tonight we sleep in a traditional Japanese ryokan guesthouse.

Our total cycling distance today is approximately 49 kilometres (total accumulated ascent 690 metres).

## DAY 8 - Cycle to Wakura Onsen where ancient, healing hot baths await our arrival

The waters of Nanao Bay and the famous hot springs of Wakura Onsen beckon today. One of the oldest resort towns in Japan, legend has it that these hot springs were discovered over 1,200 years ago, when a local fisherman found a white heron curing its wounds in the steaming waters. Today its healing waters are said to cure everything from muscle aches and stiff joints, to chronic skin disease and frail children! The town is also famed for its seafood, with a number of its traditional inns serving up a mouthwatering choice of oysters, crabs, deep-water shrimps and abalones. The perfect cure for body and soul after our four days of cycling. Tonight we sleep in a traditional Japanese ryokan guesthouse.

Our total cycling distance today is approximately 71 kilometres (total accumulated ascent 870 metres).

## DAY 9 - We begin our journey inland as we head up to Shokawa Onsen

This morning our journey turns inland as we leave Ishikawa Prefecture for neighbouring Toyama. As before, our large bags go on ahead and we will be using small bags for the next two nights, carried with us

in our support vehicle. Our ride today includes the biggest hill of our entire trip, but also takes in a rural landscape of rice paddies and mountain peaks, finishing at the mountain village of Shogawa Onsen. 'Onsens' are dotted all across rural Japan, hot springs that were traditionally used as public bathing places, they make the most of Japan's active volcanic landscapes. There is a distinct etiquette to bathing, with cleanliness and social niceties being observed by participants, whilst rowdiness and tattoos are particularly frowned upon (tattoos in Japan have long been associated with criminal Yakuza gangs).

Our total cycling distance today is approximately 71 kilometres (total accumulated ascent 860 metres).

### **DAY 10 - Our cycle journey concludes at beautiful Shirakawa-go, famous for its traditional gassho-zukuri farmhouses**

Today we head into the remote countryside of the Shogawa River Valley, where we will find a number of beautifully preserved gassho-zukuri farmhouses. With their steep thatched roofs, constructed to resemble the praying hands of Buddhist monks, some of these houses are over 250 years old. Developed over many generations and designed to withstand the heavy falls of snow that regularly envelope the region in winter, these roofs are constructed without nails and the large attics were traditionally used to cultivate silkworms. We plan to visit one of the traditional farmhouses. Our final destination today is the historic village of Shirakawa-go which, along with neighbouring Gokayama, has been declared a UNESCO World Heritage Site. Please note that we will be cycling through several tunnels today.

Our total cycling distance today is approximately 57 kilometres (total accumulated ascent 820 metres).

Leaving Shirakawa-go and our bikes behind we travel first by bus (1hr30) back to Kanazawa. It is from

here that we take the iconic Shinkansen bullet train (2hrs30) to Japan's capital city, Tokyo. Tokyo is the most populous metropolitan area in the world, home to more than 26 million people including the Japanese imperial family. The city holds a lot of history as well as modern shopping centres and the neon illuminated signs it's famous for. Half of the city was rebuilt after being destroyed in the war but there are still many historic temples and gardens that remain and await exploration. On arrival to Tokyo we have the chance to explore this fascinating city.

No cycling today.

### Climate and country information

#### Japan

##### Climate

Japan's climate is mostly temperate, with five distinct seasons. Summer is from June to September with temperatures reaching 30°C, although it can vary from warm to very hot. After mid-July. July and August can be humid. Spring and Autumn are mild throughout Japan. Winter, October to April, is cold with snowfall. The main rainy season is June. Japan can be prone to short, tropical cyclones in August to October. October / November although cooler is a great time to see the Autumn colours. For trips that visit the Snow Monkeys at Jigokudani Onsen, you're very likely to see them all year around, aside from in October/November when there is enough food in the forest to prevent them coming down to the baths. You may still see some at this time but not in the numbers found during the rest of the year.

### Budgeting and packing

#### Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities

are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Kyoto - Boat trip on Hozu River GBP 30

Takaoka - Walking tour to Takaoka Buddha statue & Zuiryoji temple (500 Yen entrance fee)

Tokyo - City tour including Asakusa Sensoji-temple, River cruise, Hama-rikyu gardens, Meiji shrine and Shinjuku Government Building (view of Tokyo) GBP 15

## **Clothing**

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require.

General: Pack essentially for hot or mild weather depending on the time of the year. Please note that each accommodation provides yukatas (pyjamas), soap, shampoo, conditioner, disposable razors, towels and tooth brushes.

## **Footwear**

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## **Luggage**

20kg

### **Luggage: On tour**

We recommend you bring a daypack (big enough to carry what you need for a few days) and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. There are a few days on the tour when you will not have your main luggage so will need to pack the day bag with your essentials. For the nights where you are separated from your main piece of luggage please note that each accommodation provides clients with yukatas (pyjamas), soap, shampoo, conditioner, disposable razors, towels and tooth brushes. In fact these amenities are provided for all nights on the tour in each accommodation.

Japan's rail network has a policy that requires passengers with oversized baggage to reserve a specific seat in an oversized baggage area. This relates to baggage with overall dimensions of over 160cm (taken by adding the height+width+depth measurements). These overall dimensions are around the same for which oversized baggage fees are charged on international airlines, so it's unlikely that you will be bringing a suitcase of this size. However, it is worth checking the dimensions and then repacking with a smaller case if necessary. Due to the complexities of booking these seats, if you arrive with an oversized bag, our team in Japan will ship the luggage from one place to the next from the beginning to the end of the tour, at an additional cost.

## **Equipment**

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. It is a legal requirement in Japan to wear a helmet that meets current safety criteria. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn.

Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

## Tipping

### Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

### Local crew

Tipping is not a part of everyday life in Japan and is therefore entirely voluntary. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour. Accordingly you should allow £5 per person

## Japan

### Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Lunch price	Dinner price	Beer price	Water price
£8	£15-20	£4	£1.00 - 2.00

### Foreign Exchange

Local currency	Recommended Currency For Exchange
Yen.	It is preferable to take money in Yen or traveller's cheques.

### Where To Exchange

Most major towns - your Tour Leader will advise you on arrival.

### ATM Availability

All post offices have international ATMs. Some other ATMs do not accept Western bank/credit cards. Your tour leader will advise you locally.

### Credit Card Acceptance

## **Transport, Accommodation & Meals**

### **Transport Information**

Bus, Bicycle, Train

### **Accommodation notes**

Comfortable - Our mid-range accommodation offers a good level of service. The accommodation we use on this tour doesn't have bars, gardens or swimming pools. Generally rooms will be comfortable with en-suite facilities.

Simple - In the more rural and traditional places we stay in Japanese style accommodation (3 nights simple, 1 night comfortable) where you will be in twin share rooms with traditional tatami-mat (woven soft 'igusa' straw) flooring and sleeping on futons. Generally the rooms are simply decorated with a low 'kotatsu' table to sit around, a scroll or picture in an alcove and a Japanese tea set. The two futons are just brought out at night. Shoes are taken off in the entrance way to the room. We refer to these as Japanese guesthouses. The simple grade accommodation has shared toilets and traditional same sex communal baths and showers and one has a communal bath that people take turns using. The comfortable grade accommodation has a private bath or shower attached to each guest room.
