DAY 3 - Exploring the highest sand dunes in the world in Sossusvlei

Today we drive into the Namib-Naukluft National Park and travel down the Tsauchab Valley to Sossusvlei to watch the sun cast its shadows over the red dunes. Sossusvlei has some of the world's most spectacular sand dunes. The area itself is a vast depression or clay pan, towered over by sand dunes up to 300m high. In the early morning, the first rays of the sun light up the dunes with a deep orange glow - a photographer's delight. It is a wild, beautiful and romantic spot, with sparse vegetation edging a few water courses which flow in from the Tsauchab river. Here springbok and ostrich are often seen. We'll also explore the cool passageways of the Sesriem Canyon on foot. The canyon is small but very picturesque - many plants grow in the shade and shelter offered by the canyon, and water pools attract several species of birds and animals. Sesriem means 'six thongs'; which refers to the six lengths of rawhide rope (from a wagon) needed to make a line long enough to lower from the rim of the gorge to the stream below, in order to haul up a bucket of water.

MEALS PROVIDED: BREAKFAST, LUNCH AND DINNER

DAY 4 - Drive to Swakopmund via Walvis Bay

Travelling via Solitaire and through the Kuiseb Canyon, we then pass awe-inspiring landscapes as we head across the Namib gravel flats to Walvis Bay. Here a large spit forms a natural deep-sea harbour that attracted the first navigators in the late 1400's. The shallows, located where the spit joins the mainland, are home to a diverse collection of birds, the most spectacular being flamingos and pelicans that feed here seasonally. It's a short drive from here to the coastal town of Swakopmund.

ACCOMMODATION:
Prost Hotel (or similar)

Grade: Comfortable Lodge

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST AND LUNCH

DAY 5 - Swakopmund, Explore the colonial town or time for optional activities

Swakopmund is one of the world's best examples of German colonial architecture, and served as the German's port into what was then, German South West Africa. Like any port town has a colourful past. Today, there may be time to visit the town's excellent museum, or visit a local township, participate in one of the numerous activities on offer, or just relax! This evening you have the chance to watch the sunset at the nearby coastal dune belt.

Please note: The running order of days 5, 6 and 7 is subject to change depending on accommodation locations. All listed highlights and activities will still be included and your Explore Leader will provide a detailed briefing to the group about the running order, driving distances and any necessary changes to what's described in the trip notes.

Prost Hotel (or similar)

MEALS PROVIDED: BREAKFAST

DAY 6 - Drive via Cape Cross Seal Colony to Damaraland

Travelling north towards the Atlantic coast we visit the memorable Cape Cross Seal Colony where between 80,000 and 100,000 Cape fur seals bask in the sun or swim playfully in the cold waters of the Atlantic Ocean. The seals are natural indicators of fish stocks in the ocean. If the fish stocks are healthy, then the seal numbers are high. If the fish stocks are poor, then the seal numbers will be low. The seals are quite big, an average male weighing in at anything up to 187kg (501 lbs.). The females give birth to a single pup around late November to early December. After our visit we head inland, towards the majestic Brandberg Mountain (2,573m and the highest point in Namibia) and stopping at the Brandberg White Lady Paintings. These famous San Bushman paintings can be found throughout the Brandberg Mountain area and are a spectacle to behold. To reach the rock paintings we will walk via mostly flat terrain between rock formations and it will take us approximately 1 hour to reach. Do remember to wear comfortable walking footwear and have a hat, suntan lotion and plenty of water with you today.

Please note: Depending on your accommodation location, the rock art seen will either be the Brandberg White Lady or Twyfelfontein rock art. Both of these sites are of important, cultural significance in Namibia and are examples of ancient Bushmen rock art. Your Explore Leader will advise on arrival about the running order and which rock art site will be visited.

ACCOMMODATION:
Uis White Lady Lodge (or similar)

Grade: Comfortable Lodge

SINGLE ROOM AVAILABLE

DAY 7 - Visit Himba Village; drive towards Etosha National Park

This morning we have the privilege to meet the Himba people and learn about their traditions and way of life. The Himba are the last semi-nomadic herders in Namibia and their simple lifestyle has remained unchanged for generations as these people have preferred their traditional life style to modernization. They have become iconic for using a characteristic red paste made of butter, fat and red ochre that they apply to their body and which serves an aesthetic purpose in beautifying their body as well as protecting them from the scorching sun. We interact with these friendly and proud people before continuing our journey to the edge of Etosha National Park, arguably one of the finest national parks in Africa.

ACCOMMODATION:
Toshari Lodge (or similar)

Grade: Simple Lodge

SINGLE ROOM AVAILABLE

SWIMMING POOL AVAILABLE

MEALS PROVIDED: BREAKFAST, LUNCH AND DINNER

DAY 8 - Game drives in Etosha National Park

This morning we enter Etosha National park for an early morning game drive. Etosha is an immense, saline desert, covering over 12,400 square miles, and the habitat for 114 species of animals and 340 species of birds. It has been described as the best game reserve on the African continent. Our programme of game drives will depend entirely on the interests of the group, and is left as flexible as possible. We should see elephant, rhino and hopefully lion. The terrain ranges from dense bush to large open plains where animals roam freely. We drive along the network of gravel roads that criss-cross the Park, visiting the various viewpoints and the permanent waterholes around which animals congregate. There is something enigmatic in the vast silent greywhite pan that covers the reserve.

ACCOMMODATION:
Halali Rest Camp (or similar)

Grade: Comfortable Cabins

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST AND LUNCH

DAY 9 - Game drives in Etosha National Park

We continue with game drives today. Numerous waterholes and underground springs attract large herds of animals including springbok, zebra, wildebeest and giraffe. At its very heart is the Etosha Pan, which geologists believe was formed some 12 million years ago from an inland lake about the size of Holland. Shrunken to its present dried-up size, it is now a gigantic depression in the ground - flat, saline and silvery, a mysterious place of mirages and dust-laden images.

ACCOMMODATION:
Halali Rest Camp (or similar)

Grade: Comfortable Cabins

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST AND LUNCH

DAY 10 - Visit Cheetah Conservation foundation; Waterberg Plateau Park

We leave Etosha and travel via the Cheetah Conservation Foundation at Otjiwarongo to the Waterberg Plateau Park. The CCF is an internationally recognised centre of excellence in research and education on cheetahs and their eco-systems with an extensive visitor's centre which encourages visitors to learn more about these beautiful cats and the efforts being made to save them. Later we will continue to the Waterberg Plateau. The Waterberg is a sandstone mountain which rises over 200m from the surrounding plains and is Namibia's only mountain game park. There are various trails to walk along searching for the elusive Damara Dik-Dik and a good variety of birds.

ACCOMMODATION:

DAY 11 - Morning walks or optional game drives; head to Windhoek

Trip information

Country information

Namibia

Climate

With a staggering 300 days of sunshine each year, Namibia is a year-round destination, although some may prefer to avoid the heat of high summer. The cold Benguela current keeps the Atlantic coast of the Namib Desert cool and rain-free for most of the year, with a thick coastal fog that lends a mysterious edge to the area. January and February are the hottest months, when daytime temperatures in the heart of the Namib can exceed 40°C (104°F), but nights are usually cool. Winter nights can be fairly cold, but days are generally warm and pleasant.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow £25.00 per person for group tipping.

Namibia

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Accommodation notes

Great locations and well appointed accommodation characterise this trip. Namibia has a good tourism infrastructure and generally good service standards. We start our tour in a superbly located standard hotel with a pleasant restaurant and beer garden, right in the heart of Windhoek. In complete contrast, our next stop is at a family run lodge in the middle of the Namib desert. The gardens and pool here create a lovely atmosphere and the home cooking is great! On to Swakopmund where our small, family run hotel with its great coffee shop is located just minutes from the sea and the centre of town. In Etosha National Park, the accommodation is subject to change due to very high demand in the area. Many of our accommodation options will offer comfortable restcamps with pool, gardens and a bar. The distances between accommodations can be vast and driving times may be affected. Your Explore Leader will give a group briefing about locations, driving times and any alterations to the running order that be necessary. Finally at Waterburg plateau we stay in chalets which nestle amongst the trees at the foot of the escarpment.

Namibia**Food and drink**

Dietary requirements:

It's very important that you let us know of any dietary requirements at least 60 days prior to the departure of your trip because your Leader will pre-plan menus and shop for the majority of the food prior to departure. In Namibia there is very limited availability for specialist food products along the way and leaders will need to pre-advise accommodations of any specific requirements so they can ensure they have options. Please note, without prior notice or if your requirements change while on the trip Explore cannot guarantee all requirements will be

catered for.

If you have a specialist diet, including but not limited to vegan, gluten free, lactose intolerant and/or coeliac, we strongly recommend you bring some snacks with you as options will be limited, particularly in rural parts of Namibia where specialist food products in supermarkets are very limited and restaurants will often have one or two alternative options on their menus. With prior notice our leaders will always ensure there is a meal for you, however, we must stress we cannot guarantee variety or choice.

Included activities

Please note this trip is operated in an overland truck because many of the roads we travel on through Namibia are gravel roads. The conditions of these roads can vary depending on government maintenance and at what time during the season you are travelling. Changing road conditions can have an impact on comfort and driving times. The roads conditions can take a toll on the overland vehicles at times and urgent vehicle repairs may be necessary throughout the trip. Our leaders and drivers are all trained in vehicle maintenance and can fix many issues caused by the rugged roads, however, in some cases we may have to change vehicles or amend travel times to allow vehicle maintenance to be carried out; your leader will brief you if this is the case.

The overland trucks are large vehicles perfect for adventures in Southern Africa. The windows are large and slightly tinted to maximise on sightseeing and protect from the sun. Seats are larger than average and have seatbelts. The driver's cab and main passenger compartment are separate but the trucks are equipped with PA systems for easy communication. Plus the trucks are equipped with a limited number of charging points for cameras and cool boxes for keeping drinks cool - your leader will advise when these can be used. Air conditioning is not guaranteed.

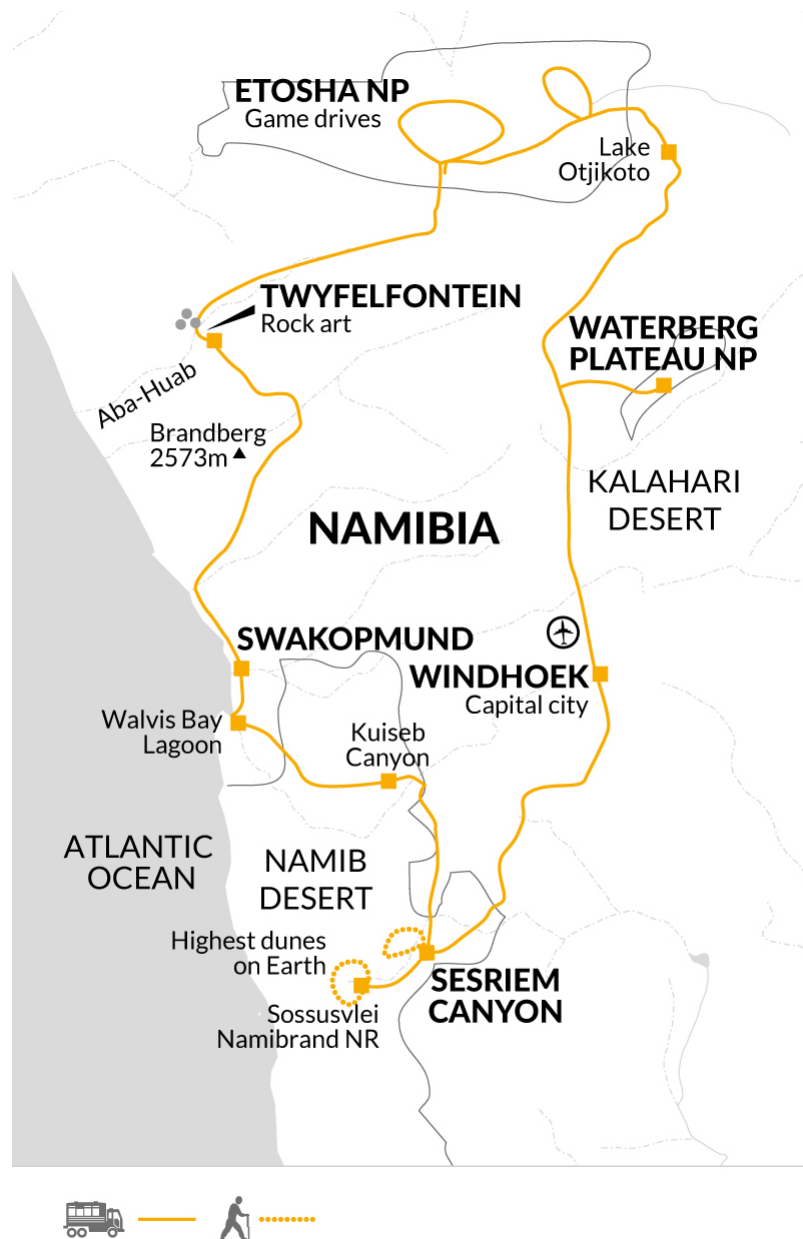

Namibia

Vaccinations

Nothing compulsory, but we do recommend protection against malaria, hepatitis A, tetanus, typhoid and polio. Please note that all travellers aged over 9 months old that have travelled from or have transitted via a country with a risk of yellow fever transmission, will need to present a Yellow Fever certificate at immigration/borders in Namibia for inspection. Consult your travel clinic for latest advice on different

prophylaxis available against malaria. Travellers may wish to immunise themselves against meningitis. Please check the latest requirements with your travel clinic or doctor prior to departure. The above is not an exhaustive list. Further information regarding vaccinations and travel health advice can be found by following the NHS and NaTHNaC links at Explore Travel Health and from your local healthcare provider. Visa and vaccination requirements are subject to change and should be confirmed by you before travelling.

Additional Information

Why book this trip

This fascinating journey through Namibia is ideal for those with an interest in the inspiring landscape of the oldest desert on the planet. The Namib Desert and Skeleton Coast are worth a visit by themselves, however when combined with colonial buildings of Namibia and its range of National parks, this is an incredible adventure.
