DAY 7 - Free time in Napier; head to Wellington

In 1931 Napier was destroyed by a massive earthquake that registered 7.9 on the Richter Scale. Following the wholesale destruction of the city, its centre was rebuilt in the popular Art Deco style of the period, creating a wonderful location to explore. We then head south, towards New Zealand's capital. Wellington has been New Zealand's capital since 1865 and its engaging mix of culture and art, combined with stunning harbour views and a backdrop of steep hills and precariously sited buildings, makes it one of the country's most captivating cities. On arrival we will have some free time take a wander through Wellington's engaging city streets.

DAY 8 - Free day to explore the capital

This morning we will visit the superb Te Papa National Museum, one of the finest museums in the world, filled with a staggering collection of Maori treasures, artworks and a unique Marae (Maori meeting house). The rest of the day is left free day to explore the New Zealand capital, Wellington. There are several options for you to do. The top of the cable car, a Wellington icon running from Lambton Quay, gives a great close-up view of the city. From here, you can visit the Observatory and stroll back through the 26 ha Botanic Gardens, extending all the way down to the parliamentary complex. Wellington has been the capital city since 1865, and the Parliament's Buildings, including the 'Beehive', are well worth visiting. Apart from its importance as the political centre, the city offers a large cultural choice of museums and art galleries and an abundance of cafes, restaurants and boutique shops. You could visit Zealandia and see some of New Zealand's rarest birds, reptiles and insects living wild in their natural environment, including the hihi, tuatara, saddleback, kaka and (at night) little spotted kiwi. Or simply enjoy a leisurely stroll along the harbourside, which is particularly beautiful on a fine day or when lit up in the evening.

This morning we cross the Cook Strait and head for the bustling port of Picton, at the head of the picturesque Queen Charlotte Sound. On arrival we drive west, following the coastline of the South Island to the town of Nelson. A lively city on New Zealand's north-west coastline, Nelson is a haven for hikers, beachgoers and kayaking fans, and is known as the 'sunshine capital' of the country. Located next to the wine making region of Marlborough, Nelson also has its fair share of wineries as well as being a great starting point for visiting the Abel Tasman national park, full of golden sandy beaches, rocky outcrops, seals and forest birds. On arrival you can explore the city, which is a magnet for artists and craftspeople and boasts a number of excellent galleries.

DAY 11 - Transfer to Hokitika via the scenic West Coast Road

We have an early start today as we head down the Great Coast Road towards the township of Hokitika at the mouth of the Hokitika River. This journey takes us on one of the greatest coastal drives in the world, passing through Punakaiki Rocks to visit the amazing coastal rock formations, as well as the seal colony at Cape Foulwind. The wild and rugged beauty of the west coast surrounds us on our journey, before finally arriving into the old gold mining town later this afternoon. Founded in 1864, Hokitika was once a thriving community of over 50,000, until the end of the gold seams saw its population drift away. Today it is home to around 4000 people and the gold has been replaced by paua (abalone) shell and greenstone (jade) jewellery. It still retains something of its old frontier spirit though and a stroll through its historic heart makes for an interesting diversion. The town was put back on the map in 2013, after it was used as the gold-rush era setting of the winner of the 2013 Man Booker prize, Eleanor Catton's *The Luminaries*.

DAY 12 - Visit Franz Josef Glacier en route to Fox Glacier

Crossing the Hokitika River this morning we head south, passing through native bush of Rimu (red pine) and Kahikatea (white pine). The first European to discover the west coast was Abel Tasman in December 1642. Long and thin and enclosed by the Tasman Sea to the east and the Southern Alps to the west, it is a land of glacial deposits and alluvium that flows from the rivers and glaciers of the Alps. There are some 60 glaciers in the park, but Franz Josef and Fox are the most famous. Up to 10 years ago the Franz Josef Glacier was one of the few glaciers worldwide that actually crept down below the vegetation line. Today however this glacier has receded so that one can only view it at a distance. This relic of the last Ice Age, named after the old Austrian emperor, Franz Josef Glacier had at times been moving forward at an astonishing rate of a metre a day for the last quarter of a century. Needless to say the whole landscape of this glacial region is quite fascinating and there are a number of optional excursions available today, including glacier valley walks, heli-hikes that take you up onto the glacier itself and scenic flights over both Franz Josef and Fox Glaciers. We overnight in Fox Glacier town.

Accommodation: High Peaks Hotel Fox Glacier (or similar)

DAY 13 - Explore Fox Glacier then travel via Wanaka to Queenstown

A short drive south this morning brings to the breathtaking setting of Lake Matheson, where weather permitting we are treated to a picture perfect image of Mount Cook reflected in the lake's dark, mirrored waters. Following this we will head to Fox Glacier, named after a former Prime Minister of New Zealand. The track from the car park along the glacial valley crosses a landscape of ancient moraine that testifies to the continual advance and retreat of the glacier over the centuries. Our journey then continues across the River Haast and away from the coast, passing through the beautiful scenery of the Haast River Valley as we snake our way through the Aspiring National Park and onto the town of Makaroa. After a brief stop to refuel and refresh, we head next for the lakeside setting of Wanaka, impressively situated amongst an encircling ring of mountain peaks before the still waters of a lovely lake. The final leg of our journey today then takes us on to Queenstown, New Zealand's adrenaline capital and the most popular resort town on the South Island. Surrounded by mountain peaks (including the famous Remarkables), and set on Lake Wakatipu, Queenstown is a stunning location to break our journey for the next couple of days.

Accommodation: Heartland Hotel Queenstown (or similar)

DAY 14 - In Queenstown; optional rafting or jet boat trip

Queenstown's spectacular lakeside location, with mountain peaks rising on all sides, makes for an impressive list of possible optional activities. This town is well known for its adrenaline-based activities such as jet boating or you may wish to tackle the Grade 3-5 rapids of the Shotover River. Another possible excursion is a half-day tour which combines a 90-minute jet-boat journey along the Dart River with a short hike into the rainforests of Mount Aspiring National Park and then heads back by 4-wheel drive to Queenstown, via Paradise (location of Lothlorien, Isengard and Amon Hen in the Lord of the Rings films). Bordering the Fiordland National Park, this trip takes you into some of the most beautiful wilderness areas in New Zealand. Alternatively, less active but equally rewarding options may be to sample some of the local Queenstown wines, or take a scenic boat trip on Lake Wakatipu on board the handsomely restored steamship the TSS Earnslaw.

Accommodation: Heartland Hotel Queenstown (or similar)

DAY 15 - Journey to Milford Sound; cruise to Te Anau

This morning we drive to the UNESCO World Heritage setting of Fjordland National Park and the stunning beauty of Milford Sound. Once described by Rudyard Kipling as the 8th wonder of the world, Milford Sound is a breathtaking setting of peaks and inlets that run some 15km inland from the Tasman Sea. Boarding a custom built boat, built along the lines of the old trading scows that used to ply these waters, we spend some time exploring the fjords and waterways of this incredible landscape this morning, looking out for dolphins, seals and penguins as we thread our way past towering cliffs and cascading waterfalls. Afterwards we then

continue to the lovely setting of Te Anau, the largest lake on the South Island and second only to Lake Taupo in size. If time allows on arrival it may be possible to undertake a tour of the Te Anau Caves (optional), a two and a half hour excursion that takes you across the lake then on a short boat trip into the depths of the region's famous glow worm caves.

DAY 16 - Continue to Dunedin wildlife spotting on the peninsula en route

Our journey today takes us across the spectacular Peninsula high road and on to the city they call the Edinburgh of the South. Dunedin was settled by Scottish settlers in the middle years of the 19th century and today presents a gracious setting of towers and spires that still retains something of its Gaelic heritage. Our route takes us via the town of Gore and, as we drive across country that was once home to Maori tribes and the great (but now sadly extinct) Moa, we take in the fabulous views out across the Pacific Ocean and Otago Harbour. Besides its Scottish ancestry, Dunedin is also famed for its wildlife, especially its albatross and penguin colonies, and this afternoon we will pay a visit to the Albatross Centre on the outskirts of the city. After a chance to wander around its exhibits and hopefully see a few of the famed birds in flight, we then hop onto our vehicle for a journey down onto Penguin Beach. Here we enter a world inhabited by yellow-eyed and blue penguins, fur seals and colonies of cliff-dwelling cormorants, all living together in complete harmony. A number of hides located along the beach-front allow us to view these remarkable animals in the wild, watching them go about their daily business free from the disturbance of human interlopers. At the end of our tour we return to Dunedin for the evening.

DAY 17 - Morning free, afternoon drive to Mount Cook via Moeraki Boulders

A morning of leisure allows a chance to see a little more of a city that can lay claim to a remarkable number of achievements. It was home to New Zealand's first university, as well as its first daily newspaper, first public art gallery and first public cable car system. It can also boast the country's first use of kerosene street lighting and its first chocolate factory! Indeed, in its heyday Dunedin was a progressive and vibrant centre of commerce, culture and education, an impressive claim for a city that lay at the ends of the empire. We depart the city and head north, stopping off to view the incredible boulders that lie strewn across Moeraki Beach, before continuing via the coastal town of Oamaru to the rural community of Omarama. Situated near the southern end of the Mackenzie Basin this is traditionally sheep country, but of late the region has also benefited from a growing reputation as one of the world's best gliding locations. For us though, it is our gateway into the dramatic vistas of the Aoraki/Mount Cook National Park (if anyone taking the optional helicopter flight).

DAY 18 - Return to Christchurch

Today we head towards Christchurch, stopping en route at the glacial Lake Pukaki, where we have the opportunity to admire the magnificent glaciers of Mount Cook (weather permitting). The Maori name for the highest peak in New Zealand is Aoraki, which translates as the 'Cloud Piercer'. We also stop at Lake Tekapo and visit the 'Church of the Good Shepherd', the oldest church in New Zealand, the view from the church window over the Lake and up to the snow-covered mountains of the Southern Alps is particularly beautiful. We arrive to our final destination in the late afternoon.

Clothing

You will need lightweight clothing, but also warmer clothing. Good rain gear is essential as is warm upper body clothing. Fine Merino products can be purchased in New Zealand and are warmer than synthetics. Please note that most accommodation in New Zealand has laundry facilities - washing machines and driers - available for guest use, and hairdryers are available in most places. Bring swimwear too.

Footwear

Comfortable shoes/trekking trainers. Sandals and/or old training shoes are useful if you want to do any whitewater rafting.

Luggage

20kg

Luggage: On tour

One main piece of baggage and a daypack. A backpack or soft holdall preferably with wheels may prove more convenient due to the variety of transport used on this tour. You will be required to carry your luggage to/from on/off coaches, trains and ferries.

Equipment

Bring a torch, a water bottle and sunscreen. Due to increased exposure risk in New Zealand, we recommend a minimum of SPF 30+. Due to lack of ozone, burn times are drastically reduced and adequate protection is a vital part of your holiday. Walking poles are useful on some walks. The diminutive biting sandfly (a type of blackfly) can be particularly bad on the west coast of the South Island. While their bites do not carry any disease, they can be particularly irritating for some people, the bite can itch dreadfully. Good

insect repellents need to be carried (best purchased in New Zealand, as these are specific for the New Zealand sandfly). A good effective mild analgesic is available to soothe any bites.

Tipping

Explore leader

At your discretion you might also consider tipping your Explore Leader in appreciation of the efficiency and service you receive.
