DAY 1 - Join trip in Muscat, take a dhow cruise on the Gulf of Oman

Arrive in Muscat and join the trip at the hotel. This afternoon there is the option of boarding a traditional dhow vessel and taking a cruise on the Gulf of Oman. The trip lasts for around an hour and a half and typically includes watching the sunset before arriving back into harbour, this can be booked locally.

DAY 2 - Explore Muscat on a city tour and visit the Grand Mosque

This morning we visit the Sultan Qaboos Grand Mosque; the largest mosque in the country with space for

up to 20,000 worshippers. This sandstone-made building features a huge Iranian made prayer map which took 600 women 4 years to make! This afternoon we will take an orientation tour of the city. Muscat displays intermingling ancient cultural heritage and modern style; we will see houses, gates, old markets, small shops and winding roads evocative of authentic history, side by side with busy markets, shops, buildings and streets stamped with modern architecture. On our tour we will visit Bait Al Zubair Museum, which is a centre of Omani art and cultural heritage. We will also have the chance to take a stroll along the waterfront of Mutrah, Muscat's oldest quarter and onto the souk.

DAY 3 - Drive across the scenic Hajar Mountains to Nizwa

This morning we will head out of Muscat in our 4WD and enter the Hajar Mountain range. This is one of the most beautiful drives in the country; we climb on steep bendy roads with views over ravines, mountains and fertile valleys. We stop at Bilad Sayt, a small village in the mountains surrounded by a patchwork of green irrigated fields. This village is so remote it can only be reached by 4WD, this means it has kept a traditional feel and is a stark contrast to how developed Muscat is. On our route we stop at Nizwa and we will visit the 17th century Nizwa fort, to climb the 40 metre tower and look out over the forest of date palms that circle the city. We will also have time to wander through the souk, selling a mix of traditional Omani handicrafts and fruit and veg. Our destination tonight is the town of Al Hamra, which is known for honey production and bee keeping, depending on our arrival time we hope to meet a local bee keeper this afternoon.

DAY 4 - Visit Jabreen Castle and cross the desert to Wahiba Sands

Today we head to the 17th century Jabreen castle. Jabreen is different to the other forts we will see on this trip as it was originally built as a palace during a peaceful time. This means the castle is designed to be aesthetically beautiful with decorated wooden windows and balconies, but the reason that most visitors come here is the intricate and colourful ceiling artwork. We then drive deep into the heart of the shifting sands of Wahiba. Laid out like a great ocean of sand the endless dunes are generally rusty red at the base and honey coloured on the top - an alluring landscape of changing contours and colours. The sands are home to the Bedu, nomadic tribesmen who roam the land with goats and camels, or live in small fishing villages. After meeting with a family and trying some local coffee with them we continue across the dunes brings us to the Wahiba Sands, our campsite for the night. This is a wild campsite in the desert. There are no showers or toilet blocks. These basic facilities ensure a true wilderness experience. Camping equipment is provided locally including a mattress, bed sheet, sleeping bag and pillow. Your tents will be erected by our camp crew on arrival to camp and our camp chef will provide all meals.

ACCOMMODATION:
Basic Desert Camp (or similar)

Grade: Simple Camping

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST AND DINNER

DAY 5 - Witness the annular solar eclipse in the desert; drive to the Arabian Sea

An annular eclipse occurs this morning, 26th December 2019; this phenomenon occurs when the moon and sun are directly in line, but it appears that the size of moon is smaller than that of the Sun, this then creates a bright ring, surrounding the dark circle of the moon. Weather conditions cannot be guaranteed, but the chance of clear, mostly clear or partly cloudy skies is around 82%.

Eclipse glasses will be provided to allow you to view this natural wonder safely and we will be accompanied by an expert astronomer to provide more information and answer any questions you may have.

After we have witnessed the eclipse we will break camp and drive to the Arabian Sea and the town of Ras Al Hadd and check in to our hotel. After dinner we take a short drive down to Ras Al Hadd beach which features a turtle conservation reserve. A local naturalist will lead us down to the beach where we will hopefully see turtles nesting. We are not in the high season for turtle sighting but there is generally nesting here year round.

DAY 6 - Follow the coastal road to Wadi Tiwi, walk amongst rock pools and banana trees

This morning we drive north along the coastal road, pausing at the port of Sur. Once a major trading port with East Africa, Sur represents the seafaring origins of Oman. We will visit the dhow shipbuilding yard, however as it is a Friday we cannot guarantee we will see dhows being built today, though either way we will have a wander around the yard. Our destination today is Wadi Tiwi, a narrow yet deep gorge carved out of the mountains; the valley floor is punctuated with crystal clear rock pools and banana plantations. Upon arrival our leader will take us on a 2 hour round trip to the old stone houses of Harat Bidah, the walk to the village is fairly easy, with only some small inclines. We are wild camping at Wadi Tiwi and those that do not want to walk can relax around camp. This is a wild campsite. There are no showers or toilet blocks. These basic facilities ensure a true wilderness experience. Camping equipment is provided locally including a mattress, bed sheet, sleeping bag and pillow. Your tents will be erected by our camp crew on arrival to camp and our camp chef will provide all meals.

DAY 7 - Swim in the Bimah sinkhole and Wadi Arbayeen, return to Muscat

Continuing north we stop at the spectacular Bimah sinkhole, a huge limestone crater with blue green water at the bottom there is time for a swim here before we move on to Wadi Arbayeen. This Wadi has a deep pool of water, set amongst date palms and a rugged rocky backdrop. There is another opportunity for a swim here and a short walk around the area. We will then continue on our way to back to Muscat, we aim to arrive mid-afternoon so there will be some time to do some shopping and exploring on arrival.

Climate

The annual rainfall in most parts of Oman does not usually exceed 125mm, although in the north (the Jebel Akhdar mountain area), it can exceed 20-25mm per month in the December to February period. The coastal areas have a hot and humid season from May to September (up to 38 degrees C), although temperatures remain high throughout the year. Inland the humidity is lower, and nights are cooler in winter when there can be frost in the desert. There is perpetual sunshine throughout the year.

Budgeting and packing

Clothing

You will need lightweight clothing for sunny days, with a sunhat and neck protection. You will also need some warmer clothing for the evenings. Nights camping in the desert and along the Arabian coast can be cold in winter, so please bring a warm jacket or fleece. Bare shoulders and legs cause offence outside main cities and hotels. Therefore women should cover up when visiting villages. At our wild camping spots shorts are fine. Women are advised not to wear shorts or dresses that are too revealing as this can attract unwelcome attention in towns - loose fitting trousers are ideal. Women should also cover their head and shoulders when entering a mosque and men should wear long trousers.

Footwear

Comfortable walking shoes or boots, trainers (that you don't mind getting wet) and sandals.

Luggage

20kg

Luggage: On tour

One main piece of luggage and a daypack. Dust-proof bags will be needed for luggage whilst travelling through the desert.

Equipment

A personal water bottle is useful and a small torch essential. A sleeping bag is provided, but if you would like to bring your own then we recommend a 2/3 season.

Please note that flying drones or remote controlled flying devices without a valid licence is against the law. Further information can be found at www.paca.gov.om

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow £25.00 per person for group tipping

Oman

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.
