Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Valparaiso, Chile

This expedition starts in the wonderful, colourful and poetic city of Valparaíso. One of the best ways of seeing this scenic town is through its funiculars. These constructions, which are scattered around the entire natural amphitheatre surrounding the city, allow sweeping views of the bay, and highlight the multi-hued houses, creating a rainbow of colour and light. Stroll Valparaiso's narrow streets, climb its endless staircases and discover something new at every turn: a beautiful building, a remarkable art gallery or some little gastronomic find. Don't forget to explore the port and fishing piers, where you'll get a real feel for Chile's quirky seafaring side. We also recommend a visit to the UNESCO-listed Historic Quarter, before embarking on M Fram.

DAY 4 - Cosmopolitan Castro

Located on Isla Grande de Chiloé, Castro is set among windswept hills and green vegetation. The city is known for its colourful palafitos, wooden houses mounted on stilts along the water's edge. Come ashore and enjoy the local Chilote character and curious energy, mixed with a dash of modern development. The Iglesia San Francisco is a UNESCO World Heritage Site. The church is a visual delight: bright yellow and orange with a lavender trim. The varnished-wood interior is stunning. On a sunny day it is illuminated by

the rows of stained-glass windows. Other sights include Plazuela del Tren, a small plaza right by the waterfront, with a collection of old trains. Feria Campesina Yumbel is a bustling fruit and vegetable market and it is worth having a stroll through. There are also household goods and fish stalls here. In the shop Feria Artesanal Lillo, located just south of the port, you can buy excellent hand-knitted woollen goods and handicrafts. Most of the restaurants and cafes in Castro are concentrated along the Calle Blanco, running from the southern end of the plaza down to the waterfront, this is where you can get a taste of the renowned meat, potato and seafood stew. Join the excursion to the Chiloé National Park and go trekking in this evergreen forest. The area is largely unexplored by man and harbours flora and fauna unique to the archipelago, as well as wide deserted beaches and long stretches of rugged coastline, home to dozens of seabird species, penguins and sea lions.

DAY 6 - Puerto Eden

After an unforgettable cruise through Patagonian waters, the unique village of Puerto Edén will enchant you. It is a tiny village in Bernardo O'Higgins National Park. Puerto Edén is known for its geographical isolation, situated at the end of a deep fjord and surrounded by mountains. Its population of 250 people includes the 15 remaining members of the Kawéskar people. Puerto Edén is a great place to experience the traditional indigenous culture of Patagonian tribes. The villagers sell fish, mussels and shellfish

products, which are taken to markets by a weekly transport boat. For souvenirs, buy traditional Kawéskar crafts such as wicker baskets and small boats made from sea lion skins and tree bark. Enjoy a stroll among the lanes and maybe you will spot one of the many Magellan hummingbirds that you find here.

DAY 7 - Torres del Paine National Park

Puerto Natales is the gateway to the world-renowned Torres del Paine National Park, one of the most attractive national parks in the world. Its main attraction, which are the towers themselves, is the impressive rock formation called Torres del Paine (Towers of Paine.) The towers are made up of the Torre Central which is 9,186 feet high, Torre Sur at 9,350 feet and Torre Norte 7,375 feet. The park encompasses azure lakes, trails that meander through emerald forests, roaring rivers with rickety bridges and a huge, radiant blue glacier. Variety spans from the vast openness of the steppe, to rugged mountain terrain, topped by looming peaks.

DAY 10 - Cape Horn and the Drake Passage

In the morning we will be sailing through the Beagle Channel, named after the ship that carried Charles Darwin on his voyage of discovery - HMS Beagle. We continue into open waters, and if conditions allow, we will make an attempt to land on Cape Horn, the southernmost tip of South America. Going ashore can be very difficult because of the extreme weather in this area. This is the southernmost point of Chile and South America and lies almost 56 degrees south, marking the boundary between the Atlantic and Pacific Oceans and the northern end of the Drake Passage. The region is of great significance on account of its location, history, discoveries and trade routes. If we anchor off Cape Horn, you will be able to go ashore to explore this deserted and yet romantic piece of land at the end of the world. We then continue over the Drake Passage, where two oceans meet, as we make our way down to Antarctica. On the way through the straits you can learn a great deal about Antarctica's fantastic history and wildlife, through the on-board lectures, presented by the expedition crew.

DAY 11 - Drake Passage

This sea passage was notorious among the early polar explorers and is a unique voyage which only a few have had the chance to experience. The Drake Passage connects the southern Atlantic and Pacific oceans. Here the warm water from the north meets the cold, less salty water from the south. This makes the ocean particularly rich in nutrients and is the basis of the unique marine life found here.

This unending, white wilderness of a continent is full of overwhelming impressions on an impressive scale. Weather, wind and ice conditions will of course have a great influence on our programme and schedule and your experienced expedition team will select possible landing sites that will provide you with the best experiences available. With long hours of daylight that we have in Antarctica at this time of the year, it is easy to make the most of your days. While in Antarctica, we will attempt to land on sites both on the South Shetland Islands and on the Antarctic Peninsula. Flexibility allows us to take advantage of the unexpected and to make the most of potential wildlife sightings.

The expedition team will explain what you see and ensure we do as little as possible to disturb the local wildlife. Enjoy experiencing Antarctica with all your senses. Kayaking in untouched waters with icebergs floating by, guided hikes up snowy pathways to spectacular viewpoints, listening to the sounds of glaciers calving or penguins squabbling, or perhaps for the most daring, taking the polar plunge swim. Every day will be different, carefully crafted by our

expedition team to educate you and create lasting memories.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Whilst landings are included in the cost of your trip, as per the outline itinerary, there are many optional excursions available on your voyage that can be pre-booked with the ship operator directly. These will be charged at an additional fee, depending on the excursion, and we recommend booking these in advance to ensure availability. Please speak to a member of our Polar team who will advise you on the booking process.

Clothing

Pack comfortable, casual clothing for all activities. Wind and waterproof outer layers are essential, and a jacket is provided in the cost of the cruise. Beware of tight clothing that leaves no room for trapped air, which is an excellent insulator. Wool, silk and some of the new synthetic fibres, like polar fleece, retain heat better than cotton.

Parkas

A wind and waterproof jacket is provided as part of the cost of your holiday.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing

Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Waterproof boots are available on-board, free of charge. Ensure that you take good walking boots with you and comfortable trainers or grip-type shoes, for relaxing on the ship and for when out on deck.

Luggage

15Kg

Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Please note that a 15kgs luggage weight limit is sporadically enforced on the internal flight to Ushuaia, occasionally charges may be levied against passengers taking luggage in excess of 15kgs.

Equipment

Sunglasses and sun cream

Personal toiletries

A refillable water bottle

Books/reading material

Camera and memory cards (and something to protect the camera when out in the elements)

Seasickness remedy

Walking poles

Tipping

Local crew

Tipping is collected at the end of the voyage and is divided among the crew. Tipping is a very personal matter and the amount you wish to give is at your discretion, but as a generally guideline, we suggest US\$12 per person per day.

Argentina

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.
