Binoculars - these are a must on the tundra. For optimal viewing, we suggest those with specs between 10x42 and 8x42. You may even try 8x35, but only if they contain high quality glass. Sunglasses (with UV protection)

Prescription glasses/contact lenses

number of Yaktrax available for guest use in Churchill.)

Small flashlight or headlamp (with spare batteries) - recommended for the evening tundra excursion

Toiletries

Dry skin lotion

Sunscreen & lip balm (SPF15+) Bring protection for your hands, face, and lips, as the reflection off of the snow and ice can be intense.

Small medical kit

A refillable water bottle is also ideal for day to day use.
