Realm of the Polar Bear - Expedition

NORWAY, SPITSBERGEN - TRIP CODE ACS

POLAR

Why book this trip?

Starting in Longyearbyen, we leave civilisation behind. Our aim is to sail this remote polar region in order to experience the arctic wilderness, drift ice, flora and fauna. The further north that we sail, the more ice we will meet, and this ice will gradually build up into large ice floes with seals resting on them. This is polar bear country, where the bears hunt for food and you will have the chance of seeing the 'King of the Arctic' in his natural habitat.

- **Search for polar bears** - the King of the Arctic is often seen patrolling the ice in search of food
- **See an intoxicating mix of wildlife** - walruses, Arctic foxes, seals and sea birds
- **Discover deep fjords** - enjoy ice blue glaciers & sculpted icebergs

Country information

Norway

Climate

Seasonal Climate Despite the northern latitudes the climate in Norway is not extreme, due to the affects of the North Atlantic Drift. Between May and September is the best time to visit this region, with summer temperatures reaching the high teens and rain a regular feature year round along the coast. North of the Arctic Circle the sun does not set between the middle of May and the end of July, so you can expect to encounter the midnight sun during this period.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

To add to your polar adventure, kayaking is available as an optional excursion on some of our departures from GBP 509 per person. This optional extra is only available if you book prior to departure - please speak to one of our polar experts for availability and to reserve your place.

Clothing

Parkas
This will be provided by the ship operator. Please register your size with us before travel and we will arrange for your parka to be available in your cabin on arrival.
Gloves
Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).
Hat/Cap
Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.
Trousers
Water-resistant trousers of coated nylon or, even better Gore-Tex®, are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc. are also good.
Socks
Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.
Outer Clothing
Woollen, knit or cotton jumpers/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.
Underclothing
Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Complimentary, used, waterproof boots will be supplied onboard. However, guests might want to bring their own if they are the following sizes due to the limited quantities onboard:
- men's UK size 12 & 13 1/2
- women's UK size below three & seven and above
Guests must bring their own if they are:
- men's UK size six 1/2 or smaller
- men's UK size 13 1/2 or larger
- women's UK size two or smaller
- women's UK size nine 1/2 or larger
These are rubber, waterproof boots that are just below your knees with a strong, ridged non-skid sole. You usually have to step from the Zodiac into icy water up to 30 cm high on most landings. Do not bring heavy, cumbersome boots that make it difficult to walk or boots with metal cleats, as they cannot be used for landings. For maximum warmth, wear loose-fitting boots and two pairs of socks. Try out your boots before the voyage.

Tipping

Local crew
Tipping is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction. The suggested amount is USD $10 - 15 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline. The money is collected by the Hotel Manager at the end of the voyage and distributed among the crew and Expedition Staff. The Officers choose not to participate in the tipping pool.

Transport Information

Expedition, Zodiac

Ship description

At a nimble 105 metres (345 ft) in length, with a capacity to hold 132 guests, the Expedition is an ideal vessel to ply polar waters. The ship is large enough to provide stability, speed, spacious cabins and ample public space, yet she is small enough to manoeuvre in remote areas and get you close to the action. Ship stabilizers ensure a smooth ride in rough waters, such as the infamous Drake Passage, allowing you to enjoy more of your time at sea. A fleet of ten zodiacs allows passengers to get out and actively explore the remote shores of our destinations. The Expedition is a speedy vessel. A top speed of 16 knots means you'll spend less time getting from A to B, and more time to explore your surroundings.
