Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip in Longyearbyen

Arrive in Longyearbyen, the largest settlement on the Svalbard archipelago. The town has a population of 2,060 people and about as many snowmobiles! Longyearbyen is located at 78°13N 15°33E and has an arctic tundra climate. Due to its location far north of the polar circle, it experiences polar night from mid-October to mid-February and polar day from mid-April to mid-August.

Arrive before 2pm on the first day of the tour. An arrival transfer is included if arriving in on day one of the itinerary. Upon arrival into Longyearbyen airport (LYR) please collect your luggage and look for a representative in the Arrivals Hall, holding a sign with your name on it. If you have booked your flights independently, please make sure that you have advised us of your arrival flight details, so that a transfer is booked for you. Be sure to keep all of your important documents - i.e. passport and travel insurance, and also your medication in your hand luggage, as your main luggage will be transferred separately to the ship.

There are no activities planned today so you will have time to visit the town before embarkation commences at 4pm. Perhaps you might choose to explore the town and the few shops that are located in its small centre. If you have extra time in Longyearbyen, we would recommend a visit to the Svalbard Museum, or take a tour of the Svalbard Brewery or Coal Mine Number Three. For longer stays, it's worth pre-booking the Northern Lights dinner at nearby Camp Barentz.

DAY 2 - Around Spitsbergen

Each day will be planned to take advantage of local ice and weather conditions. Svalbard is one of the few places on the planet to offer so many natural and historical extravaganzas. We will spend the next eight days exploring the remote polar regions. Visit ice covered fjords with breathtaking mountain scenery and glaciers crashing into the sea around us. Spend time steaming through the ice in search of polar bears hunting seals. At one or more of the stops, we hope to see one of Svalbard's species of reindeer. Some years it is possible to sail through the Hinlopen Strait to attempt a circumnavigation of the archipelago early in the season, while other years there is a great deal of ice, which makes it harder to navigate around. We recommend the early tours for those who are keen to see large ice floes and the richest bird life. For those who would rather travel further east with the chance to sail around Spitsbergen, we recommend a tour later in the season. The final itinerary is dependent on ice and weather conditions, which have to be assessed during the voyage.

DAY 3 - Around Spitsbergen

Krossfjord, Konigsfjord, Monaco Glacier, Edgeoya, Hornsund and Bellsund, are just a few of the places that we may visit, depending on ice and weather. We hope to cruise in zodiacs along the ice edge, viewing seals, walrus or polar bears and in fjords with glaciers spilling down to the sea. We'll enjoy spectacular seabird cliffs from the edge of a Zodiac, as well as walks on shore, enjoying the arctic flora and fauna. Being in the land of the polar bear, your expedition staff will carry rifles and flare guns on shore for your protection. We take on an expedition spirit by not having a set itinerary and are free to take advantage of the best that Svalbard has to offer.

DAY 4 - Around Spitsbergen

Whilst people are initially drawn to this region for polar bears, Spitsbergen also has a prolific birdlife on offer. Enjoy the spectacular bird cliffs, filled with thousands of murres (guillemots), as well as kittiwakes and glaucous gulls and soak up the sound of these chirping, feathered creatures. A little auk colony will also be on our agenda.

DAY 5 - Around Spitsbergen

The Svalbard region is a land of history: from whaling to reaching for the pole, to trapping, coal mining and war. There is some evidence of the whaling industry on some of the landings and the on-board lectures, will give you a bit more insight into the history of this region.

DAY 6 - Around Spitsbergen

DAY 7 - Around Spitsbergen

We will spend time in zodiacs, cruising around the iceflows and may encounter some lounging walrus with their young. There will be more landings, with different options for walks, to suit all members of the group. The walks are normally divided into slow, medium and fast paced groups and depending on whether you want to take photographs near the beachfront, or hike up to the highest point, you can vary which option you choose each day.

DAY 11 - Trip ends in Longyearbyen

The trip ends after breakfast on board the ship at approximately 8am.

There are no activities planned today, so you are free to depart at any time and you will receive a complimentary transfer at the end of your trip. For those on morning flights, a transfer will take you directly to Longyearbyen Airport (LYR). For those on later flights, you will be transferred to the luggage storage point at the Radisson Blu Polar Hotel and given time to explore the town, before being transferred to the airport later in the day to meet onward flight schedules. Transfer times will be confirmed and communicated on board the ship, prior to disembarkation. Luggage storage at the

Radisson Blu Polar Hotel will be available until the time of departure.

Due to restrictive airline schedules of flights departing Longyearbyen, we are pleased to offer an early morning disembarkation and transfer to the airport for any passengers with flights departing Longyearbyen around 2.30am (depending on airline schedules).

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

To add to your polar adventure, kayaking is available as an optional excursion on some of our departures from GBP 509 per person.

This optional extra is only available if you book prior to departure - please speak to one of our polar experts for availability and to reserve your place.

Clothing

Parkas

This will be provided by the ship operator. Please register your size with us before travel and we will arrange for your parka to be available in your cabin on arrival.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better Gore-Tex®, are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc. are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing

Woollen, knit or cotton jumpers/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Complimentary, used, waterproof boots will be supplied onboard. However, guests might want to bring their own if they are the following sizes due to the limited quantities onboard:

- men's UK size 12 & 13 1/2
- women's UK size below three & seven and above

Guests must bring their own if they are:

- men's UK size six 1/2 or smaller
- men's UK size 13 1/2 or larger
- women's UK size two or smaller
- women's UK size nine 1/2 or larger

These are rubber, waterproof boots that are just below your knees with a strong, ridged non-skid sole. You usually have to step from the Zodiac into icy water up to 30 cm high on most landings. Do not bring heavy, cumbersome boots that make it difficult to walk or boots with metal cleats, as they cannot be used for landings. For maximum warmth, wear loose-fitting boots and two pairs of socks. Try out your boots before the voyage.

Tipping

Tipping is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction. The suggested amount is USD \$10 - 15 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline. The money is collected by the Hotel Manager at the end of the voyage and distributed among the crew and Expedition Staff. The Officers choose not to participate in the tipping pool.

Expedition, Zodiac

Ship description

At a nimble 105 metres (345 ft) in length, with a capacity to hold 132 guests, the Expedition is an ideal vessel to ply polar waters. Ship stabilizers ensure a smooth ride in rough waters, such as the infamous Drake Passage, allowing you to enjoy more of your time at sea. A fleet of ten zodiacs allows passengers to get out and actively explore the remote shores of our destinations. The Expedition is a speedy vessel. A top speed of 16 knots means you'll spend less time getting from A to B, and more time to explore your surroundings.
