

Realm of the Polar Bear In Depth - M/V Greg Mortimer

ARCTIC, SPITSBERGEN - TRIP CODE GMSO

POLAR

Why book this trip?

Revel in the diversity of the Svalbard Island and sail into the kingdom of the polar bear. We explore the coastline, with no open sea crossings, against a backdrop of spectacular glacier-covered peaks. We discover deep fjords in the west; mysterious, fossil-rich desert plains in the east and best of all, seal and whale in the Arctic pack ice. This voyage offers the best chance for seeing reindeer and polar bear and features wildflower walks across sweeping tundra, trapper camps and historic sites. On foot and by Zodiac, we visit abandoned whaling settlements, search for walrus, Arctic fox and reindeer and observe millions of migratory birds, including little auk, guillemot and puffin.

- See the mighty polar bear - the King of the Arctic
- Visit the bird cliffs of Alkfejlet - where thousands of Brunnich's guillemot swirl around

- See walrus - lounging around on ice floes
- Get up close to the wildlife - as you cruise by Zodiac

DAY 1 - Trip starts in Oslo

Arrive into Oslo (OSL) and make your way to the airport hotel, across from the terminal building. Upon check-in, reception staff will provide you with your cabin tags. Please fill out the luggage tags clearly, showing your name and cabin number so that your luggage is delivered to the correct cabin. Enjoy a welcome drink at the evening briefing and meet fellow expeditioners, before spending the night in preparation for your flight to Longyearbyen.

DAY 2 - Fly to Longyearbyen and embark the MV Greg Mortimer

Fly to Longyearbyen in the morning. Upon arrival, you will be met by a representative to commence a tour of Longyearbyen. On the drive to Camp Barentz located in the Advent Valley, your guide will give you an introduction to Longyearbyen's fascinating history. At Camp Barentz enjoy a presentation in the large lavvo - a traditional building common in northern Norway. You will also have the opportunity to meet the friendly huskies and perhaps pick up some souvenirs. A visit to the Svalbard museum is included back in town, before embarking the vessel in the late afternoon. You will have time to settle into your cabin before the safety briefings. Your voyage commences, cruising out of the beautiful Isfjorden, escorted by gliding fulmar and perhaps the occasional puffin. Find a spot in one of the observation areas watching seabird, including graceful ivory gull, kittiwake and guillemot. They rise and fall skilfully, using the air currents created by the ship to gain momentum.

Please note : sometimes our ship is unable to dock in Longyearbyen port due to space and capacity. In these instances, you will reach the ship by Zodiac. Please ensure that you keep your wet-weather gear in your hand luggage to use in the Zodiacs, if this situation arises. You will be advised if this is required at your briefing in Oslo on Day one.

Moving onto Waggonway Glacier, we'll take long walks among summer flowers, keeping alert for reindeer and Arctic fox. Thanks to the nutrient-rich Gulf Stream and relatively mild temperatures, Atlantic puffins and guillemots fill the cliffs.

Look out for bearded seal, with their precious curled whiskers. Our itinerary depends on weather, snow and ice conditions and of course, the presence of wildlife.

Offshore, walrus feed on clam or haul out onto beaches, especially on Moffen Island - a walrus sanctuary. We visit trapper huts and stay alert for reindeer and Arctic fox. Delightful walks reveal delicious berries and some of the tundra's 164 exquisite flowering plants including purple saxifrage, yellow spider plants and Svalbard poppies. DAY 8 - Discover Hinlopen Strait and Alkefjell

We attempt to pass through narrow Hinlopen Strait, a channel flanked by austere, cream-coloured slopes, rich in fossils between Spitsbergen and ice-capped Nordaustlandet. This polar desert is a landscape eroded by severe frost. Even in summer, pack ice could bar our way, but there is much to strive for. We Zodiac cruise beneath Alkefjellet, sheer basalt cliffs rising at more than 250 metres - literally buzzing with some 200,000 nests of Brunnich's guillemot.

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were

originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Whilst landings are included in the cost of your trip as per the outline itinerary, some departures aboard the MV Greg Mortimer have additional optional excursions which can be pre-booked with the ship operator directly. These will be charged at an additional fee, depending on the excursion and we recommend booking these in advance to ensure availability. Please speak to a member of our Polar team who will advise you on the booking process.

Clothing

Parkas

A complimentary parka is provided for you on board the ship and is yours to keep after the voyage. It has a comfortable wind-resistant inner jacket, which is detachable from the waterproof outer shell, and is designed to be worn over your essential base layers.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own. Also ensure you take good walking boots and trainers for relaxing.
